Dear Construction Industry Stakeholder:

We in the construction industry are keenly aware of the budget challenges being faced by the State of Illinois, challenges that impact every worker and every employer. These budget difficulties will impact every state agency, including your partners at the Capital Development Board.

But we can take a major step toward resolving the state's budget woes. Governor Pat Quinn has proposed plans to stabilize the Medicaid system and to reform the state's pension system, both of which would be significant steps toward resolving our fiscal crisis. The plans contain some tough decisions. But these are tough times, and Governor Quinn has decided to meet these problems head-on.

Please encourage your legislators to take a major step toward resolving our budget crisis by supporting Governor Quinn's Medicaid stabilization and pension reform plans. For more information on the Medicaid plan, please review the news release [here](#) and the fact sheet [here](#). Information about the Governor's pension reforms is available [here](#) and the fact sheet [here](#).

Thank you for your continued support. Together, we can build a better Illinois.

Wm. G. Stratton Building  
401 South Spring Street  
Third Floor  
Springfield, IL 62706-4050

Sincerely,

James R. Thompson Center
