HEALTH FACILITIES & SERVICES REVIEW BOARD

ATT.
Mrs. Courtney Avery
IHFSRB.

I am writing in support of building the state of the art hospital by St. Elizabeth's in O'Fallon, Ill.

The Future Medical Practice Must be in this area For good health care.

Memorial Hospital is Building 2 miles East of this location and Barnes Jewish has option on ground in This area.

I have lung cancer in Remission, I Felt That I had To go To St. Louis, Mo. To get The best of care, at That Time. If we had a State of the art Hospital, It Would attract New Physicians & Surgens To Service our Needs.

I have children and Grandchildren IN This Area.

I am asking For your support.
