Narratives

Disaster Damage:

The upper Midwest and the state of Illinois was hit with heavy rains in 2008 and as a result suffered significant damage and financial impacts. The statewide average precipitation in 2008 was 50.7 inches, 11.4 inches above normal and the second wettest year since 1895. Based on preliminary data, the statewide average precipitation for September 2008 was 7.98 inches, making this the third wettest September on record (going back to 1895) for Illinois. Chicago (at O'Hare airport) reported 6.64 inches on September 13, 2008 setting a new record for the most rain in one calendar day in Chicago's history.

Major flooding in three regions of the state kept the State Emergency Operations Center (SEOC) activated for more than three weeks in June and early July. A large contingent of state resources, including more than 1,400 Illinois National Guard troops, was activated to help communities along the Mississippi River and other rivers in northern and southeastern Illinois battle floodwaters. In total, 26 levees overtopped or breached along the Mississippi River between Rock Island, Illinois and St. Louis, Missouri. Six of the 26 overtopped or breached levee systems are located in Illinois. As a result of the June 2008 flooding, 25 Illinois counties were declared federal disaster areas per FEMA-1771-DR. Twenty-one of these 25 counties are located along the Mississippi, Embarras, and Wabash Rivers. The state's requests for federal disaster assistance for people and businesses in 18 counties and for local governments in 22 counties were approved by FEMA, bringing welcomed relief to many persons in these flood-battered areas. HUD previously allocated \$17,341,434 to assist these counties in their efforts to recover from the devastation caused by the severe flooding.

Flooding in September again ravaged homes, businesses and communities. Heavy rains, including precipitation from Hurricane Ike, caused extensive flooding in the northern and central regions of the state in September. The severe flooding caused tremendous damage, which, in turn, left most communities without electricity for days, and many for weeks. The state was successful in getting federal assistance for people and businesses in nine counties, as well as federal reimbursement for some flood-related expenses incurred by local governments in 13 counties. A total of 41 counties were included in FEMA 1800-DR, FEMA 1771-DR and FEMA 1747-DR.

The following counties were declared eligible for federal assistance in the three 2008 Disaster Declarations:

Illinois Counties Declared Under FEMA-1800-DR (These Counties must be Supported by IL CDBG 1800 Disaster Recovery Funding) - Bureau County, Cass County, Cook County, DeKalb County, DuPage County, Greene County, Grundy County, Kane County, Kendall County, LaSalle County, Macoupin County, Montgomery County, Peoria County, Scott County, Will County, Woodford County

Illinois Counties Declared Under FEMA-1771-DR (These Counties may also be Supported by IL CDBG 1800 Disaster Recovery Funding) - Adams County, Calhoun County, Clark County, Coles County, Crawford County, Cumberland County, Douglas County, Edgar County, Greene County, Hancock County, Henderson County, Jasper County, Jersey County, Lake County, Lawrence County, Madison County, Mercer County, Monroe County, Pike County, Randolph County, Rock Island County, St. Clair County, Scott County, Whiteside County, Winnebago County

Recovery Needs:

ECONOMIC IMPACT

Small Business Economic Impact

According to preliminary estimates from the US Small Business Administration (SBA), Illinois' small businesses experienced approximately \$43 million in economic losses from flooding and other disasters in 2008. As of September 2009, 1224 Illinois small businesses in areas affected by 2008 flood and storm disaster have been approved for SBA loans. Approximately 1224 businesses experienced at least some business interruption. The state must have resources to provide low-cost financing, grants and technical assistance to businesses in order to jumpstart its economic recovery. Funding for small businesses in impacted Illinois communities needing financial support will be prioritized under the economic development program, as part of this disaster plan.

Large Business and Other Economic Impact

The 2008 disasters forced many families out of communities that were impacted by severe flood damage. Employers need their workforce back in their communities. Accelerated provision of temporary affordable housing and the development of permanent affordable housing are critical for the state's employers to get back into commerce and expedite recovery. Funding is needed to support impacted Illinois communities with large businesses needing financial support to remain or locate in these areas of the state. Resources will also be prioritized for support to these communities under the economic development stimulus program, as part of this disaster plan.

HOUSING IMPACT

Over 5,500 homes were impacted by the storms and flooding. According to data provided by FEMA and SBA, it is estimated that there remains approximately \$172,069,178 in unmet housing needs in the affected counties for the 2008 floods. As of September 2009, \$48,115,937 was been approved for disaster housing assistance to help with temporary housing and home repairs for FEMA 1800-DR alone. The Department will consider the damage rating level among other criteria in approving funding to assist residents in affected counties. Damage level is rated by FEMA from "affected"(insignificant), "minor" (low), "major" (significant) and "destroyed" (high).The State will prioritize resources to assist homeowners repair and rebuild their homes. Resources will also be provided to build affordable rental housing for the workforce as well as those that were displaced due to flooding.

PUBLIC INFRASTRUCTURE IMPACT

The state estimates more than \$94.6 million in public infrastructure damage requiring short term recovery assistance in counties declared under federal DR 1800 and DR 1771 in 2008. To address this damage, the state has or will receive approximately \$75 million in emergency response and immediate recovery activities through funds made available under FEMA. The difference remaining after FEMA funding is approximately \$31.6 million and represents the current unmet, short term financial need identified in affected counties as of September 2009. In addition to addressing short term need, the supplemental appropriation also will support communities in long term disaster mitigation strategies, to avoid the level of damage and severe impact resulting to communities. The extent of the impact to affected areas in Illinois in 2008 made the state one of several eligible for this disaster recovery assistance to address both short and long term recovery, restoration and mitigation needs in these counties.

Note that the Progress Toward Activity Type Target for Affordable Rental Housing is being calculated incorrectly by DRGR. Target with added Disaster Recovery Enhancement Funding remains at \$18,950,911, not \$21,694,400 as reported by DRGR. Note also that the Progress Toward National Objective Target for LMI is calculated incorrectly by DRGR as 50% of the entire grant amount, rather than 50% of the grant amount minus admin and planning funds.

Low/Mod	\$96,850,002.00	\$124,100,246.55

Overall Progress Narrative:

Disbursements reached 76 percent in December. Grant obligations increased to 99 percent this quarter as DCEO made the final funding decisions this quarter. Program funding was reallocated to enable the approved final awards. Grant agreement modifications for increases to existing grants were initiated to fully obligate and utilize all Ike funds, including program income received to date. The grant agreement modifications will continue in 2015 as unused funds from closing grants is deobligated and made available for the approved projects. General management and overall administration of the Ike Disaster Recovery Program continued and included guidance and support of the final applicants that remained under review for Economic Development and Community Stabilization Program funding. This quarter included completion of DRGR action plan updates, data entry and submittal of 2014 Q3 QPRs; internal program quality control review of files; ongoing updates of program policies and procedures including the grant closeout policy, ongoing state and HUD program reporting, reporting and documentation turnover for a state annual audit and a HUD OIG audit, and oversight and ongoing development of a disaster recovery grant administration manual for the state and grant recipients. Continued to provide technical assistance to IFF by completing site specific environmental assessments for properties being acquired with the reused funds under their approved reuse plan. Completed efforts to complete all awards for remaining unobligated funds through frequent meetings and discussions on the eligible applicants, anticipated deobligations of unused grant funds, the status of administration funding amounts and modification of the project budgets to allow funding of the final awards.

For the Affordable Rental Program, one activity is still under construction, construction is complete for 14 activities and construction of the final activity will begin in January 2015. Two rural development housing activities were completed this quarter: Cedar Ridge Apartments in Lebanon consisting of 24 units on October 29, 2014 and Parkside Place Renovations in Beardstown consisting of 23 units on December 17, 2014. Of the 631 affordable rental units completed thus far, 614 are rented. The final permanent supportive housing activity in Peoria advanced through the project startup work and environmental review. Construction will start in January 2015. The Interagency Agreement between DCEO and IHDA was extended until December 31, 2015 to enable completion of the last activity and closeout of the entire grant. The monitoring letter was issued this quarter for the follow up monitoring visit conducted in the previous quarter; no findings or concerns were identified. Reviewed draw requests and reports and other tasks to support the Affordable Rental Program.

For the Business Assistance Program, a monitoring and technical assistance visit was conducted over the week of October 20, 2014. Since the visit, continued to verify submitted information and documentation and continued technical assistance in job creation documentation collection and verification. Reviewed reports and other program delivery tasks to support the Business Assistance Program. Anticipate completing final verification, reporting and initiating grant closeout in the first quarter of 2015.

For the Community Stabilization Program, previously received applications continued to be reviewed for the final awards. Modified grant agreements to revise grant end date, scopes or funding amounts for numerous projects. Continued with environmental review for three projects and completed 11 more site specific reviews. Assisted with procurement and construction bidding requirements, procurement continued for one activity. The recipients of the housing rehab funds in the Community Stabilization Program continued with acquisition and rehab this period; 56 properties have been identified, 54 properties have been acquired, 12 rehabs are underway, 42 property rehabs are complete and 31 properties have been sold to LMI qualified homebuyers to date, 3 this period. Additionally, after the Fund Reuse Plan was approved by DCEO, the recipient has identified 7 more homes for acquisition and rehab. One monitoring visit was conducted in October 2014. Continued with close out of completed activities this period. Continued preparing or processing draw requests and reports and other program delivery tasks to support the Community Stabilization Program.

For the Economic Development Program, previously received applications continued to be reviewed for the final awards. Continued with preparing loan or grant agreements for the three most recent awards; one of these three awards was cancelled this period. Continued with environmental review of one activity. Construction of a new business facility was completed this period. Continued with close out of completed activities this period. Continued preparing or processing draw requests and reports and other program delivery tasks to support the Economic Development Program.

For the Housing Rehab and Repair program, continued with closeout of the completed housing files this period. Reviewed administration cost draw requests, prepared reports and other program delivery tasks to support the housing rehab program.

For the Planning Program, continued to receive and review final plans. Received four completed and adopted plans this period; 55 to date. All planning projects are now complete. Reviewed last plans for adherence to scope of work and grant agreement requirements. Continued with closeout of completed grants this period. Reviewed payment requests for payment of planning professionals, prepared progress reports, and other program delivery tasks to support the Planning program.

For the Property Buyout Program, continued to determine budget adjustments and grant end date modifications needed to complete the remaining demolition activities in the funded communities. The final property acquisitions occurred in the previous quarter. Continued to assist communities with demolition contractor solicitation or documentation necessary for force account use for demolition. Continued to assist communities with procurement of abatement and demolition design professionals. Twenty three additional properties were demolished this period; 96 to date. Reviewed and oversaw two sub-recipient administered buyout grants; 73 acquisitions to date with 2 completed this period; no properties were demolished this period, 66 demolished to date. Continued with review of the homeowner files and closeout of completed grants this period. Other program delivery tasks in order to support the property buyout program.

For the Public Infrastructure Program, continued to modify grant agreements to extend grant date or grant funding amount. Assisted with construction bidding requirements and one was advertised this period; 86 to date. Provided assistance with preconstruction meetings for two more activities moving into construction; 86 to date. Conducted Davis Bacon labor reviews associated with draw requests. Completed three on-site monitoring visits this period; 84 to date. Six activities reached substantial completion this period; 80 to date. Continued with close out of completed grants this period. Reviewed draw requests, completed reports and other program delivery tasks to support the Public Infrastructure program.

Activity Description:

ACCION Chicago (ACCION), in partnership with DCEO, will support new and existing businesses located in FEMA disaster-declared counties of 2008. ACCION will provide technical assistance to prospective and current entrepreneurs as well as microloans ranging in size from \$200 to \$50,000 to clients who may not qualify for traditional bank financing. ACCION will serve all 41 counties per amended Grant Agreement.

Activity Description:

This activity funds the general administration of the funds

Location Description:

This activity is the general administration of the grant awarded by HUD. project location is throughout the state

Activity Progress Narrative:

General management and overall administration of the Ike Disaster Recovery Program continued and included guidance and support of the final applicants that remained under review for Economic Development and Community Stabilization Program funding. This quarter included completion of DRGR action plan updates, data entry and submittal of 2014 Q3 QPRs, internal program quality control review of files, ongoing updates of program policies and procedures including the grant closeout policy, ongoing state and HUD program reporting, reporting and documentation turnover for a state annual audit and a HUD OIG audit, and oversight and ongoing development of a disaster recovery grant administration manual for the state and grant recipients. Continued to provide technical assistance to IFF by completing site specific environmental assessments for properties being acquired with the reused funds under their approved reuse plan. Completed efforts to complete all awards for remaining unobligated funds through frequent meetings and discussions on the eligible applicants, anticipated deobligations of unused grant funds, the status of administration funding amounts and modification of the project budgets to allow funding of the final awards.

Activity Description:

Funds directly related to implementing the Affordable Rental Housing Program

Location Description:

Activity Progress Narrative:

For the Affordable Rental Program, one activity is still under construction, construction is complete for 14 activities and construction of the final activity will begin in January 2015. Two rural development housing activities were completed this quarter: Cedar Ridge Apartments in Lebanon consisting of 24 units on October 29, 2014 and Parkside Place Renovations in Beardstown consisting of 23 units on December 17, 2014. Of the 631 affordable rental units completed thus far, 614 are rented. The final permanent supportive housing activity in Peoria advanced through the project startup work and environmental review. Construction will start in January 2015. The Interagency Agreement between DCEO and IHDA was extended until December 31, 2015 to enable completion of the last activity and closeout of the entire grant. The monitoring letter was issued this quarter for the follow up monitoring visit conducted in the previous quarter; no findings or concerns were identified. Reviewed draw requests and reports and other tasks to support the Affordable Rental Program.

Activity Description:

ACCION Chicago (ACCION), in partnership with DCEO, will support new and existing businesses located in FEMA disaster-declared counties of 2008. ACCION will provide technical assistance to prospective and current entrepreneurs as well as microloans ranging in size from \$200 to \$50,000 to clients who may not qualify for traditional bank financing. ACCION will serve all 41 counties per amended Grant Agreement.

Location Description:

Assisted businesses will be located in any of the 41 disaster declared counties

Activity Progress Narrative:

A total of 375 loans have been closed for BAP. The last loan disbursement date was Sept 2013. To date, 333 loans totaling \$2.6M were disbursed. Technical assistance and monitoring was conducted at Accion's office October 20-24. Data collection and review is continuing. Final reporting, payment and closeout is anticipated in the first quarter of 2015. Job creation accomplishments and beneficiaries will be reported upon closeout.

Activity Description:

Project will involve the asbestos removal, other cleanup and the demolition of the Dixie Square shopping mall facility, located in Harvey, Illinois. The facility and project site have been condemned by the city of Harvey, with court order to demolish the facility. The clean-up and demolition of the asbestos contaminated and structurally unsound facility, located on a 39 acre parcel in the city of Harvey, will help to protect the health and safety of local residents and lay the groundwork for future ED in the economically depressed community. The project was determined to be an indirect result of the disaster. The document used for verification was the same documentation under the slum and blight national objective as well as a direct quote from Attorney General's order which stated that "the flood of 2008 exacerbated the problem of asbestos runoff into drainage and sewer systems in the area."

Location Description:

Dixie Square Mall is located on a 39 acre parcel in the City of Harvey along Dixie Highway between W 151st Street and W 154th Street.

Activity Progress Narrative:

Programmatic closeout is underway. Funds deobligated. Closed in eGrants.

Activity Description:

The Department shall make available to the Grantee IDRP funds up to the gross amount of \$8,622,692 for the purpose of funding and implementing single-family housing acquisition and rehabilitation projects in the Villages of Bellwood, Maywood, and Forest Park (West Cook Housing) and Hazel Crest, Lansing, Park Forest, and South Holland (South Cook Housing). The Grantee will receive funding for the acquisition and rehabilitation of a minimum of 52 homes located in the specified Villages. The rehabilitated homes will be sold with affordable mortgages to qualifying low-and-moderate income (LMI) buyers. The Grantee will engage a qualified housing developer to implement the acquisition and rehabilitation activities. Upon completion of rehabilitation for each property, the sales price of each home shall not exceed the current Fair Market Value of the home. If the sales price is not affordable to potential LMI buyers, mortgages will be made affordable via homebuyer subsidies as defined in the approved Housing Program Plan.

Location Description:

Portions of southern and western Cook county.

Activity Progress Narrative:

West Cook: 31 homes identified, 30 homes rehabbed and 29 sold; 7 homes identified under approved reuse plan. South Cook: 25 homes identified, 12 rehabs underway, 12 homes rehabbed and 2 sold. During the quarter, 11 more site specific environmental assessments were completed.

Funds directly related to implementing the Community Stabilization Program

Location Description:

Activity Progress Narrative:

For the Community Stabilization Program, previously received applications continued to be reviewed for the final awards. Modified grant agreements to revise grant end date, scopes or funding amounts for numerous projects. Continued with environmental review for three projects and completed 11 more site specific reviews. Assisted with procurement and construction bidding requirements, procurement continued for one activity. The recipients of the housing rehab funds in the Community Stabilization Program continued with acquisition and rehab this period; 56 properties have been identified, 54 properties have been acquired, 12 rehabs are underway, 42 property rehabs are complete and 31 properties have been sold to LMI qualified homebuyers to date, 3 this period. Additionally, after the Fund Reuse Plan was approved by DCEO, the recipient has identified 7 more homes for acquisition and rehab. One monitoring visit was conducted in October 2014. Continued with close out of completed activities this period. Continued preparing or processing draw requests and reports and other program delivery tasks to support the Community Stabilization Program.

Activity Description:

In support of the Chicago Lakeside Redevelopment of the former US Steel South Works Facility, this project involves the reconstruction of 2,600 linear feet of Green Bay Ave between 83rd St and 87th St and the construction of 340 linear feet of 84th St between Green Bay Ave and South Lakeshore Dr. The roadway improvement project will also include the separation of storm and sanitary sewers, the implementation of permeable pavement and other "green" infrastructure, and the re-establishment of natural drainage patterns.

Location Description:

Green Bay Ave., between 83rd St. and 87th St., Chicago

Activity Progress Narrative:

Preliminary design plans submitted in Aug 2014. The grantee indicated the scope of the project has changed and that they will provide an updated scope once completed. Will need to determine if the environmental review will have to be revised. Payments to grantee on hold until they achieve compliance with special grant conditions.

Activity Description:

Site and infrastructure work on a 12 acre unimproved parcel of land. Project includes environmental remediation, erosion control, installation of utilities and mass grading in preparation for the overall development of a 138,000 square foot Community/Recreation Center facility. Upon completion, the facility will serve the surrounding low-income communities through its offerings of community meeting rooms and facilities for community sports activities. This is a unique combination not currently offered anywhere in the City of Chicago. The 10 mile radius to be served by the facility is predominantly African American, and more than 25 percent of the population is Latino. The facility will provide a secure, well run indoor facility with appropriate professional staffing. In the immediate 1.5 mile radius of the facility, there are 825 students enrolled in public elementary schools and 2,847 enrollees in public high schools.

Location Description:

10355 S Woodlawn in the Pullman neighborhood on the far South Side of Chicago.

Activity Progress Narrative:

CNI reissued bid requests and opened bids on November 12, 2014. The grantee is moving forward with awarding the earthwork and dynamic compaction portions of the project. A small purchase procurement was completed for cleanup of the areas with high amounts of lead contamination. The contractor has completed administrative requirements and work has started with anticipated completion during early 2015 weather permitting. DCEO has granted CNI a grant extension to June 2015 to complete construction and the site is scheduled to open in September 2015.

Activity Description:

Dredging of the Carthage Channel for the levee district; pump station/Generator Upgrades for Henderson County and Pump installation for Gulfport.

Location Description:

Henderson County and Village of Gulfport

Activity Progress Narrative:

DCEO approved funding three projects directly to the City of Gulfport with Drainage Districts I and II as sub-recipients although an award letter was not issued. The vendor is currently awaiting some items from the applications from the Village to initiate the grant agreement process. DCEO also agreed in November 2014 to provide an additional \$800k to fully fund the three selected projects.

Activity Description:

The City of Staunton has applied on behalf of TDS Transportation, Inc. to extend water and transportation infrastructure to lands adjacent to the business so that the company can expand onto the site. Expansion will create 13 FTE jobs. The proposed roadway will allow for much safer access to and from IL Route 4 by TDS vehicles and safer driving conditions for the general public.

Location Description:

City of Staunton

Activity Progress Narrative:

An award letter was issued mid April 2014. Notice of Grant Award is underway in eGrants and is with legal review. Procurement will begin after the grant agreement documents are executed.

Activity Description:

Funds directly related to implementing the Buyout Program

Location Description:

Activity Progress Narrative:

For the Property Buyout Program, continued to determine budget adjustments and grant end date modifications needed to complete the remaining demolition activities in the funded communities. The final property acquisitions occurred in the previous quarter. Continued to assist communities with demolition contractor solicitation or documentation necessary for force account use for demolition. Continued to assist communities with procurement of abatement and demolition design professionals. Twenty three additional properties were demolished this period; 96 to date. Reviewed and oversaw two sub-recipient administered buyout grants; 73 acquisitions to date with 2 completed this period; no properties were demolished this period, 66 demolished to date. Continued with review of the homeowner files and closeout of completed grants this period. Other program delivery tasks in order to support the property buyout program.

Activity Description:

The Village will construct a floodwater storage facility consisting of a concrete box culvert on west Leland Avenue between N New England Ave and Oak Park Ave. The box culvert will store excess runoff during heavy rainstorms until the downstream combined sewer has sufficient capacity to drain this excess stormwater.

Location Description:

Leland Ave from New England Ave to Oak Park AVE

Activity Progress Narrative:

Project complete. Deobligated \$19,120.57. Closed in e-grants and programmatic closeout underway.

Activity Description:

Project includes the implementation of necessary flood control measures to the banks and channel of Wolf Run Creek that flows through the Village. The Village is currently prone to flooding due to debris buildup in the creek causing the water to dam up, flood the waste water treatment plant and back up the sanitary sewer into private homes and flood streets. Also growth along the banks will be removed and the creek will be excavated to adjust the left bank and increase channel volume.

Location Description:

4230 feet of Wolf Run creek channel going west from Bluffs St

Activity Progress Narrative:

Project complete. Deobligated \$22.09. Closed in e-grants and programmatic closeout underway.
