RE: OPPOSED To Project 13-058; OPPOSED To Closing Murray Center

I am opposed to the closure of Murray Center. This campus in Centralia, Illinois is one of the best facilities in the entire state when it comes to providing care to our disabled citizens.

Closure of Murray Center will negatively impact the residents access to necessary and appropriate services. Many center residents absolutely need the level of care provided by the state operated developmental centers.

For these families in south central Illinois, the loss of Murray Center will present incredible hardships.

I urge you to deny the DHS application for project 13-058.

Sincerely,

Claude Willis, Mayor

Dear Mr. Constantino, Re: Project #13-058

I wanted to voice my opposition to closing Murray Center in Centralia Illinois. The closure of this facility will have a terrible effect on the many residents that have severe and moderately severe disabilities. Many of these residents have thrived only because of the care received at Murray.

Not only will it be life threatening to the residents the economy in this area cannot withstand another closure of this magnitude. The governor wants to create jobs in Southern Illinois and this will displace hundreds and put them most likely on public assistance.

Sincerely,

Maryann Langenfeld

Dear Mr. Constantino,

Please do not close Murray Center. The Residents that are served there would be at risk if placed with low skilled, untrained staff. Many of the Residents require total care – Nursing Homes / Group Homes cannot provide this level of care when you add in the behavioral issues many of Murrays' Residents have. Please keep Murray open and keep Murray Residents safe.

Thank you,
