I, Gus Behnke being duly sworn, solemnly swear and affirm that I am Chief Fiscal Officer.

I have authorized the emergency procurement in accordance with standards as established by law and rule in fulfillment of the emergency purchase affidavit provisions of Illinois Procurement Code [30 ILCS 500/20-30] as follows.

- ☒ Involving threat to public health or public safety.
☒ Immediate expenditure is necessary for repairs to State property to protect against further loss of or damage
☒ To prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues.
☐ To insure integrity of State records
☐ Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code

The conditions and circumstances requiring this emergency purchase, including reason for selection of the particular contractor are:

According to the Department of Agriculture, the west section of the canopy over the Multipurpose Arena at the Illinois State Fairgrounds, Springfield was torn during the high winds over the first weekend of January. A portion of the canopy was torn significantly to remove it from the area. The fabric of the canopy stabilizes the entire system and the loss of a portion of the canopy has caused movement in the structural system. The Department of Agriculture requests assistance to stabilize the existing structure to prevent any further damage to either canopy fabric or structure. Additional information is attached in a Memo and an e-mail.

MEMORANDUM

TO: Capital Programs
Capital Development Board

FROM: Illinois Department of Agriculture
(Name of Agency)

DATE: 9-Jan-12

SUBJECT: Emergency Purchase Request

The Illinois Department of Agriculture is requesting that the Capital Development Board take action to procure, on an emergency basis, one or more contracts to address an emergency need of the State.

This situation meets the following condition(s) for use as set forth in 30 ILCS 500/20-30:

- There exists a threat to public health or public safety.
- Immediate expenditure is necessary for repairs to State property in order to protect against further loss or damage.
- It is necessary to prevent or minimize serious disruption in State services.
It is necessary to insure the integrity of State records.

Specific justification for the emergency conditions listed above are as follows:

The west section of the canopy over the Multipurpose Arena at the State Fairgrounds was torn during the high winds over the first weekend of January. A portion of the canopy was torn sufficiently to remove it from the area. The fabric of the canopy stabilizes the entire system, and the loss of a portion of the canopy has caused movement in the structural system. Department of Agriculture requests assistance to stabilize the existing structure to prevent any further damage to either canopy fabric or structure.
