**Illinois  
Department of Commerce  
& Economic Opportunity**

Bruce Rauner, Governor

June 30, 2015

Dear Members of the General Assembly:

This document fulfills the statutory directive that the Department of Commerce and Economic Opportunity (DCEO) report to the members of the General Assembly on the status of the Economic Development for a Growing Economy (EDGE) Tax Credit Program.

The purpose of the EDGE Tax Credit Program is to promote job creation and retention in Illinois through the award of tax credits to eligible businesses.

Since the Economic Development for a Growing Economy Tax Credit Act was passed by the General Assembly in 1999 through December 31, 2014, DCEO has received 1,018 EDGE Tax Credit applications of which 780 have been approved.

While this report details incentives approved in calendar year 2014, it is worth noting that in January, 2015, the new administration ended the policy of approving tax credits for retained jobs. Today, credits are only offered for jobs created in the state.

I trust that the following EDGE Tax Credit Annual Report for calendar year 2014 will be both informative and useful.

Sincerely,

A handwritten signature in cursive script, appearing to read "James M. Schultz".

James M. Schultz  
Director

## **ECONOMIC DEVELOPMENT FOR A GROWING ECONOMY (EDGE) TAX CREDIT PROGRAM CALENDAR YEAR 2014 REPORT**

The EDGE Tax Credit Program is a targeted tax incentive program that provides tax credits for businesses that create new full-time jobs, retain existing full-time jobs and make capital investments in Illinois. The EDGE Tax Credit Program is designed to help areas of Illinois that are in direct competition with other states for jobs and development.

The following report identifies the guidelines and accomplishments of the EDGE Tax Credit Program.

## EDGE ELIGIBILITY REQUIREMENTS

The Illinois Economic Development for a Growing Economy (EDGE) Tax Credit Program is intended to help Illinois compete with other states for the location of job creation or retention projects.

The Illinois EDGE Tax Credit Program is operated by the Illinois Department of Commerce and Economic Opportunity. Based on a review of a written application submitted by an interested firm, the Department is authorized to designate qualified businesses as “eligible”. Eligible businesses may claim a nonrefundable and non-transferable tax credit against its state income taxes. (The amount of the tax credit is calculated based on the income taxes paid by new employees and the retained employees.)

The designation is contingent upon the business undertaking a development project that:

- Involves at least \$5 million investment in capital improvements placed in service in Illinois and employs at least 25 New Full-Time Employees within the state as a direct result of the project; or
- Involves at least a \$2.5 million investment in capital improvements placed in service in Illinois and employs at least 50 New Full-Time Employees as a direct result of the project; or
- Involves an investment in a sufficient amount to employ at least 25 New Full-Time Employees, provided the project is located within or serves a distressed area or hires low-income workers; or
- Involves an investment at a level specified by the Department in capital improvements to be placed in service; employs New Full-Time Employees within the state at a level specified by the Department; and provides substantial economic benefit to the state, as determined by the Department. The Director may approve projects that do not meet the minimum job creation and investment thresholds for an applicant meeting all other requirements in the Act, providing that one or more of the following conditions are met:
  - A) The applicant’s business is located in a distressed community with an unemployment rate which is higher than the state’s average; or
  - B) The applicant’s business is located in an area with limited economic development prospects as evidenced by prior and current development activities; or
  - C) Approval would support a business with potential to generate additional growth in the area and create jobs as a result of spin-off businesses; or
  - D) Approval would avert the loss of one of the area’s major sources of employment.
- Involves a Company with 100 or fewer Full-Time Employees whose investment will be at least \$1,000,000 in capital improvements which will be placed in service at a designated site in Illinois and employ at least 5 New Full-Time Employees at a designated site as a direct result of the project.

## COMPETITORS' TAX CREDIT PROGRAMS

Illinois' primary competitors for business locations and expansions are the bordering states of Kentucky, Indiana, Iowa, Missouri and Wisconsin. These states have similarly adopted tax credits as incentives for businesses locating or expanding operations. However, other no-border states have become increasingly aggressive in seeking to relocate business from Illinois as well. The table below shows the similarities of the programs and highlights the advantage of the Illinois EDGE Tax Credit Program. The table illustrates that the EDGE Tax Credit Program is somewhat competitive with those of bordering states. Other competing states in which Illinois was chosen as the final project site include the following: Arizona, Arkansas, Colorado, Connecticut, Florida, Kansas, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Nebraska, Nevada, New Jersey, New York, North Carolina, North Dakota, Oklahoma, Pennsylvania, South Carolina, Tennessee, Texas, Virginia, and West Virginia.

### Selected State EDGE-like Comparison

State	Structure	Requirements	Retention	Transferable	"But-for"
<b>Indiana (EDGE)</b>	Credit based on percentage of expected increased tax withholdings generated by new jobs created	No minimum for jobs created; duration of credit may not exceed 10 years. Business must remain established in IN for at least 2 years after receiving final tax credit	Provision for retention includes stiffer guidelines	Yes	N/A
<b>Iowa (High Quality Jobs Program)</b>	Provides tax credits and/or direct financial assistance which includes loans, tax exemptions and/or refunds	In order to qualify to participate, eligible businesses must meet certain wage threshold requirements; The amount of the potential tax incentives varies by amount of investment in relation to the number of jobs created/retained	Retained jobs can qualify the business for the incentives, though wage thresholds apply	Yes	N/A
<b>Kentucky (Business Investment Program)</b>	Provides corporate income tax credits and wage assessments (subsidies drawn from employee wages)	Create a minimum of 10 new full-time jobs for Kentucky residents. Maintain an annual average of at least 10 new, full-time jobs for Kentucky residents	No provision for job retention	No	No

<b>Missouri</b> (Missouri Works Program)	Benefits are either the retention of State withholding tax and/or State tax credits	Minimum of 2 new jobs or retention of 50; these are paired with minimum new capital investment requirements and wage thresholds	Retention requirements differ slightly from creation requirements	Yes	Yes
<b>Ohio</b> (JobOhio Economic Dev. Program)	Reimbursement based grants for business expansion/job creation	Requires the creation of new jobs during a 3 year period; limited specifics provided	May consider providing grant assistance for job retention	No; grants are provided as opposed to tax credits	No; grants are provided as opposed to tax credits
<b>Wisconsin</b> (Economic Dev. Tax Credits)	Transferable tax credit against Wisconsin tax liability	Limited specifics provided; credits are based on number of jobs created/retained, capital investment placed, wage range and training costs	Yes, credits are provided for job retention activities	No	Yes, tax credits can be transferred
<b>California</b> (California Competes Tax Credit)	Credit against corporate income tax liability	Credit amount based on many factors including: number of jobs created & retained, capital investment, compensation of the jobs, etc.	Yes, credits are provided for job retention activities	No	No
<b>Georgia</b> (EDGE)	Grant & loans for business expansion and job creation & retention activities	Assisted businesses will be held accountable for agreed upon capital investment and number of created or retained jobs.	Yes, retention of jobs is eligible for grant consideration	No; grants & loans are provided as opposed to tax credits	No; grants & loans are provided as opposed to tax credits
<b>New York</b> (Excelsior Jobs program)	Four fully refundable tax credits against various New York taxes	Job requirements differ depending on the industry. Anywhere from 10 new jobs for a tech company to 300 new jobs and \$6 million capital investment for a larger firm.	Yes. Limited specifics provided, but job retention is an eligible activity.	Yes	No

## EDGE TAX CREDIT PROGRAM SUMMARY

DCEO has received 1,018 EDGE Tax Credit applications from **December 22, 1999, through December 31, 2014.**

An overview of these 1,018 applications is as follows:

780	EDGE applications approved
229	EDGE applications withdrawn
2	EDGE applications pending approval
736	Signed EDGE Agreements
1,410	Tax Certificates issued
209	Number of different companies who received Tax Certificates
\$1.119 B	Total amount of tax credits issued
34,465	Number of Jobs Created reported as of 6/15/15 *
41,996	Number of Jobs Retained reported as of 6/15/15*

\*The numbers represent the cumulative Jobs Created and Jobs Retained numbers reported by companies with active EDGE Agreements and do not include any Jobs Created or Jobs Retained by companies whose EDGE Agreements have expired or been terminated.

The following is a summary of tax credit certificates issued since 2001 and the amount of credits actually claimed by the recipients.

<b>Fiscal Year</b>	<b>Amount of EDGE Credit Used to Offset Corporate Income Tax Liability</b> Per the Comptroller's Tax Expenditures Report	<b>Amount of EDGE Credit Used to Offset Individual Income Tax Liability</b> Per the Comptroller's Tax Expenditures Report	<b>Value of EDGE Tax Credits Certificates Issued by DCEO</b>
2001	\$0	\$0	\$6,510,316
2002	\$190,000	**	\$11,929,375
2003	\$3,330,000	**	\$22,898,697
2004	\$5,200,000	**	\$29,293,557
2005	\$9,082,000	**	\$35,885,149
2006	\$13,614,000	\$99,000	\$43,050,873
2007	\$24,862,000	\$4,717,000	\$60,825,257
2008	\$23,534,000	\$4,981,000	\$69,145,879
2009	\$25,567,000	\$3,651,000	\$68,090,549
2010	\$34,766,000	\$691,000	\$82,862,058
2011	\$36,149,000	\$3,082,000	\$163,243,486
2012	\$31,259,000	\$9,207,000	\$202,545,923
2013	\$45,085,000	\$38,943,000	\$116,548,826
2014	*	*	\$206,524,531
<b>Total</b>	<b>\$252,638,000</b>	<b>\$65,371,000</b>	<b>\$1,119,354,477</b>

\* 2014 Tax Expenditure Report Not Yet Available

\*\* Amount of Individual Income Tax Credits Not Reported Separately for EDGE

The following is a summary of the projects, which were approved in calendar year 2014 (January 1, 2014 through December 31, 2014). This data is a compilation of the job creation, job retention and Capital Investment requirements detailed on the individual EDGE Tax Credit Approval Letter's issued to the corresponding companies.

## DESCRIPTION OF EDGE PROJECTS

The following is a description of each project, which was approved in calendar year 2014, which began on January 1, 2014 and ended on December 31, 2014.

### **Aircraft Propeller Service, LLC**

Aircraft Propeller Service, LLC is at capacity in its three Wheeling, Illinois locations and cannot accommodate additional growth. It has also become increasingly inefficient to maintain operations over three separate buildings. In order to improve its overall efficiencies and provide the necessary space for additional growth, the Company will be leasing a building with approximately 40,000 square feet to consolidate and expand its commercial propeller machinery/repair and headquarter operations in Illinois. The project will include a Capital Investment from the Company in the amount of \$1,361,382.00. The investment amount equals 10 years of lease payments in the amount of \$1,600,000 discounted at 3% for a Net Present value of \$1,361,382.00. The project will result in the creation of 5 new full-time jobs in Lake Zurich, Illinois.

### **American Access Casualty Company**

Due to American Access Casualty Company's growing customer base, the Company needs to expand its customer support function. AACC's current Oakbrook Terrace facility is too small to accommodate the current Illinois based job functions. It has forced some employees to work from home due to lack of adequate space. In order to facilitate the Company expansion, the Company will be moving its headquarters to 2211 Butterfield Road in Downers Grove. The move new facility will provide the Company with ample space to house its current employees on site and add an additional 25 new full time jobs. The project will include a \$5,000,000 Capital Investment from the Company. The investment will consist of the purchase of the new Downers Grove facility for \$4,000,000 and the remodel / build out of the facility in the amount of \$1,000,000.

### **Arthur J. Gallagher & Co.**

Arthur J. Gallagher & Co. and Subsidiaries/Affiliates is proposing to invest in the purchase and redevelopment of a currently nearly vacant building at 2850 and 2950 W. Golf Road, Rolling Meadows, Illinois, as a corporate headquarters for the Company. The proposed redevelopment requires a full gut and restoration of the building's interior and exterior and development of a world-class training center. Arthur J. Gallagher & Co. and Subsidiaries/Affiliates will create 150 new full-time jobs within two years and an additional 350 new full-time jobs, for a total of 500 new full-time jobs

within five years and make a Capital Investment of \$60,000,000. The Company's Capital Investment will consist of the purchase and build-out of the new facility (\$49,000,000) and the purchase of furniture and fixtures (\$11,000,000).

### **Bob's Discount Furniture**

Bob's Discount Furniture is expanding its operations into the Midwest market. As part of its planned growth, the Company will be establishing a distribution center at 21215 SW Frontage Road in Shorewood, Illinois. The project will include a Capital Investment of \$27,015,180. The investment will consist of the purchase of equipment in the amount of \$2,247,000, lease hold improvements in the amount of \$5,490,000 and 10 years of lease payments totaling \$23,034,682 discounted at 3% for a Net Present Value of \$19,278,180. The project will result in the creation of 88 new full-time jobs in Shorewood, Illinois.

### **C Cretors and Company**

C. Cretors and Company has experienced a 40% increase in sales growth. The Company wants to expand and modernize its facilities in order to continue the recent growth. Its existing facility no longer provides the space and technology capabilities needed for the Company to continue its growth. The Company was looking for new locations and considered sites in DuPage County and Indiana. The Company is expanding in Wood Dale, Illinois. The expansion will include the creation of 16 new full-time jobs, the retention of 80 existing full-time jobs and a Capital Investment of \$7,437,140. The Capital Investment consists of the \$5,400,000 purchase of Commercial Real Estate, \$1,387,815 in building improvements, \$530,325 in relocation costs and site development, and \$119,000 in signage and equipment costs.

### **CDC Logistics, LLC**

CDC Logistics, LLC (CDC) is expanding its business in order to meet market demands. In order to meet increased demands, the Company will be relocating its headquarters, warehousing and storage operations. The expansion will provide additional space to improve supply chain solutions, re-distribution, warehousing/storage, cold storage and improved logistics and transportation services. The Company will be leasing a larger facility in the Ridge Port Logistics Center in Wilmington, IL. The project will include a Capital Investment of \$15,215,304. The investment will consist of \$1,720,000 for the purchase of racking and fixtures, \$330,000 for the purchase of machinery and equipment, \$370,000 for the purchase of IT equipment and 10 years of lease payments totaling \$15,000,000 discounted at 3% for a Net Present Value of \$12,795,304. The project will create 11 new full-time jobs and retain 52 existing full-time employees. The 52 employees will be transferred from the Company's existing facilities in Lemont to the Wilmington facility.

### **CDW Corporation**

CDW has three separate locations in the Northern Suburbs; the leases for two of the locations in Vernon Hills are expiring in early 2016. CDW management is planning to improve collaboration and communication between staff and increase productivity and reduce time spent traveling between locations by consolidating them into one location at 100 Tri State International, Lincolnshire, IL. The Company will be making a Capital Investment of \$62,598,185. The investment will consist of the purchase of furniture and equipment in the amount of \$8,882,000, the purchase of IT equipment and security upgrades in the amount of \$7,101,000, lease hold improvements in the amount of \$14,631,000 and 10 years of lease payments totaling \$37,624,000 discounted at 3 % for a net present value of \$31,984,185. The project will result in the creation of 75 new full-time jobs by November 19, 2016 with an additional 75 new full-time jobs created by September 15, 2019. The project will also result in the retention of 1000 existing full-time jobs.

### **CG Greenhouses, LLC**

CG Greenhouses, LLC will build and operate a 7.5 acre hydroponic greenhouse on a 20 acre site in Rochelle, Illinois for the purpose of producing premium fresh market tomatoes. The project will include a \$7,865,630 Capital Investment. The investment will consist of \$479,000 for the purchase of the land, and \$7,368,000 for the construction of the greenhouse and purchase of necessary equipment. The project will result in the creation of 20 new full-time jobs in Rochelle, Illinois. This is a start-up Company that is affiliated with Carbon Green LLC.

### **Cobalt Technologies, Inc.**

Project will be a renewable energy plant that produces drop-in, bio-based, renewable chemicals at a significantly lower cost than petroleum-derived chemicals. The site of the project will be located at 23029 East County Highway 6, Canton, IL 61520. There is an existing facility at the site that Cobalt will purchase and remodel/upgrade to fit its needs. Cobalt anticipates creating 30 new full-time jobs and investing \$30 million in the first two years with the potential to have 50 total new full-time jobs and \$43 Million investment over 5-10 years.

### **Continental Mills, Inc.**

Continental Mills, Inc. is purchasing an Effingham, Illinois manufacturing facility currently owned and operated by Harlan Bakeries, LLC. The Project will result in a capital investment of approximately \$5,000,000 and the creation of 25 new full-time jobs over the next two years. The Capital Investment will include the purchase of manufacturing equipment, IT equipment and process upgrades. Continental Mills has a site in Hopkinsville, KY which could have easily accommodated the expansion.

### **Costco Wholesale Corporation**

Costco Wholesale Corporation (Costco) is developing a new meat processing facility to distribute products throughout the Midwest, Northeast, Southeast and other regions. It is anticipated that the new facility will include approximately \$97,000,000 in capital improvements and 87 new full-time employees. Costco explored alternative locations for its new meat processing facility. The Company has operations throughout the United States and could have reasonably and efficiently located the facility outside of Illinois. The EDGE credit will help the Company justify locating the meat facility in Morris, IL rather than in Michigan or other surrounding Midwestern states.

### **Crawford Laboratories, Inc.**

Crawford Laboratories, Inc. will be expanding its operations by moving from its two, existing separate locations in Chicago to a much larger single facility in Chicago. The move will allow the Company to consolidate all its services and business components in one single location. The Company will purchase an 88,000 square foot facility at 1120 W Exchange in Chicago. The project includes a Capital Investment of \$5,000,000. The investment will consist of the purchase of a building in the amount of \$2,850,000, the renovation of office space in the amount of \$150,000, the purchase of new machinery in the amount of \$950,000, the renovation of factory space in the amount of \$850,000, and \$200,000 in moving and installation costs. The project will create 5 new full-time jobs and retain 31 existing full-time jobs.

### **Diamond Technical Services, Inc.**

In order to become more efficient and help grow its overall business within the Midwest region, the Company will be consolidating its 2 separate Illinois offices located in Coal City and Lisle, Illinois into one site located at 4 Territorial Drive in Bolingbrook, Illinois. The project will include a Capital

Investment from the Company of \$2,789,033. The investment will consist of \$810,000 in equipment and lease hold improvements and at least 10 years of lease payments totaling \$2,900,000 discounted at 3% for Net Present Value of \$1,979,033.

### **Dynamic Manufacturing, Inc.**

Dynamic Manufacturing currently occupies three facilities: 4300 W Madison & 4201 W Raymond in Hillside, Illinois and 4501 W North Ave, Melrose Park, Illinois. These three sites are currently at production capacity and are unable to adequately service new manufacturing contracts. In order to facilitate new business, the Company will be increasing its amount of leased space at its 4201 Raymond facility and purchasing additional machining equipment for each facility. The expansion project will include a \$7,118,121 Capital Investment from the Company. The Capital Investment will include the purchase of \$2,000,000 worth of new equipment for the three facilities and 10 years of lease payments totaling \$6,000,000 discounted at 3% for a Net Present Value of \$5,118,121. The project will create 50 jobs full-time jobs and retain 200 existing full-time jobs at the Hillside and Melrose Park Locations.

### **eBay, Inc.**

In December, 2013, eBay, Inc. (eBay) acquired Braintree, Inc. (Braintree) and subsidiaries. Braintree is a global platform for online mobile first startups such as OpenTable, HotelTonight and Uber. At the time of the acquisition, Braintree was primarily located in offices in California, Illinois and New York. The existing Illinois office is located at 111 N Canal Street, Chicago, Illinois. eBay is looking for a new location to house the existing Braintree employees and provide room for potential growth. The project includes the creation of 360 new full-time jobs and a Capital Investment of \$19,835,678. The investment will consist of \$7,089,094 in Equipment and Leasehold improvement and 10 years of lease payments totaling \$15,127,200 discounted at 3% for a Net Present Value of \$12,746,584. eBay and Subsidiaries will create 216 new full-time jobs by March 18, 2016 and an additional 144 new full-time jobs by March 18, 2017.

### **Eby- Brown Company, LLC**

Eby-Brown Company, LLC is presently headquartered in Naperville, Illinois, where 224 full-time employees occupy highly inefficient space in two buildings that are several miles apart and poorly configured. The leases for this space will terminate in mid-2014. The Company wanted to achieve a more efficient use of space, reduce costs and potentially enhance the stature of the headquarters (and thus help improve recruitment). The Company considered the potential costs and savings that might accrue as a result of the in-state and out-of-state relocation of the headquarters from its existing space in Naperville. The project includes the creation of 8 new full-time jobs and the retention of 224 existing full-time jobs in Naperville, Illinois and a Capital Investment of at least \$11,700,000 over the next two years. The Total projects costs consist of \$4,870,000 in leasehold improvements and FF&E above landlord allowance and 10 years of lease payments totaling \$8,100,000 million discounted at 3% for a Net Present Value of \$6,906,994 The Company had identified the Greater Indianapolis Area and the Greater Nashville Metro Area as alternative locations.

### **Eli's Cheesecake Company (The)**

The Eli's Cheesecake Company needs to expand its facilities due to a growing customer base and increased unit volume that is causing it to reach production capacity. The company will add second, 70 foot tunnel oven which will double the Company's baking capacity. The second oven also requires increasing the support operations that surround the baking process such as depositing, decorating, cutting, freezing and packaging. Its two options were to expand its existing facility, or to open a second facility. There were complications to a construction project at an operating food production

plant due to food safety issues. The out of state option was less expensive and would have eliminated those concerns. The new Chicago facility will have a state of the art oven and will take on the bulk of both the existing production and the anticipated future productions, thus the risk to the existing Chicago workforce. The project will create 25 new full-time jobs and retain 110 current full time jobs. The Company will be making a Capital Investment of \$6,000,000 which consists of \$5,000,000 in building expansion construction costs and \$1,000,000 in machinery and equipment purchases.

### **Fay Servicing, LLC.**

Fay Servicing needs a multi-site footprint in order to access the optimal workforce and create a flexible footprint that allows employees to work in varying office locations. The Company will create 200 full-time jobs (approximately 120 at 440 S. LaSalle Street, Chicago, Illinois, 50 at 939 W. North Avenue, Chicago, Illinois and 30 at 1801 S. Meyers Road, Oakbrook Terrace, Illinois) above the Company's current baseline of 209 full-time jobs (154 at 939 W. North Avenue, Chicago, Illinois and 55 at 1801 S. Meyers Road, Oakbrook Terrace, Illinois). Fay Servicing, LLC will make a Capital Investment of \$7,933,805.

### **Flextron (S&M Group)**

Due to increased demand for its products and services, the Company is seeking to expand its manufacturing space and create additional manufacturing positions in Elk Grove Village, Illinois. Flextron will continue to operate at 2503 PanAm Blvd., Elk Grove and will also be expanding its manufacturing and warehousing capabilities by leasing additional warehouse space at 775 Touhy Ave., Elk Grove Village, Illinois. The Company will be making a \$1,023,624.00 Capital Investment. The investment will consist of 10 years of lease payments totaling \$1,200,000.00 discounted at 3 % for a Net Present Value of \$1,023,624.00. The Project will result in the creation of 5 new full-time jobs in Elk Grove Village, Illinois.

### **Focal Point, LLC**

The Company's current location is not an ideal candidate to accommodate the continued growth without expanding the facility. The company also considered relocating to an alternative site. In order to facilitate growth, Focal Point, LLC decided to expand its current facilities at 4201 & 4141 S Pulaski in Chicago, Illinois. The expansion will include a \$6,140,790 Capital Investment. The Capital Investment will include the purchase of machinery and equipment in the amount of \$1,598,790, Software upgrades in the amount of \$2,267,000, the acquisition of additional building space in the amount of \$1,600,000 and the renovation of the additional building space in the amount of \$575,000 and the rehabilitation of existing railway in the amount of \$100,000. The project will create 50 new full-time jobs and retain 394 existing full-time jobs in Chicago, Illinois.

### **Fuji Food Products, Inc.**

Fuji is expanding its business in the Midwest region of the United States. The Company is planning to increase its business in the supermarket, club, convenience, natural, mass market and food service channels. Illinois is central to most of the Fuji's' existing customers and is considered an idea location to expand into. The Company will be leasing a 40,000 SF. facility located at 740 N. Schneider in South Elgin, IL to act as its Midwest distribution location. The Company's expansion will include a Capital Investment of \$2,597,000. The investment will consist of \$100,000 in tenant improvements, \$450,000 in equipment, fixtures and vehicles, and 10 years of lease payments totaling \$2,400,000 discounted at 3% for a net present value of \$2,047,000. The project will result in the creation of 110 jobs in South Elgin, Illinois.

### **Huntley Warehouse and Distribution LLC**

Weber-Stephen Products LLC ("Weber") intends to construct a 757,000 square foot warehouse in Huntley, Illinois which will function as a Global Distribution Center for Weber's products. Weber intends to utilize its sister Company Huntley Warehouse and Distribution LLC (HWD) as the operating entity for the distribution Center. HWD will provide picking, packing, shipping and related services at the distribution center. The facility will ultimately service Weber's customer base in North America and globally. The project will result in the creation of 30 new full-time jobs and the retention of 55 existing full-time jobs. The project will also include a Capital Investment from HWD which consists of a 10 year lease on the building being constructed by Weber with payments totaling \$31,779,777 discounted at 3% for a Net Present Value of \$27,053,235.

### **Jarco, Inc. / Polar Industries**

In 2010, Jarco was acquired by Polar Service Centers which is a subsidiary of Polar Corporation. Subsequently, the market has experienced a significant increase and Jarco has had limited success in capturing an additional market share, but has been severely constrained in capturing substantially more market share due to physical restrictions at its current location. An additional hardship at the Salem location is that the Company maintains operations in four separate locations. The division of operations has created a significant logistical challenge. In order to resolve the logistical problems, the Company has decided to consolidate its Salem, Illinois locations and expand by building a new 50,000 square foot facility in the Salem Industrial Park instead of moving its operations to Springfield, MO. The expansion will create 8 new full-time jobs in the first year, 17 additional full-time jobs within 3 years and retain 35 existing full time jobs. The Company will make a Capital Investment of \$3,868,000 which consists of a \$168,000 purchase of a 24-acre build site, a \$3,200,000 building construction cost, and \$500,000 in FF&E.

### **Jessup Manufacturing Company**

Jessup Manufacturing is planning a plant expansion to incorporate new machinery and increased production capacity while increasing operational efficiencies and continued investment in its employees. The expansion will include both its McHenry and Lake Bluff, Illinois facilities. The Company will be making a \$7,320,581 Capital Investment. The investment will include the purchase of equipment in the amount of \$2,637,500 and 10 years of lease payments totaling \$5,490,000 discounted at 3% for a Net Present Value of \$4,683,081. The project will result in the creation of 10 full-time jobs and the retention of 61 existing full-time jobs in Illinois.

### **Kloeckner Metals Corporation**

Kloeckner Metals Corporation's (KMC) current location at 13535 S. Torrence in Chicago, Illinois has become outdated and can no longer support efficient operations. Expansion at the site is not feasible due to site physical constraints. KMC has identified two suitable locations to establish a new state-of-the-art manufacturing facility. One location was in Hammond, IN and the other is located at 2101 Dralle Road, University Park, IL. The project will include the building of a new facility to KCM's specifications by a developer and then the subsequent lease of the building by KCM. KCM will be making a Capital Investment of \$11,407,890 which consists of \$1,000,000 in machinery and equipment purchases and 10 years of lease payments totaling \$11,102,000 discounted at 3% for a net present value of \$10,407,890. The project will result in the retention of 40 existing full-time jobs.

### **Komax Systems Rockford, Inc.**

Komax Systems Rockford, Inc. is entering a rapid growth mode. Their current location in Rockford, IL is too small to accommodate both existing and projected sales volumes. The company is planning to expand its current footprint by relocating its operations to the Spring Creek Industrial Park located in

Loves Park, Illinois. The company will be making a Capital Investment of \$5,140,864. The investment includes construction costs of \$1,700,000 related to a new 55,000 square foot manufacturing facility in Loves Park, \$810,000 in equipment moving costs and 10 years of lease payments totaling \$3,099,095.00 discounted at 3% for a Net Present Value of \$2,630,864. The project will result in the creation of 25 new full-time jobs in Loves Park, Illinois.

### **Koppers, Inc.**

Koppers, Inc. maintains manufacturing plants in Cicero (Stickney Township), Illinois; Clairton, Pennsylvania; and Follansbee, West Virginia. Due to excess capacity in Koppers Carbon Materials and Chemicals business unit, Koppers, Inc. will be consolidating its Follansbee, West Virginia manufacturing facility with its manufacturing facility in Cicero, IL. This project will involve a Capital Investment in the amount of \$20,000,000. The investment will consist of \$18,500,000 for the purchase of equipment and machinery and \$1,500,000 in renovations to the Cicero facility. The project will result in the creation of 25 new full-time jobs and the retention of 114 full-time jobs in Illinois. EDGE tax credits are necessary to help offset the cost differential and ensure the project takes place in Illinois.

### **Line Craft, Inc.**

Line Craft, Inc. is currently leasing the plant location at 10 W. North Avenue, Lombard, Illinois. Line Craft, Inc. will purchase the same land and building as well as create 20 full-time jobs, retain 50 full-time jobs and make a Capital Investment of \$4,160,000. The Company's Capital Investment will consist of the purchase of the land and building (\$3,500,000) and the rebuild and upgrade of equipment (\$660,000). United Stars (parent Company) owns a manufacturing facility in Wisconsin which is currently vacant and would have been suitable for Line Craft, Inc.'s operations.

### **Magid Glove & Safety Manufacturing Company, LLC.**

Magid Glove & Safety Manufacturing Company, LLC.'s (Magid) current locations in Chicago, Illinois is full and landlocked. The Company is growing and needs more warehouse space, office space, manufacturing space and parking. In light of the anticipated growth, Magid evaluated where to relocate and identified a site in Romeoville that is larger than its current facilities and will provide the needed space to handle future growth. Magid has also identified a site in Pleasant Prairie, Wisconsin that it was considering that could accommodate its future growth. Magid Glove & Safety Manufacturing Company, L.L.C. will create 25 full-time jobs, retain 300 full-time jobs and make a Capital Investment of \$18,600,000. The Company's Capital Investment will consist of the purchase of a building (\$12,600,000), building improvements (\$3,000,000) and warehouse automation (\$3,000,000).

### **Marathon Pharmaceuticals, LLC**

Marathon is located in Northbrook IL and the Company evaluated location alternatives for its planned expansion. The Company considered either expanding its Northbrook, Illinois facility or opening a new facility in Pleasant Prairie, Wisconsin. The Northbrook expansion will result in the creation of 25 full time jobs. The Company will make a Capital Investment of \$6,611,500 which will consist of the purchase of equipment (\$180,000) lease hold improvements (\$308,650) and lease payments over 10 years totaling \$7,186,260, discounted at 3% for a Net Present Value of \$6,122,850

### **Medix Staffing Solutions, Inc.**

Medix Staffing Solutions outgrew its current location and were looking for an opportunity to grow in a new market in either Tennessee or Illinois. The Company is expanding by opening a new satellite facility at 222 S Riverside in Chicago, Illinois. The Company will be making a Capital Investment of

\$2,240,253 which consists of 10 years of lease payments totaling \$2,661,100 discounted at 3% for a Net Present Value of \$2,240,253. The project will result in the creation of 40 new full-time jobs in Chicago.

### **Menasha Packaging Company, LLC**

Menasha Packaging Company, LLC's Chicago manufacturing facility on Palmer Street is older and landlocked and without significant capital spending, the facility will become obsolete. The Company will complete a modernization of the facility. Menasha Packaging Company, LLC will create 8 full-time jobs, retain 210 full-time jobs and make a Capital Investment of \$5,000,000 at its current facility in Chicago, Illinois. The Company's Capital Investment will consist of building improvements (\$350,000), manufacturing equipment (\$650,000) and a large format die cutter (\$4,000,000). Menasha Packaging Company, LLC will also be creating 104 full-time jobs, retaining 20 full-time jobs and making a Capital Investment of \$5,500,000 at two facilities in Edwardsville, Illinois. The Company's Capital Investment will consist of the purchase of equipment (\$4,000,000) and forklifts (\$1,500,000). The Chicago, Illinois facility is a manufacturing facility while the Edwardsville, Illinois facilities will be distribution facilities. Overall, Menasha Packaging Company, LLC will create 112 full-time jobs, retain 230 full-time jobs and make a Capital Investment of \$10,500,000.

### **Midwest Physician Administrative Services (MPAS)**

Midwest Physician Administrative Services is expanding its services in the Midwest Region by opening a new service facility. The Company conducted a strategic process including market studies and collaborating with its employees to identify locations that would best fit its expansion goals. The Company identified two possible scenarios. The first option was to open a site in Indianapolis, IN. The second option was to remain in Illinois and expand its current Lisle office and to open a new office in Downers Grove, Illinois. The Illinois option will result in the creation of 181 full-time jobs in Illinois, 89 in Downers Grove and 92 in Lisle. The Company will be investing \$12,535,624 in combined leases for the 2 locations. The lease for the Downers Grove property totals \$7,434,671 over ten years and is discounted at 3% for a Net Present Value of \$6,255,314. The lease for the Lisle property totals \$7,432,687 over ten years and is discounted at 3% for a Net Present Value of \$6,280,310.

### **PartyLite Worldwide, LLC**

PartyLite maintains manufacturing facilities in Batavia, Illinois and Barrow-in-Furness, England. In order to reduce operating costs, the Company will consolidate all of its manufacturing in Batavia. The project will include a Capital Investment in the amount of \$3,200,000 to purchase equipment and upgrade the IT systems and facility. The project will create 60 full-time jobs in Batavia.

### **Phoenix Modular Elevator**

Phoenix Modular Elevator has outgrown its current 20,000 square foot leased facility. The current lease holder is unwilling to undertake any major improvements in the facility. In order to keep up with recent increased demand for its products, the Company has planned a 2015 Capital Investment of at least \$1,320,000 will be placed in service at the new 100-acre industrial park in Mt. Vernon, Illinois. The project will include the purchase of 17 acres for \$85,000, construction costs in the amount of \$1,000,000 and the installation of an overhead crane and equipment in the amount of \$235,000. The project will create 5 new full-time jobs in Mt. Vernon and retain 8 existing full-time jobs.

### **Pivotal 5, LLC**

The Company's current Illinois facility is not suitable for current and future needs. Pivotal 5 planned to move from its current Chicago, Illinois facility and considered moving the Illinois office personnel to

Wisconsin to keep the office personnel with the warehousing function in one location. Alternatively, the Company also considered moving the office personnel and management personnel to a more suitable location in Illinois. Pivotal 5's total estimated Capital Investment over a ten year period in Illinois is \$1,389,476. This investment will consist of \$1,577,000 in estimated lease payments discounted at 3% for a Net Present Value of \$1,339,476 and \$50,000 in leasehold improvements, furniture and equipment. In addition, the Company will create 10 new full-time jobs and retain 15 existing full-time jobs. The Company recently purchased the operations of another company located at 404 Holtzman Road in Madison, Wisconsin. This location was considered as an option to consolidate all of the Company's operations.

### **PMSA Medical Healthcare Technologies**

PMSA Healthcare Technologies, Inc. will be expanding into the United States by establishing a medical equipment production facility at 1350 S Leavitt in the Illinois Medical District (IMD) in Chicago, Illinois. The Company will create a "supplier campus" within the IMD and supply the hospitals and other medical facilities with product. Eventually they will branch out to supply other medical facilities both regionally and throughout the United States. The Company expansion in Chicago will include a Capital Investment of \$4,570,567. The investment will consist of manufacturing and distribution licensing fees totaling \$3,000,000, lease hold improvements totaling \$95,000, furniture, fixtures and equipment totaling \$253,000, IT related expense totaling \$5,000 and 10 years of lease payments totaling \$1,427,360 discounted at 3% for a Net Present value of \$1,217,567. The project will result in the creation of 25 new full-time jobs in Chicago, Illinois.

### **Potash Holding, Inc.**

To enhance its global footprint, Potash has investments in four potash-related businesses in South America, the Middle East and Asia. With operations and business interests in seven countries, Potash is an international enterprise and a key player in the growing challenge to feed the world. Potash has offices at 1101 Skokie Boulevard in Northbrook, Illinois. In order to improve efficiencies and retain its Illinois operational staff, the Company will be making a Capital Investment of \$1,200,000. The investment will be for the purchase of equipment and the upgrade of its IT infrastructure. The project will result in the retention of 125 existing full-time jobs in Illinois.

### **Power Solutions International, Inc. (PSI)**

Due to Power Solutions International, Inc.'s (PSI) tremendous growth and success, the Company's three Wood Dale, Illinois facilities can accommodate the PSI's immediate growth; but they need additional space to accommodate its expected continued growth. The Company will create 125 new full-time positions which will consist of 50 full-time jobs created by Power Solutions International Inc. and 75 full-time jobs created by PEO Waterstone HR, LLC within two years and make a Capital Investment of \$6,400,000. The 125 created jobs will be in addition to its current baseline of 205 existing full-time jobs. The Capital Investment will consist of \$6,400,000 in equipment and machinery purchases. The job creation and the Capital Expenditure are expected to be distributed equally across the three existing Wood Dale locations. The Company has additional facilities in Nacogdoches, Texas and Detroit, Michigan that would have been able to facilitate its anticipated expansion on a more cost effective basis.

### **Prescient Edge, LLC**

Prescient Edge Holdings is relocating its headquarters from McLean, Virginia to Chicago. Prescient will be establishing a 24 hour security monitoring and support center in Chicago. The project will include a \$7,482,545 Capital Investment from the company. The investment will consist of the purchase Equipment and Software in the amount of \$364,048 and 10 years of lease payments

totaling \$9,463,931 discounted at 3% for a Net Present Value of \$7,118,497. The project will result in the creation of 60 new full-time jobs in Chicago, Illinois.

#### **Raise Marketplace, Inc.**

Raise Marketplace, Inc. is a rapidly growing company. The Company is focused on finding skilled and affordable employees in the IT and software development fields. The Company considered relocating to either: Austin, Texas, San Francisco, California, and Boston, Massachusetts or expand its Chicago location. The company will expand into a new facility at 33 S State Street in Chicago, Illinois. The expansion will include a Capital Investment of \$11,888,223 which consists of \$500,000 in furniture, fixtures and equipment purchases and 10 years of lease payments totaling \$13,500,000 discounted at 3% for a Net Present Value of \$11,388,223. The project will include the creation of 100 full-time jobs in Chicago, Illinois.

#### **RCM Industries, Inc.**

RCM Industries, Inc. is expanding its operations in Franklin Park, Illinois and will also be adding a new manufacturing facility in Wheeling, Illinois. The project will result in the creation of 25 full-time jobs in Franklin Park and Wheeling, Illinois. RCM will be making a Capital Investment of \$5,500,000 which consists of the purchase of new manufacturing equipment. The Company maintains production sites in both North Carolina and South Carolina, each of which would have been able to facilitate the expansion at a lower cost than in Illinois. EDGE tax credits were necessary to help offset the cost differential and ensure the project took place in Illinois.

#### **Right Weigh Innovations, Inc.**

Right Weigh Innovations, Inc. is a start-up Company. They will purchase property through a development agreement with the City of Olney. The property is a ten acre parcel owned by the City of Olney, located at Route 130 Industrial Park, Olney, Illinois. Right Weigh Innovations, Inc. will build a 12,000 square foot building with a 1,800 square foot office as a lean-to in front of the building. The Company will create 7 full-time jobs and make a Capital Investment of \$1,200,000. The Company's Capital Investment will consist of the construction of the building (\$650,000) and the purchase of equipment (\$550,000).

#### **Robertshaw Controls Company**

Robertshaw's Carol Stream facility is too large for its current operations and requires significant capital improvements. Robertshaw only needs approximately 50,000 square feet of operating space for its regional headquarters location, while the location is 200,000 square feet and sits on 20 acres. Additionally, the current location is in need of significant capital improvements to meet Robertshaw's standards. As the Company transitions from its prior owner, Invensys, to a stand-alone entity, the Company needs additional employees to handle tasks previously handled by the former corporate parent. In order to meet the square footage needs, the Company will be consolidating its headquarters and R & D facilities to Itasca, Illinois. The Company will be making a \$6,580,961 Capital Investment. The investment will consist of 8 years of lease payments with an option for 2 additional years totaling \$7,500,000 discounted at 3 % for a Net Present Value of \$6,580,961. The Project will result in the creation of 12 new full-time jobs and the retention of 113 existing full-time jobs in Itasca, Illinois.

#### **Saggezza, Inc.**

Saggezza undertook a strategic process to identify options in the Midwest region and beyond including studying markets and collaborating with employees to identify locations and environments that will best meet the Company's client needs and help them achieve its goals. Incentives are

needed to help justify the cost differential of doing business in Illinois versus doing business in its existing location in Brookfield, Wisconsin. To justify this project in Illinois as opposed to a lower cost option in Brookfield, WI Wisconsin, EDGE Credits are necessary for Saggezza to justify spending \$2,218,485. The Company will create 50 new full-time positions and retain 30 existing full-time positions at the project location in Chicago. The \$2,218,485 Capital Investment will consist of Leasehold Improvements of \$100,000 and lease payments over 10 years totaling \$2,483,511 discounted at 3% for a Net Present Value of \$2,118,485.

### **Saia Motor Freight Line, LLC**

Saia Motor Freight Line, LLC is expanding its operations into the Illinois market. The expansion includes the construction of a 100 door freight terminal including a maintenance area and fuel tank facility on a 34 acre site in Grayslake, Illinois. The project will include a \$12,350,000 Capital Investment by the Company. The investment will include \$1,500,000 for the purchase of 34 acres, \$9,500,000 for the building of a new shipping facility, \$750,000 for the construction of a maintenance shop, \$250,000 for the installation of a fuel tank and \$350,000 in additional construction costs. The project will result in the creation of 55 new full-time jobs and the retention of 30 existing full-time jobs. These 30 jobs are currently located in Burr Ridge but will be relocating to the Grayslake project site.

### **Saws International, Inc.**

Saws International Inc.'s current location at 4931 26<sup>th</sup> Avenue in Rockford can no longer meet the Company's production and space needs. In order to accommodate increased business and future growth, the Company has determined it must relocate to a larger more efficient facility. The Company has decided to locate this facility in Illinois rather than Wisconsin. They will build a new facility in Machesney Park. The project will create 5 new full-time jobs and retain 23 existing full-time jobs. The Company will be making a Capital Investment of \$2,380,000 which consists of \$335,000 in land acquisition costs, \$1,845,000 in construction costs, and \$200,000 in machinery purchases.

### **Semblem Corporation**

Semblem has decided to consolidate its four manufacturing facilities in Elmhurst, Illinois into one building. In order to do so, the Company will purchase a 142,000 square foot building at 900 Church Street in Elmhurst, Illinois. The building will be home to all but one of the company's manufacturing lines. The Company will be making a Capital Investment of \$10,000,000. The investment will consist of \$7,000,000 for the purchase of the new building and \$3,000,000 for the renovation of the building. The project will result in the creation of 25 new full-time jobs and the retention of 161 existing full-time jobs in Elmhurst, Illinois. Semblem considered relocating to Wisconsin rather than consolidating in Illinois.

### **Sensient Technologies Corp, LLC**

Sensient Technologies Corporation is relocating production from a Canadian facility to Illinois. The Company will be expanding its operations in Amboy, Illinois. The expansion will include a \$20,000,000 Capital Investment. The investment will include a \$3,000,000 renovation of its existing facility in Amboy, \$6,000,000 in equipment purchases, and an \$11,000,000 construction project for additional warehouse space. The project will include the creation of 50 new full-time jobs and the retention of 20 existing full-time jobs.

### **SKF USA, Inc.**

SKF USA, Inc. will establish a new North American research and development center to support all SKF markets with a focus on market-driven innovation and commercialization. The new facility is a 102,000 square foot building located at 1175 Warrenville Road in Naperville, Illinois. SKF will be

making a capital investment of \$18,613,448 which consists of lease hold improvements in the amount of \$1,600,000 and 10 years of lease payment totaling \$20,000,000 discounted at 3% for a net present value of \$17,013,448. The Company will create 40 full-time jobs within the first 2 years of the project and an additional 40 full-time jobs within 4 years.

### **Slidematic Precision Components**

Slidematic Precision Components currently occupies 150,000 square feet at its primary facility on Samuelson Road in Rockford, Illinois and 50,000 square feet at a nearby facility but needs to expand to accommodate its growing business. Slidematic will be making a Capital Investment of \$4,050,000 in Rockford, Illinois and will be creating 30 new full-time jobs while retaining 120 existing full-time jobs. The Capital Investment will consist of a \$1,600,000 renovation / expansion of its existing Samuelson Road location, the \$1,450,000 purchase and renovation of an additional facility in Rockford, and \$1,000,000 in equipment purchases. Both Beloit, Wisconsin and Carmel, Indiana were identified as possible alternative locations.

### **SMS Assist LLC**

SMS weighed its options for expanding at its current Chicago, Illinois headquarters versus Charlotte, NC. Charlotte, North Carolina offered a lower cost of doing business than Illinois and is home to one of its primary customer relationships. However, SMS chose to expand in Illinois. They will hire 50 new full-time employees in addition to its current base of 222 employees, and will spend approximately \$12.3 million in Capital Investments. The Company's Capital Investment will consist of Lease Payments over 10 years totaling \$12,378,324 discounted at 3% for a Net Present Value of \$10,508,444.

### **Tessengerlo Kerley, Inc.**

Tessengerlo Kerley, Inc. operates manufacturing plants throughout North America and will be expanding its operations by constructing a sulfur processing plant in East Dubuque, Illinois. The project will include a \$19,070,000 Capital Investment. The investment will consist of \$8,300,000 for the construction and installation of storage tanks & equipment, \$5,000,000 for electrical equipment and instrumentation installation, \$3,000,000 for piping, \$2,250,000 for building construction, \$20,000 for a septic system, and \$500,000 for pollution control. The project will result in the creation of 16 new full-time jobs in East Dubuque, Illinois.

### **The Standfast Group, LLC**

StandFast will expand its manufacturing operations by relocating from Addison, Illinois to Carol Stream, Illinois. The expansion will include a \$40,000,000 Capital Investment from the Company. The investment will include \$20,000,000 for the purchase and renovation of a building and \$20,000,000 for the purchase of new equipment and machinery. The project will result in the creation of 100 new full-time jobs and the retention of 75 existing full-time jobs. Incentives are needed to help justify the cost differential of doing business in Illinois versus doing business in our potential expansion market LaPorte, Indiana or the St. Louis, Missouri area.

### **TreeHouse Foods, Inc.**

TreeHouse Foods, Inc. was founded in 2005. As TreeHouse continues to grow organically and through strategic acquisitions, it is imperative that it have the managerial, corporate, and clerical support needed to effectively and efficiently run a business of its consistently growing size. Specifically, TreeHouse will be expanding its Oak Brook Illinois headquarters. The expansion will include a Capital Investment of over \$5,400,000 and the addition of 30 new full-time employees over the next 2 years. The \$5,450,000 Capital Investment consists of \$700,000 of lease hold

improvements, \$3,100,000 in IT equipment purchases and 10 years of lease payments totaling \$1,800,000 discounted at 2.25% for a Net Present Value of \$1,650,000.

### **Vail Systems Inc.**

Vail Systems Inc. (Vail) was incorporated in Illinois in 1991. Vail undertook a strategic process to identify alternative locations and environments that would best meet planned expansion needs. The Company identified two options to facilitate its expansion Denver, Colorado or Chicago. Vail will open a new, additional facility in Chicago, Illinois. The expansion will create 30 new full-time jobs. The Company will make a Capital Investment of \$1,962,895 which consists of \$775,000 in leasehold improvements, \$240,000 in furniture, fixtures & equipment, \$120,000 in IT costs and lease payments over 10 years totaling \$984,280 discounted at 3% for a Net Present Value of \$827,895 in order to open the new Chicago facility.

### **Valence Health, Inc.**

Valence Health, Inc. is currently located at 600 W Jackson in Chicago, Illinois but this site does not afford enough space for future growth. In order to stay in Illinois the Company will be moving to 540 W Madison in Chicago, Illinois. The project will create 100 new full-time jobs within 2 years and 400 additional full-time jobs within 5 years. The project will also include a Capital Investment which consists of 10 years of lease payments totaling \$24,000,000 discounted at 3% for a Net Present Value of \$16,818,700. The Company analyzed growth opportunities at the existing locations including Texas. Illinois was identified as the highest cost market within its portfolio. However, because of EDGE incentives and the fact the Company is based in Illinois, it is chose to expand at a site in Chicago.

### **Visanow.com, Inc.**

Visanow.com, Inc. was founded in 1998 in Chicago. In order to facilitate the projected growth, Visanow.com, Inc. will be moving from its current facility at 350 N LaSalle in Chicago, Illinois to a larger facility at 230 W Monroe in Chicago, Illinois. The project will include a Capital Investment of \$6,107,762. The investment will consist of lease hold improvements in the amount of \$1,000,000 and 10 years of lease payments totaling \$6,090,000 discounted at 3% for a Net Present Value of \$5,107,762. The expansion will result in the creation of 50 new full-time jobs at the project location over the next 2 years. The Company considered relocating to Phoenix, Arizona but decided to remain in Illinois.

### **W Diamond Group Corporation**

The W Diamond Group is relocating its corporate headquarters from New York, as well as increasing its manufacturing capacity in Des Plaines, IL. The Company will be making a Capital Investment of \$12,376,327. The investment will consist of the purchase of equipment in the amount of \$2,500,000 and at least 10 years of lease payments totaling \$11,634,080 discounted at 3% for a Net Present Value of \$9,876,327. The project will result in the creation of 25 new full-time jobs and the retention of 541 existing full-time jobs in Des Plaines, Illinois.

### **Wahl- Clipper Corporation**

Wahl Clipper Corporation considered a relocation of its world headquarters to Iowa or Indiana or constructing a new 40,000 square foot office building in Sterling, Illinois that would create 5 full-time jobs and retain 114 full-time jobs. The Sterling campus employs 899 full-time employees and totals approximately 480,000 square feet located in Whiteside County. The Company's Capital Investment of \$8,465,000 will go towards the construction of the office building.

### **Weber-Stephen Products, LLC**

Weber-Stephen Products LLC (“Weber”) has operations throughout the world including: Canada, Mexico, Europe, Australia, China, India and other countries. Weber is poised to grow further through new product development, geographic expansion and market expansion, all focused on its Weber brand and achieving total customer satisfaction. Weber will construct a 757,000 square foot warehouse which will function as a global distribution Center for Weber’s products in Huntley, Illinois. The project will result in the creation of 90 new full-time jobs and the retention of 425 existing full-time jobs. The project will also include a Capital Investment of \$5,409,000 which consists of \$5,009,000 in IT equipment, telecom equipment, cabling, building infrastructure improvement, generators, racking, loading docks and other general lease hold improvements. The investment also includes \$400,000 in relocation and transportation costs. Weber ships its product globally and had identified lower cost potential alternative sites in Texas and Florida.

### **Weichai America Products Corporation**

Weichai America Corporation (WAC) is located at 3100 Golf Road in Rolling Meadows, Illinois. WAC will rehabilitate the property and transform it into a technology development and testing center. The property will also function as the center of the WAC’s efforts to expand its customer base in North America and as the applicant’s North American Headquarters. WAC will make a Capital Investment of \$8,050,000 for the expansion / renovation of the existing Rolling Meadows facility. The project will create 32 new full-time jobs and retain 21 existing full-time jobs.

### **Westfield Distributing North Dakota, Inc. dba Union Iron Works**

Union Iron Works (UIW) manufactures products in two Decatur, Illinois facilities. Logistics and material handling between the facilities result in inefficiencies and wasted manpower and capital. UIW will consolidate its manufacturing into one efficient facility in Decatur, Illinois. The project includes the acquisition of a 20-acre parcel of land and the construction of a 135,000 square foot facility. The proposed site is located on East Mound Road and Route 48 in Decatur, Illinois. The 135,000 square foot building includes three docks and dock aprons, parking for approximately 250 vehicles as well as landscaping, irrigation and on site storm water detention. The project will include a Capital Investment of \$10,312,784 which consists of \$360,000 for land acquisition costs, and \$9,952,784 in construction costs. The project will create 25 new full-time jobs and retain 115 existing full-time jobs in Decatur, Illinois.

### **Wise Plastics Technologies, Inc.**

Wise Plastics Technologies, Inc. has reached capacity at its current location and is will opening a second location which will be used for their assembly department and shipping warehouse. The project will include a Capital Investment of \$6,954,355. The investment will consist of lease hold improvements and renovation of its existing facilities in the amount of \$470,000, equipment purchases in the amount of \$2,249,082, and 10 years of lease payments totaling \$4,950,000 discounted at 3% for a Net Present Value of \$4,235,273. The project will result in the creation of 30 new full-time jobs and the retention of 38 existing full-time jobs in West Chicago, Illinois.

### **Wm. Wrigley Jr. Company**

Wrigley will be making a \$50 million investment at its Yorkville, Illinois site to meet increased consumer demand for Skittles products. The address of the site is 2800 North Route 47 Yorkville, Illinois. This \$50,000,000 investment will include the expansion of the existing site, construction of a new manufacturing line, updating of site equipment and the creation of 75 new full-time jobs. Skittles are currently produced at the Company’s Waco, Texas facility. Wrigley also maintains a significant presence in Monterrey, Mexico and Toronto, Canada and considered both of these sites as the

possible home for the expansion. Wrigley will use EDGE incentives to help offset higher construction costs, labor costs and material costs in Illinois.
