HEALTH FACILITIES &
SERVICES REVIEW BOARD

14-043

Dear Ms. Avery,

I request that you grant St. Elizabeth's Hospital at Belleville, IL, the opportunity to replace their present hospital.

I live at Highland, IL, and wish to have a strong, modern, regional hospital on the Illinois side of the Mississippi River in the event that I, or my family, or acquaintances would need it.

A lot of people, including myself, from this area don't like to have to cross the River and go into Missouri for specialized care.

Please help us keep our Illinois healthcare in Illinois.

Sincerely,

Mary Ann Thole
