

Did you know?

Fewer than one percent of the nation's 29 million small businesses export.

We can help bring the world closer to home.

The Illinois Small Business Development Center/International Trade Center can help you represent your company and products and/or services in the global marketplace by providing assistance in the areas of: pricing, documentation, shipping and logistics information, financing options, translation, foreign market and industry specific research, tariff schedules, and industry classifications.

Connecting
Businesses
Locally.

Thinking
Globally.

INCREASING EXPORT SALES FOR SMALL BUSINESS BY:

- Identifying new market opportunities by product or industry
- Preparing companies to export into new markets
- Locating and securing export financing
- Providing in-depth advice on international trade techniques
- Preparation of export documentation
