Re: Schaumburg Surgery Center (CON Project 16-007)

Dear Ms. Avery,

My family and I are current patients of Barrington Orthopedic Specialists, seeing Dr. Ciro Cirrincione at his medical office in Schaumburg, IL. Dr. Ciro and his staff are excellent, providing us with awesome care. I am a dentist and many of my patients also see Dr. Cirrincione for orthopedic care, and they are great at finding the most convenient location for our care.

I want to express my support for the certificate of need application submitted by Schaumburg Surgery Center, an outpatient surgery center that will be owned by Barrington's doctors, including Dr. Cirrincione. I support it because the Barrington doctors and their staff are very compassionate and the convenient location in Schaumburg allows for a very easy surgery, bypassing all the hospital hoopla and possible infections that people seem to come home with from hospitals. I have always been impressed with Barrington Orthopedic's sterility procedures, too!

I ask the members of the Illinois Health Facilities and Services Review Board to support the CON application filed by Schaumburg Surgery Center. I believe the project will be beneficial for our community. Thank you, in advance, for you approval of this endeavor.

Sincerely,

Tom Jozwiak, D.D.S.

RE: Support Letter for Schaumburg Surgery Center CON (Project No. 16-007)

Dear Administrator Avery:

I represent a business located in the northwest suburbs. I have been in this area for over 20 years. Based on this experience, I am quite familiar with the community and the Schaumburg area. My company as has an interest in the health care service as they relate to our families and employees. We consider any addition to the system a benefit.

I am writing to convey my support for the certificate of need (CON) permit application recently submitted by Schaumburg Surgery Center, LLC (the "Applicant"). The proposed surgery center will result in the following:

- CON approval will increase access to healthcare services for the employees that work for my company.
- A new outpatient care option will provide a competitive alternative to high cost options and help control healthcare costs in the community.
- High quality surgical care, from highly trained physicians, at a convenient location.

For the reasons above, I respectfully request that you approve this CON permit application. I firmly believe that this project will have a positive impact for patients living in the northwest suburbs.

Thank you for your consideration.
