Schamberg Surgery Center
(CON Project 16-007)

Dear Ms. Avery,

MAR 04 2016
HEALTHCARE FACILITIES & SERVICES REVIEW BOARD

With so many companies fleeing Illinois, I am so happy to see these Doctors believe now is the time to invest in our great state.

It is a big expense that will benefit their patients as well as the community.

You can make this dream possible by reacting positively to their request to build a surgicenter in their Schamburg office.

Thank you for your consideration.

Sincerely,

Donald F. Hackman
