

NOW CASTING FIREFIGHTERS

Do you and your squad have a brotherhood, friendship and dynamic that is compelling for television?

The producers at Eastern are looking to make a new series following the lives —on and off the clock— of **one distinctive firehouse.**

Tell us what makes your firehouse unique and you could be cast for a new non-scripted reality series.

We are open to **all stories**, and are especially interested in **multi-generational fire families.**
