Does your Illinois company offer innovative water technology or solutions within the water industry? If so, you are invited to attend WATEC Israel 2015.

Bringing together Israeli and international business executives, water utility engineers, political decisions makers, and leading researchers, WATEC Israel 2015 promises to be a premier showcase for the most advanced technologies and solutions from Israel and around the world. The 2013 show attracted over 45,000 attendees from over 50 different countries. At the event, you can find partners for projects and business ventures; discover technologies to address most pressing issues; and meet colleagues, solution providers, and potential customers. Israel is recognized as an international leader in innovation for management of scarce water resources with a robust entrepreneurial culture. WATEC Israel 2015 will emphasize technologies for a more efficient exploitation of natural resources.

Up to eight Illinois companies who qualify for this mission will receive:

- Trade show booth at the event
- 50% – 75% reimbursement of travel costs for hotel and airfare in accordance with state and federal guidelines
- Optimal service for matchmaking appointments to meet prospective partners, agents, and distributors
- Briefing materials
- Group ground transportation to programmed events
- Assistance with travel logistics
- Interpreter services, if needed
