### Are you taking advantage of government-supported grants, tax incentives and loan programs to help reduce costs and increase your competitiveness?

The City of Chicago, State of Illinois and US Small Business Administration offer a broad range of tax-payer supported programs to help your business prosper in Illinois. From business expansion, to energy and recycling, to homeland security and exporting, these programs offer opportunities for cost savings in nearly every area of your business. Whether you are interested in grant assistance for recruiting and training employees, want to take advantage of tax credits for research and development or need a low-interest loan to purchase a new building or piece of capital equipment, this luncheon will help you understand the range of financial resources available to your company and how to maximize the benefits.

#### Who Should Attend:

Business Owners/ CEOs  
CFOs/Tax Managers/Controllers  
Financial Professionals  
Entrepreneurs

#### Learn about programs from representatives of:

- US Small Business Administration
- Illinois Department of Commerce & Economic Opportunity
- Illinois State Treasurers Office
- Illinois Finance Authority
- City of Chicago
- SomerCor 504, Inc.

These representatives will be available before and after lunch to provide you with information and talk with you one-on-one about the programs that are most beneficial to your company.
