LaSalle Nuclear Generating Station Emergency Preparedness

SPRINGFIELD –An exercise to test emergency response plans for the area surrounding the LaSalle Nuclear Generating Station is scheduled for Tuesday, July 14, 2026. Emergency response personnel from the state of Illinois, LaSalle County, Grundy County, and Constellation will participate in the exercise.

The Federal Emergency Management Agency (FEMA) will evaluate the units of government during the exercise. FEMA will provide preliminary findings at a meeting on Friday, July 17, 2026, at 11 a.m. at the LaSalle County Emergency Operation Center, 711 East Etna Road, Ottawa, Illinois 61350. The public and media may attend this meeting.

A packet of informational material is enclosed with this advisory. This material provides information regarding the emergency plans for the Braidwood, Dresden, and LaSalle Nuclear Generating Stations.

If you have any questions or wish to schedule a training session for your staff, especially any new personnel, to discuss the emergency plans, please contact the IEMA-OHS Public Information Officer, Haley Williams.

Please post this notice to ensure that all media personnel are advised of the exercise and the training opportunity.
