

Green Your Space Database

- To help further green building practices, CMS created a list of suppliers of environmentally friendly building products that you may use to improve your home or office.
- Please note that this list was designed specifically for the State's first green lease to determine the availability of green construction and remodeling products; however, many of them can be used in homes as well as businesses and commercial real estate.
- The State of Illinois does not officially endorse these companies and is not legally liable for the quality or price of their services. This list is being maintained by Ron Julius of CMS's Strategic Planning & Space Management Division.
- If you would like to be included on this list, please complete the information form and e-mail it to State Architect Ron Wheeler at ron.wheeler@illinois.gov or ron.Julius@illinois.gov

**To be Included in the Illinois
Green
Building Suppliers and Products Database**
This form must be filled out.

Green Building Practice - _____

Product Description - _____

Supplier Name - _____

Manufacture, Distributor, or Both - _____

Address - _____

City - _____

State - _____

Phone Number - _____

Email Address - _____

Web Address - _____

County - _____

Region - _____

Please fill in this form with as much information as possible. Feel free to include samples or literature on the green building products. Return via email to (Ron.Julius@illinois.gov or Ron.wheeler@illinois.gov) or by mailing the form to the following address:

**CMS Strategic Planning & Space Management
Stratton Building Room 802
401 South Spring St.
Springfield, IL 62706**
