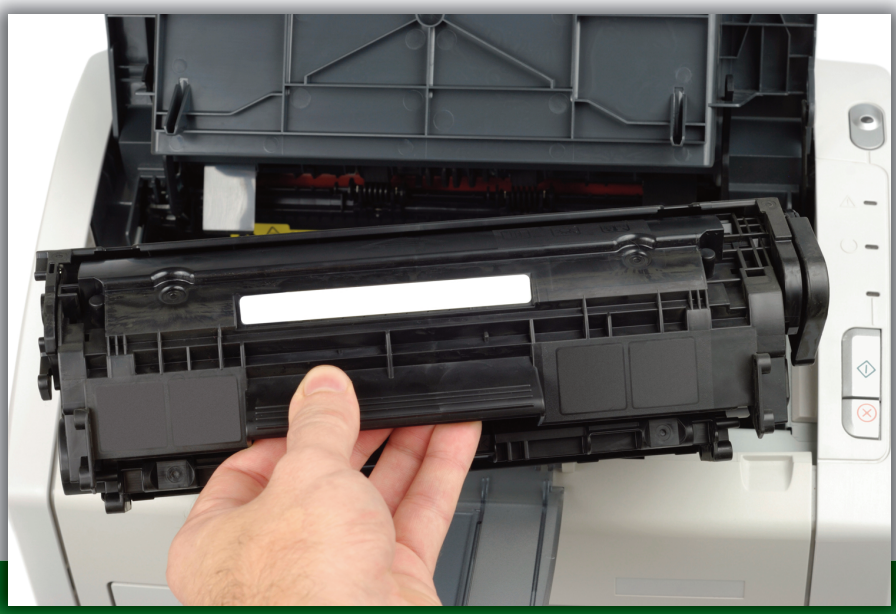
RECYCLE
PRINTER TONER CARTRIDGES

To recycle toner cartridges for printers, fax machines, and copy machines, send via inter-office mailed CMS mail messenger to State Surplus or drop off.

Copiers/Fax Machines/Laser Printers: place the empty toner cartridge in the original box, then; seal it. If the original package is not available, use a similar box. Unfortunately, the program is unable to accept leaking or unpacked toner cartridges.

Used toner cartridges should be inter-office mailed or dropped off at:


CMS I-Cycle
