DATE: August 12, 2016

The rate for the value of commodities or cash-in-lieu of commodities which centers can receive as additional assistance for each **lunch** or supper served to participants if you choose to receive cash rather than donated commodities has been established at .23 cents. This is a **decrease** of three quarters of a cent from the previous year. The rate has been published in the Federal Register and is effective July 1, 2016 through June 30, 2017 for each lunch or supper meal claimed in addition to the regular reimbursement rate.
