Disaster Damage:

The upper Midwest and the state of Illinois was hit with heavy rains in 2008 and as a result suffered significant damage and financial impacts. The statewide average precipitation in 2008 was 50.7 inches, 11.4 inches above normal and the second wettest year since 1895. Based on preliminary data, the statewide average precipitation for September 2008 was 7.98 inches, making this the third wettest September on record (going back to 1895) for Illinois. Chicago (at O'Hare airport) reported 6.64 inches on September 13, 2008 setting a new record for the most rain in one calendar day in Chicago's history.
Major flooding in three regions of the state kept the State Emergency Operations Center (SEOC) activated for more than three weeks in June and early July. A large contingent of state resources, including more than 1,400 Illinois National Guard troops, was activated to help communities along the Mississippi River and other rivers in northern and southeastern Illinois battle floodwaters. In total, 26 levees overtopped or breached along the Mississippi River between Rock Island, Illinois and St. Louis, Missouri. Six of the 26 overtopped or breached levee systems are located in Illinois. As a result of the June 2008 flooding, 25 Illinois counties were declared federal disaster areas per FEMA-1771-DR. Twenty-one of these 25 counties are located along the Mississippi, Embarras, and Wabash Rivers. The state&rsquos requests for federal disaster assistance for people and businesses in 18 counties and for local governments in 22 counties were approved by FEMA, bringing welcomed relief to many persons in these flood-battered areas. HUD previously allocated $17,341,434 to assist these counties in their efforts to recover from the devastation caused by the severe flooding.
Flooding in September again ravaged homes, businesses and communities. Heavy rains, including precipitation from Hurricane Ike, caused extensive flooding in the northern and central regions of the state in September. The severe flooding caused tremendous damage, which, in turn, left most communities without electricity for days, and many for weeks. The state was successful in getting federal assistance for people and businesses in nine counties, as well as federal reimbursement for some flood-related expenses incurred by local governments in 13 counties. A total of 41 counties were included in FEMA 1800-DR, FEMA 1771-DR and FEMA 1747-DR.
The following counties were declared eligible for federal assistance in the three 2008 Disaster Declarations:
Illinois Counties Declared Under FEMA-1800-DR (These Counties must be Supported by IL CDBG 1800 Disaster Recovery Funding) - Bureau County, Cass County, Cook County, DeKalb County, DuPage County, Greene County, Grundy County, Kane County, Kendall County, LaSalle County, Macoupin County, Montgomery County, Peoria County, Scott County, Will County, Woodford County

Illinois Counties Declared Under FEMA-1771-DR (These Counties may also be Supported by IL CDBG 1800 Disaster Recovery Funding) - Adams County, Calhoun County, Clark County, Coles County, Crawford County, Cumberland County, Douglas County, Edgar County, Greene County, Hancock County, Henderson County, Jasper County, Jersey County, Lake County, Lawrence County, Madison County, Mercer County, Monroe County, Pike County, Randolph County, Rock Island County, St. Clair County, Scott County, Whiteside County, Winnebago County

Illinois Counties Declared Under FEMA-1747-DR (These Counties may also be Supported by IL CDBG 1800 Disaster Recovery Funding) - Iroquois County and Livingston County

Recovery Needs:

ECONOMIC IMPACT
Small Business Economic Impact
According to preliminary estimates from the US Small Business Administration (SBA), Illinois' small businesses experienced approximately $43 million in economic losses from flooding and other disasters in 2008. As of September 2009, 1224 Illinois small businesses in areas affected by 2008 flood and storm disaster have been approved for SBA loans. Approximately 1224 businesses experienced at least some business interruption. The state must have resources to provide low-cost financing, grants and technical assistance to businesses in order to

jumpstart its economic recovery. Funding for small businesses in impacted Illinois communities needing financial support will be prioritized under the economic development program, as part of this disaster plan.
Large Business and Other Economic Impact
The 2008 disasters forced many families out of communities that were impacted by severe flood damage. Employers need their workforce back in their communities. Accelerated provision of temporary affordable housing and the development of permanent affordable housing are critical for the state&rsquos employers to get back into commerce and expedite recovery. Funding is needed to support impacted Illinois communities with large businesses needing financial support to remain or locate in these areas of the state. Resources will also be prioritized for support to these communities under the economic development stimulus program, as part of this disaster plan.
HOUSING IMPACT
Over 5,500 homes were impacted by the storms and flooding. According to data provided by FEMA and SBA, it is estimated that there remains approximately $172,069,178 in unmet housing needs in the affected counties for the 2008 floods. As of September 2009, $48,115,937 was been approved for disaster housing assistance to help with temporary housing and home repairs for FEMA 1800-DR alone. The Department will consider the damage rating level among other criteria in approving funding to assist residents in affected counties. Damage level is rated by FEMA from "affected"(insignificant"), "minor" (low), "major" (significant) and "destroyed" (high).The State will prioritize resources to assist homeowners repair and rebuild their homes. Resources will also be provided to build affordable rental housing for the workforce as well as those that were displaced due to flooding.

PUBLIC INFRASTRUCTURE IMPACT
The state estimates more than $94.6 million in public infrastructure damage requiring short term recovery assistance in counties declared under federal DR 1800 and DR 1771 in 2008. To address this damage, the state has or will receive approximately $75 million in emergency response and immediate recovery activities through funds made available under FEMA. The difference remaining after FEMA funding is approximately $31.6 million and represents the current unmet, short term financial need identified in affected counties as of September 2009. In addition to addressing short term need, the supplemental appropriation also will support communities in long term disaster mitigation strategies, to avoid the level of damage and severe impact resulting to communities. The extent of the impact to affected areas in Illinois in 2008 made the state one of several eligible for this disaster recovery assistance to address both short and long term recovery, restoration and mitigation needs in these counties.

Note that the Progress Toward Activity Type Target for Affordable Rental Housing is being calculated incorrectly by DRGR. Target with added Disaster Recovery Enhancement Funding remains at $18,950,911, not $21,694,400 as reported by DRGR. Note also that the Progress Toward National Objective Target for LMI is calculated incorrectly by DRGR as 50% of the entire grant amount, rather than 50% of the grant amount minus admin and planning funds.

Overall Progress Narrative:

Disbursements reached 50.5 percent in September. Grant obligations reached 95 percent this quarter. DCEO renewed the two contracts with the vendor this period to extend vendor services through August 31, 2014. The application period for ED and CSP was closed in late September 2013. It is anticipated that DCEO will complete the remaining awards and obligate the remaining funding by the end of 2013. General management and overall administration of the Ike Disaster Recovery Program continued and included guidance and support of applicants and potential applicants for Economic Development and Community Stabilization Programs. This quarter included on-site monitoring by HUD and on-site monitoring of the vendor by DCEO, both in July 2013; completion of DRGR action plan updates, data entry and submittal of 2013 Q2 QPRs; internal program quality control review of files; ongoing updates of program policies and procedures and ongoing state and HUD program reporting and oversight. Continued efforts in completing all awards for remaining unobligated funds through frequent meetings and discussions on the eligible applicants, anticipated deobligations of unused funds, the status of administration funding amounts and modification of the project budgets to allow funding of selected and anticipated awards.

For the Affordable Rental Program, ten activities are under construction and construction is complete for four activities. The interagency agreement renewal was completed and financial budgets were modified. IHDA continued with the official award of one new activity to fund and two activity budgets were increased.The grant will be on target to meet the affordable rental target once the final award is finalized. Provided technical assistance on August 7, 2013 and a second monitoring visit was conducted on September 24 and 25, 2013.

For the Business Assistance Program, provided technical assistance on August 2, 2013 and September 26, 2013 to review job creation reporting and documentation and other administration requirements. Continued desk monitoring of previous and current reports and documentation to verify submitted information.

For the Community Stabilization Program, additional applications continued to be received and reviewed.Completed

grant agreements for two projects; initiated a grant agreement for a third project. Modifiedgrant agreements to revise grant end date and funding amounts. Completed four more environmental site specific reviews and continued with environmental review for three other projects. Assisted with construction bidding requirements and one project bid advertised this period. Continued to provide technical assistance on program requirements and two visits were made this period to Chicago and Phoenix. The recipients of the housing rehab funds in the Community Stabilization Program continued with acquisition and rehab this period; 8 are being rehabbed currently; 18 property rehabs are complete and 11 properties have been sold to LMI qualified home buyers to date.

For the Economic Development Program, additional applications continued to be received and reviewed.Continued with preparing grant agreements for the two new awards made in the previous quarter. Completed participation and loan docents for one award; project will be initiated in the next quarter. Initiated closeout for one completed activity. Construction continued for a new business facility and construction was substantially completed for a road being reconstructed.

For the Housing Rehab and Repair program, continued with inspections and work write up preparation for 6 properties this period; all 85 of the eligible properties to date are complete. Three property owners withdrew after the inspection and only 82 property owners are now participating in the program. Completed site specific environmental reviews for 15 properties; 82 completed to date. Only two site specific environmental reviews remain to be completed. Advertised for bids for 25 more homes in 7 separate bid packages; the remaining 2 homes will be advertised for bid by November. Conducted prebid home walk through's and answered bidders questions, updated bid documents and issued bid addenda as needed. The bids were opened and reviewed and the contractor was selected for 37 homes this period; 80 to date. The construction contracts were signed for 52 homes this period; 78 to date. Collected payment for duplication of benefits from homeowners and escrowed the funds for use in first contractor payment. Construction was initiated on 44 houses; 51 to date. Construction is about to start for another 19 homes. Construction was substantially complete for the first 7 homes. Reviewed and responded to construction submittals, requests for information and change order requests. Initiated construction inspections for payment requests.

For the Planning Program, continued to assist in preparing RFPs or RFQs to procure planning professionals; 66 RFPs or RFQs have been issued with 11 issued this period. Reviewed contracts with procured professionals prior to execution; 52 professionals are now under contract to conduct the scope of the planning work with 28 issued this period. Reviewed submitted information and reports on outreach and public involvement planning activities. Reviewed payment requests for payment of planning professionals.

For the Property Buyout Program, completed grant agreement for new award made this period. Additional new awards and increased awards are still being considered. Continued to solicit and receive homeowner information packages and initiated review of eligibility and duplication of benefit determination. Continued due diligence for nonresponsive homeowners. Completed property appraisals and title reviews in preparation for offer. Completed 3 site specific environmental reviews; 138 to date. Continued appraisal, title work, credit verifications, offers and preparation of closing documents. Continued URA activities for eligible tenants. Processed draw requests and closed on acquisition of 16 properties in five communities. To date, 103 closings have occurred. Only 25 properties remain to be acquired. Processed draw requests in preparation for additional closings. Continued to assist communities with demolition contractor solicitation or documentation necessary for force account use for demolition. Continued to assist communities with procurement of abatement and demolition design professionals. Another 19 properties were demolished this period; 48 to date. Reviewed and oversaw two sub-recipient administered buyout grants which identified 55 more properties (82 to date) and acquired 44 additional properties this period; 57 to date. Initiated and completed demolition; 38 properties demolished. Conducted on site monitoring on September 30, 2013 for one project, Lake County Gurnee School. Coordination with Illinois Emergency Management Agency on funded activities and updated global match amounts and other program delivery tasks in order to support the property buyout program. Note that a technical issue in DRGR would not allow us to update the beneficiary data for this program. These will be updated in the next QPR. A ticket was placed highlighting the issue.

For the Public Infrastructure Program, completed one additional environmental review; only two remain. Continued

to modify grant agreements to extend grant date or modify grant funding amount. Assisted with construction bidding requirements and one more bid was advertised; 76 to date. Attended and assisted with preconstruction meetings for another eight activities moving into construction; 76 to date. Conducted Davis Bacon labor reviews associated with draw requests. Conducted on-site monitoring visits for another 10 activities, 62 to date. Another 11 activities reached substantial completion this period; 51 to date. Reviewed draw requests, completed reports, initiated closeout for completed activities and other program delivery tasks to support the Public Infrastructure program.

Location Description:

Activity Progress Narrative:

Oversaw IHDAs progress through ongoing reporting and coordination. Construction started for one more activity this period; construction is complete for four activities. Currently, ten activities are under construction. Assisted with interagency agreement renewal and financial budget modifications. Reviewed drawdown requests. Provided technical assistance on August 7, 2013 to review progress on monitoring issues, follow up on monthly reporting and discuss awards for the remaining affordable rental funding. Two awards were provided additional funding and the final award is being finalized and board approval will occur in the next quarter. The grant will be on target to meet the affordable rental target once the final award is finalized. A second monitoring visit was conducted on September 24 and 25, 2013.

Activity Description:

Funds directly related to implementing the Housing Rehab & Repair Program

Location Description:

Activity Progress Narrative:

Continued with inspections and work write up preparation for 6 properties this period; all 85 of the eligible properties to date are complete. Three property owners withdrew after the inspection and only 82 property owners are now participating in the program. Completed site specific environmental reviews for 15 properties; 82 completed to date. Only two site specific environmental reviews remain to be completed. Advertised for bids for 25 more homes in 7 separate bid packages; the remaining 2 homes will be advertised for bid by November. Conducted prebid home walk through's and answered bidders questions, updated bid documents and issued bid addenda as needed. The bids were opened and reviewed and the contractor was selected for 37 homes this period; 80 to date. The construction contracts were signed for 52 homes this period; 78 to date. Collected payment for duplication of benefits from homeowners and escrowed the funds for use in first contractor payment. Construction was substantially complete for the first 7 homes. Construction was initiated on 44 houses; 51 to date. Construction is about to start for another 19 homes. Reviewed and responded to construction submittals, requests for information and change order requests. Initiated construction inspections for payment requests. Completed quarterly reporting and other activities to support the housing rehab and repair program.

Activity Description:

Project will involve the asbestos removal, other cleanup and the demolition of the Dixie Square shopping mall facility, located in Harvey, Illinois. The facility and project site have been condemned by the city of Harvey, with court order to demolish the facility. The clean-up and demolition of the asbestos contaminated and structurally unsound facility, located on a 39 acre parcel in the city of Harvey, will help to protect the health and safety of local residents and lay the groundwork for future ED in the economically depressed community. The project was determined to be an indirect result of the disaster. The document used for verification was the same documentation under the slum and blight national objective as well as a direct quote from Attorney General's order which stated that "the flood of 2008 exacerbated the problem of asbestos runoff into drainage and sewer systems in the area."

Location Description:

Dixie Square Mall is located on a 39 acre parcel in the City of Harvey along Dixie Highway between W 151st Street and W 154th Street.

Activity Progress Narrative:

Final payment cannot be made until FY 2012 audit received. Grant modification is underway to extend the end date.

Activity Description:

The Department shall make available to the Grantee IDRP funds up to the gross amount of $8,622,692 for the purpose of funding and implementing single-family housing acquisition and rehabilitation projects in the Villages of Bellwood, Maywood, and Forest Park (West Cook Housing) and Hazel Crest, Lansing, Park Forest, and South Holland (South Cook Housing). The Grantee will receive funding for the acquisition and rehabilitation of a minimum of 52 homes located in the specified Villages. The rehabilitated homes will be sold with affordable mortgages to qualifying low-and-moderate income (LMI) buyers. The Grantee will engage a qualified housing developer to implement the acquisition and rehabilitation activities. Upon completion of rehabilitation for each property, the sales price of each home shall not exceed the current Fair Market Value of the home. If the sales price is not affordable to potential LMI buyers, mortgages will be made affordable via homebuyer subsidies as defined in the approved Housing Program Plan.

Location Description:

Portions of southern and western Cook county.

Activity Progress Narrative:

To date, IFF West Cook has identified 22 of 27 homes targeted for rehabilitation and resale. Of the 19 homes that have been rehabilitated, 15 are complete. Eight West Cook homes have been sold to low-income buyers. In South Cook, IFF has acquired 10 of 25 homes, ten are currently being rehabilitated and two are complete. IFF continues to market rehabilitated homes to potential buyers.

Activity Description:

Site and infrastructure work on a 12 acre unimproved parcel of land. Project includes environmental remediation, erosion control, installation of utilities and mass grading in preparation for the overall development of a 138,000 square foot Community/Recreation Center facility. Upon completion, the facility will serve the surrounding low-income communities through its offerings of community meeting rooms and facilities for community sports activities. This is a unique combination not currently offered anywhere in the City of Chicago. The 10 mile radius to be served by the facility is predominantly African American, and more than 25 percent of the population is Latino. The facility will provide a secure, well run indoor facility with appropriate professional staffing. In the immediate 1.5 mile radius of the facility, there are 825 students enrolled in public elementary schools and 2,847 enrollees in public high schools.

Activity Description:

Site and infrastructure work on a 12 acre unimproved parcel of land. Project includes environmental remediation, erosion control, installation of utilities and mass grading in preparation for the overall development of a 138,000 square foot Community/Recreation Center facility. Upon completion, the facility will serve the surrounding low-income communities through its offerings of community meeting rooms and facilities for community sports activities. This is a unique combination not currently offered anywhere in the City of Chicago. The 10 mile radius to be served by the facility is predominantly African American, and more than 25 percent of the population is Latino. The facility will provide a secure, well run indoor facility with appropriate professional staffing. In the immediate 1.5 mile radius of the facility, there are 825 students enrolled in public elementary schools and 2,847 enrollees in public high schools.

Location Description:

10355 S Woodlawn in the Pullman neighborhood on the far South Side of Chicago.

Activity Progress Narrative:

Grant agreement initiated in August. Environmental review anticipated completion date is December 2013.
