- II. **Discussion:**

The P-20 Council asked the Consortium for Educational Change (CEC) and Illinois State University (ISU) to conduct a two-phase study to better understand the use, value, and challenges of current large-scale assessments, as well as requirements, expectations, goals and priorities as the state transitions to new large-scale assessments. The information from the study will be provided to the Illinois State Board of Education (ISBE) to help inform decisions for large-scale assessments. The study is now complete and we would like to schedule a conference call to update you from our last meeting where we reviewed the preliminary results.
- III. **Call Adjourn**
