Re: Support for Project 16-007, Schaumberg Surgery Center CON

Dear Administrator Avery:

I have been a practicing dentist in Hoffman Estates for almost 40 years. In listening to my patients' concerns, not only of dental nature, but also healthcare in general, I can develop an opinion as to the benefits my patients could derive from various healthcare proposals. This project would have a positive impact not only for Hoffman Estates, but also for the communities that surround it.

Please give a positive response to the CON application submitted by Schaumberg Surgery Center. The approval of this center would allow:

- improved access for all patients to healthcare services, including Medicaid and charity situations
- improved outpatient options for younger individuals injured during the multitude of sports programs ongoing in this area, without having to resort to use of emergency room settings
- high quality surgical care at the convenience of an outpatient setting, provided by highly trained physicians.

Please provide an approval of this CON application. It is a win – win situation for healthcare access in our area of the Chicago suburbs.

Thank you for your consideration.

Sincerely,

Michael A. Lovda, D.D.S.

**Re: Support Letter for Schaumburg Surgery Center CON (Project No. 16-007)**

Dear Administrator Avery:

I am a physician with a medical practice in the northwest suburbs. I have been practicing medicine in this area for over 25 years. Based on this experience, I am quite familiar with the healthcare needs of patients who live in Schaumburg, Illinois and the surrounding communities.

I am writing to convey my support for the certificate of need (CON) permit application recently submitted by Schaumburg Surgery Center, LLC (the "Applicant"). The proposed surgery center will result in the following:

- CON approval will increase access to healthcare services, especially for persons in need of charity care services and Medicaid beneficiaries.
- A new outpatient care option for young children and teenagers in the area who are injured while playing sports, giving them an option for care outside of an emergency room setting.
- High quality surgical care, from highly trained physicians, at a convenient location.

For the reasons above, I respectfully request that you approve this CON permit application. I firmly believe that this project will have a positive impact for patients living in the northwest suburbs.

Thank you for your consideration.

Sincerely,

Bruce Greenberg, MD

**RE: Schaumburg Surgery Center (CON Project 16-007)**

Dear Ms. Avery:

I am a patient of Barrington Orthopedic Specialists (BOS). I receive orthopedic care from Dr. Ciro Cirrincione at BOS's medical office in Schaumburg, Illinois. Dr. Cirrincione and his staff consistently provide compassionate, individualized orthopedic care. They are always friendly and do their best to find the most convenient location for my care.

I am writing this letter to express my support for the certificate of need application submitted by Schaumburg Surgery Center, an outpatient surgery center that will be owned by BOS's doctors, including Dr. Cirrincione. I support this project because patients will be able to avoid visiting hospitals and experiencing all of the associated hassles, and the community will have more competitive local options for orthopedic care.

Members of the Illinois Health Facilities and Services Review Board, please support the CON application filed by Schaumburg Surgery Center. I believe the project will be beneficial for our community. Thanks for your consideration.

Very truly yours,

Douglas H. Pauley

**RE: Schaumburg Surgery Center (CON Project 16-007)**

Dear Ms. Avery:

I am a current patient of Barrington Orthopedic Specialists. I receive orthopedic care from Dr. Ciro Cirrincione at his medical office in Schaumburg and Elk Grove Village, Illinois. Dr. Cirrincione and his staff always provide me with compassionate, individualized orthopedic care. They are always friendly and do their best to find the most convenient location for my care.

I am writing this letter to express my support for the certificate of need application submitted by Schaumburg Surgery Center, an outpatient surgery center that will be owned by Barrington's doctors, including Dr. Cirrincione. I support this project because his practice has been able to care for me in a low stress, compassionate setting for several needs, and schedule ,me, and members of my family for orthopedic surgical needs when the hospital was unable to fine time in their schedule to treat me. The one stop comprehensive care facility is efficient, pleasant and my choice for this type of care.

I ask the members of the Illinois Health Facilities and Services Review Board to support the CON application filed by Schaumburg Surgery Center. I believe the project will be beneficial for our community. If you need further information, please contact me at the number below. Thank you, in advance, for your consideration.

Sincerely,
