Replacement Hospital in O'Fallon Il

Dear Mr. Constantino

I want to keep St. Elizabeth Hospital in Belleville Illinois because of Dr. Gauch. He is one of the better doctors who treated me for Pneumonia every winter.

I also want to keep St. Elizabeth Hospital in Belleville, Illinois because of ~~your~~ the outstanding ER department. My mom would have never known she had a broken hip if it wasn't for Dr. Travis Whitehead. On the fifth floor Tom is the best nurse. Dr. Jablonski gets gold stars for trying to accomodate everyone. Now for the bad apple. President Maryann Reese is holding the Belleville campus back. She is abandoning the poor. And I am calling for an investigation into the hiring practice that went into the selection process. She needs to be impeached. I ~~thing~~ think I speak for the frustration when I say that Ms. Reese is abandoning the poor. On the 6th floor there are problems. People are let out of the hospital too soon. I think that Ms. Reese is ~~more~~ more concerned with growing her pocket book and less concerned with the poor. If it wasn't for Dr. Moulton on the 3rd floor and his great bosses ~~th~~ we could not have known my mom had a light

heart attack on friday Dec 26 2014
On the 6th floor when people
and Social Services were pressing
her to make a decision. I say
Keep St. Elizabeth in Belleville, Illinois
I need this hospital for testing, pharmacy
treatment, my mom needs it for wound care
and Cardio, but please Restructure the
system so the Doctors and patients can
make decisions without a Social
Worker and Impeach Maryann Reese.
She is Wrecking the Very Mission the
hospital has set forth to accomplish

Thanks
