

Dear Legislator,

Community Investment Works is a comprehensive approach to address youth violence in Illinois' communities this year. The three-part plan will invest in economically distressed and high-crime communities throughout the state. This plan will:

1. **EMPLOY** – Provide up to 20,000 summer jobs for youth.
2. **ENGAGE** – Provide after-school and community programs for youth.
3. **REBUILD** – \$100 million in capital to invest in rebuilding communities, creating jobs and public safety.

Sincerely,
