Our children are not for sale.

Buying or selling a child for sex or labor is human trafficking and child abuse. Turning a blind eye to the abuse is neglect.

Any child under the age of 18 who is engaged in a sex act (prostitution, pornography or sexually-explicit performance) in exchange for something of value is a victim of human trafficking.

You can help put an end to the buying and selling of our children. If you suspect a child is a victim of human trafficking, call 911 and the DCFS Child Abuse Hotline at 1-800-252-2873.
