Unemployment Rates Decrease in Twelve Metro Areas

Much of Downstate still suffering job losses

Not Seasonally Adjusted Unemployment Rates

Metropolitan Area	July 2016	July 2015	Over-the-Year Change
Bloomington	5.2%	5.2%	0.0
Carbondale-Marion	6.0%	6.2%	-0.2
Champaign-Urbana	5.1%	5.5%	-0.4
Chicago-Naperville-Arlington Heights	5.6%	6.2%	-0.6
Danville	7.1%	7.4%	-0.3
Davenport-Moline-Rock Island, IA-IL	5.6%	5.4%	0.2
Decatur	6.7%	7.8%	-1.1
Elgin	5.1%	5.8%	-0.7
Kankakee	6.1%	6.8%	-0.7
Lake-Kenosha, IL-WI	4.8%	5.3%	-0.5
Peoria	6.3%	6.8%	-0.5
Rockford	6.2%	7.8%	-1.6
Springfield	4.7%	5.3%	-0.6
St. Louis (IL-Section)	5.7%	6.4%	-0.7
Illinois Statewide	5.6%	6.2%	-0.6

** Data subject to revision.*

CHICAGO—Twelve of Illinois’ metropolitan (metro) areas experienced decreases in their over-the-year unemployment rate and eight of the metro areas had increases in nonfarm jobs, according to preliminary data released today by the U.S. Bureau of Labor Statistics (BLS) and the Illinois Department of Employment Security (IDES).

“Our job growth rate is still half that of the rest of the country,” said IDES Director Jeff Mays. “Most of our job growth is concentrated primarily in the northeast corner of the state while downstate job growth continues to lag.”

Illinois businesses added jobs in eight metro areas, in which the largest increases were seen in: Elgin (+2.1 percent, +5,300), Rockford (+1.9 percent, +2,900), and Lake-Kenosha (+1.6 percent, +6,800). Total nonfarm jobs in the Chicago-Naperville-Arlington Heights Metro Division increased (+1.2 percent or +44,900).

Illinois businesses lost jobs in five metro areas including Carbondale-Marion (-2.5 percent, -1,400), the Quad Cities (-2.3 percent, -4,200), and Decatur (-1.5 percent, -800). The industry sectors recording job growth in the majority of metro areas were:

Retail Trade (nine of 14), Transportation, Warehousing and Utilities (nine of 14), Education and Health Services (eight of 14), Leisure and Hospitality (eight of 14), and Government (eight of 14).

Not seasonally adjusted data compares July 2016 with July 2015. The not seasonally adjusted Illinois rate was 5.6 percent in July 2016 and stood at 12.2 percent at its peak in this economic cycle in January 2010. Nationally, the not seasonally adjusted unemployment rate was 5.1 percent in July 2016 and 10.6 percent in January 2010 at its peak. The unemployment rate identifies those who are out of work and looking for work, and is not tied to collecting unemployment insurance benefits. 659**16

Total Nonfarm Jobs (Not Seasonally Adjusted) – July 2016

Metropolitan Area	July 2016*	July 2015**	Over-the-Year Change
Bloomington MSA	91,500	92,800	-1,300
Carbondale-Marion MSA	55,400	56,800	-1,400

Wayne County	8.2%	7.1%	1.1

South Central Illinois Highlights

Workforce conditions in most counties throughout South Central Illinois moderately improved as joblessness declined compared to one year ago. Stable labor market conditions prevailed in the summer of 2016. The data is not seasonally adjusted.

Over the year, employment increases were reported in Transportation and Health Services in South Central Illinois. Payroll gains also occurred in Wholesale Trade and Retail Trade. Employment expansions this summer were reported in Construction, Recreation, and Hospitality. Payrolls also increased in Other Services which includes auto and machinery repair and personal services. Mining, Manufacturing, Information, and Government employment steadily decreased during the past year.

Employment opportunities were advertised in Transportation, Health Care, and Office and Administrative Support in the summer of 2016. Job openings were reported in Sales, Management, Food Preparation, and Production occupations. Workers were needed in Computer Services, Engineering, Finance, and Installation, Maintenance, and Repair. Building and Ground Maintenance workers continued to be in demand.

The unemployment rate identifies those who are out of work and seeking employment. A person who exhausts benefits, or is ineligible, still will be reflected in the unemployment rate if they actively seek work.

Note:

- Monthly 2015 unemployment rates and total non-farm jobs for Illinois metro areas were revised in February 2016, as required by the U.S. Dept. of Labor, Bureau of Labor Statistics (BLS). Comments and tables distributed for prior metro area news releases should be discarded as any records or historical analysis previously cited may no longer be valid.
