V. Guidance on Establishment of Navigation Pilot Projects
VI. One-Year Work Plan, Involvement of Quality Board Members, and Next Steps
VII. Selection of Group Meeting Dates (every 6 to 8 weeks for one year)
VIII. Ethics Training for Boards and Commissions

Individuals requiring reasonable accommodations should contact the Illinois Department of Healthcare and Family Services ADA Coordinator at 217-782-3328, TTY 217-524-2162, or Chicago 312-793-4322, TTY 312-793-1407, or HFS.webmaster@illinois.gov prior to the event.
The State is working to ensure that women in all communities have access to high quality mammograms and breast cancer treatment.

In Illinois today, women are dying from breast cancer when they do not have access to timely and high quality healthcare as reported by Metropolitan Chicago Breast Cancer Task Force and Sinai Urban Institute (2010).

Illinois already offers free mammogram screening for low-income women in the Medicaid Program and for uninsured women between ages 40-64 through the Illinois Breast and Cervical Cancer Program (IBCCP).

Beginning in 2011, the State will increase the Medicaid reimbursement rate for screening and diagnostic mammograms to the higher Medicare rate, as per Public Act 95-1045. Providers accepting this higher rate will be asked to sign provider agreements to meet access and quality goals, to report their screening detection rates and other screening quality measures to the Chicago Breast Cancer Quality Consortium, and to implement quality improvement plans, if necessary.

The State will establish 3 pilot projects to assist women who have breast cancer.

These “navigator” pilot projects, to be located in Chicago, in the suburbs/collar counties, and in downstate Illinois, will test different approaches to best assist women in the Medicaid Program and IBCCP in “navigating” the complex system of breast cancer treatment. The pilot projects will be reviewed and assessed by a third-party evaluator.

The State will conduct educational programs about early detection of and treatment for breast cancer.

For October 2010 Breast Cancer Awareness Month, the State has mailed mammogram reminders to over 350,000 women in the Medicaid Health Family Plans. Notices also have been distributed to primary care providers in 5,670 Illinois Health Connect medical homes. The State has shared sample messages about the importance of mammograms with community agencies and faith-based organizations serving communities with higher incidence of breast cancer.

Throughout the next year, the State will work with the Quality Board to design and implement effective outreach programs to inform women of available options to detect and treat breast cancer in their own communities. Women over 40 will be informed of their access to free annual mammograms -- whether they are enrolled in Medicaid or Medicare, have private insurance coverage, or are uninsured. Under the new federal Affordable Care Act (healthcare reform law), all new and renewed private health insurance policies will offer free annual mammograms.

For anyone who does not have health insurance, IBCCP will continue to offer free screening and free or low-cost treatment for women ages 40-64, by calling the Women’s Health-line at 888-522-1282 (800-547-0466 TTY).
AN ACT concerning regulation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Article 1. Legislative Intent

Section 1-1. Legislative intent. The General Assembly finds that the mortality associated with breast cancer for minority women in Illinois is significantly higher compared to non-minority women. This disparity has grown over the last 2 decades and is unacceptable. A recent New England Journal of Medicine article found that even modest cost-sharing deters women from getting a mammogram. The reduction was most pronounced for those with lower income and less education. Many other studies have found that women with lower family income and those relying on public programs for healthcare access mammography at a lower rate. It is, therefore, the intent of this legislation to decrease health disparities as they relate to breast cancer and to improve access for all women to quality breast cancer screening and treatment where necessary.

Article 5. Improving State Healthcare Programs With Respect To Mammography And Breast Cancer Treatment

Section 5-5. The Illinois Public Aid Code is amended by changing Section 5-5 as follows:

(305 ILCS 5/5-5) (from Ch. 23, par. 5-5)
Sec. 5-5. Medical services. The Illinois Department, by rule, shall determine the quantity and quality of and the rate of reimbursement for the medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1) inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other type of remedial care furnished by licensed practitioners; (7) home health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant women; (11) physical therapy and related services; (12) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic, screening, preventive, and rehabilitative services; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State, but not including abortions, or induced miscarriages or premature births, unless in the opinion of a physician, such procedures are necessary for the preservation of the life of the woman seeking such treatment, or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or her unborn child. The Illinois Department, by rule, shall prohibit any physician from providing medical assistance to anyone eligible therefor under this Code where such physician has been found guilty of performing an abortion procedure in a willful and wanton manner
upon a woman who was not pregnant at the time such abortion procedure was performed. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

The Department of Healthcare and Family Services shall provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

(1) dental services, which shall include but not be limited to prosthodontics; and
(2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.
(B) An annual mammogram for women 40 years of age or older.
(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast and personal history of breast cancer, positive genetic testing, or other risk factors.
(D) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for mid-breast, with 2 views of an average size for each breast. The term also includes digital mammography.

On and after July 1, 2008, screening and diagnostic mammography shall be reimbursed at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards. Based on these quality standards, the Department shall provide for bonus payments to mammography facilities meeting the standards for screening and diagnosis.
The bonus payments shall be at least 15% higher than the Medicare rates for mammography.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of drug abuse or is addicted as defined in the Alcoholism and Other Drug Abuse and Dependency Act, referral to a local substance abuse treatment provider licensed by the Department of Human Services or to a licensed hospital-based substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under the Drug Free Families with a Future or any comparable program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Subsance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for
alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

1. Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

2. The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and efficient delivery of medical care.

3. Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt and the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after the effective date of this amendatory Act of 1984, the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of any prescription drug shall be updated no less frequently than every 30 days as required by Section 5-5.12.

The rules and regulations of the Illinois Department shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, or induced miscarriages or premature births. This statement shall indicate what procedures were used in providing such medical services.
The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor that provides non-emergency medical transportation, defined by the Department by rule, shall be conditional for 180 days. During that time, the Department of Healthcare and Family Services may terminate the vendor's eligibility to participate in the medical assistance program without cause. That termination of eligibility is not subject to the Department's hearing process.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients without medical authorization; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and costs for maintaining such equipment. Such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are currently available or are undeveloped.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

(a) actual statistics and trends in utilization of medical services by public aid recipients;
(b) actual statistics and trends in the provision of the various medical services by medical vendors;
(c) current rate structures and proposed changes in those rate structures for the various medical vendors; and
(d) efforts at utilization review and control by the Illinois Department.

The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The filing of one copy of the report with the Speaker, one copy with the Minority Leader and one copy with the Clerk of the House of Representatives, one copy with the President, one copy with the Minority Leader and one copy with the Senate Committee, one copy with the Legislative Research Unit, and such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act shall be deemed sufficient to comply with this Section.

Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules.
being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Article 10. Breast Cancer Patients' Access To Pain Relief

Section 10-5. The Illinois Insurance Code is amended by adding Section 356g.5-1 as follows:

(215 ILCS 5/356g.5-1 new)

Sec. 356g.5-1. Breast cancer pain medication and therapy. A group or individual policy of accident and health insurance or managed care plan that is amended, delivered, issued, or renewed after the effective date of this amendatory Act of the 95th General Assembly must provide coverage for all medically necessary pain medication and pain therapy related to the treatment of breast cancer on the same terms and conditions that are generally applicable to coverage for other conditions. For purposes of this Section, "pain therapy" means pain therapy that is medically based and includes reasonably defined goals, including, but not limited to, stabilizing or reducing pain, with periodic evaluations of the efficacy of the pain therapy against these goals. The provisions of this Section do not apply to short-term travel, accident-only, limited, or specified-disease policies, or to policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the Social Security Act, known as Medicare, or any other similar coverage under State or federal governmental plans.

Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Section 10-10. The State Employees Group Insurance Act of 1971 is amended by changing Section 6.11 as follows:

(5 ILCS 375/6.11)

Sec. 6.11. Required health benefits; Illinois Insurance Code requirements. The program of health benefits shall provide the post-mastectomy care benefits required to be covered by a policy of accident and health insurance under Section 356t of the Illinois Insurance Code. The program of health benefits shall provide the coverage required under Sections 356g.5, 356g.5-1, 356u, 356w, 356x, 356z.2, 356z.4, 356z.6, 356z.9, 356z.10, and 356z.11 of the Illinois Insurance Code. The program of health benefits must comply with Section 155.37 of the Illinois Insurance Code.

Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Section 10-15. The Counties Code is amended by changing Section 5-1069.3 as follows:

(55 ILCS 5/5-1069.3)
(Text of Section before amendment by P.A. 95-958)
Sec. 5-1069.3. Required health benefits. If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the coverage shall include coverage for the post-mastectomy care benefits required to be covered by a policy of accident and health insurance under Section 356t and the coverage required under Sections 356g.5, 356a.5-1, 356u, 356w, 356x, 356z.6, 356z.9, 356z.10, and 356z.11-13 of the Illinois Insurance Code. The requirement that health benefits be covered as provided in this Section is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution. A home rule county to which this Section applies must comply with every provision of this Section.
Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Section 10-30. The Health Maintenance Organization Act is amended by changing Section 5-3 as follows:

(215 ILCS 125/5-3)   (from Ch. 111 1/2, par. 1411.2)

Sec. 5-3. Insurance Code provisions.
(a) Health Maintenance Organizations shall be subject to the provisions of Sections 133, 134, 137, 140, 141.1, 141.2, 141.3, 143, 143c, 147, 148, 149, 151, 152, 153, 154, 154.5, 154.6, 154.7, 154.8, 155.04, 355.2, 356a.5-1, 356m, 356v, 356w, 356x, 356y, 356z.2, 356z.4, 356z.5, 356z.6, 356z.8, 356z.9, 356z.10, 356z.11, 356z.12, 356z.13, 364.01, 367.2, 367.2-5, 367i, 368a, 368b, 368c, 368d, 368e, 370c, 401, 401.1, 402, 403, 403A, 408, 408.2, 408.3, 444, and 444.1, paragraph (c) of subsection (2) of Section 367, and Articles IIA, VIII 1/2, XII, XII 1/2, XIII, XIII 1/2, XXV, and XXVI of the Illinois Insurance Code.

(b) For purposes of the Illinois Insurance Code, except for Sections 444 and 444.1 and Articles XIII and XIII 1/2, Health Maintenance Organizations in the following categories are deemed to be "domestic companies":

1. a corporation authorized under the Dental Service Plan Act or the Voluntary Health Services Plans Act;
2. a corporation organized under the laws of this State; or
3. a corporation organized under the laws of another state, 30% or more of the enrollees of which are residents of this State, except a corporation subject to substantially the same requirements in its state of organization as is a "domestic company" under Article VIII 1/2 of the Illinois Insurance Code.

(c) In considering the merger, consolidation, or other acquisition of control of a Health Maintenance Organization pursuant to Article VIII 1/2 of the Illinois Insurance Code, the Director shall give primary consideration to the continuation of benefits to enrollees and the financial conditions of the acquired Health Maintenance Organization after the merger, consolidation, or other acquisition of control takes effect;

1. the criteria specified in subsection (1)(b) of Section 131.8 of the Illinois Insurance Code shall not apply and (ii) the Director, in making his determination with respect to the merger, consolidation, or other acquisition of control, need not take into account the effect on competition of the merger, consolidation, or other acquisition of control;
2. the Director shall have the power to require the following information:
   A. certification by an independent actuary of the adequacy of the reserves of the Health Maintenance Organization sought to be acquired;
   B. pro forma financial statements reflecting the combined balance sheets of the acquiring company and the Health Maintenance Organization sought to be acquired as of the end of the preceding year and as of a date 90 days prior to the acquisition, as well as pro forma financial statements reflecting projected combined operation for a period of 2 years;
   C. a pro forma business plan detailing an acquiring party's plans with respect to the operation of the Health Maintenance Organization sought to be acquired for a period of not less than 3 years; and
   D. such other information as the Director shall require.

(d) The provisions of Article VIII 1/2 of the Illinois Insurance Code and this Section 5-3 shall apply to the sale by any health maintenance organization of greater than 10% of its enrollee population (including without limitation the health maintenance organization's right, title, and interest in and to its health care certificates).

(e) In considering any management contract or service agreement subject to Section 141.1 of the Illinois Insurance Code, the Director shall, in addition to the criteria specified in Section 141.2 of the Illinois Insurance Code, take into account the effect of the management contract or service agreement on the continuation of benefits to enrollees and the financial condition of the health maintenance organization to be managed or serviced, and (ii) need not take into account the effect of the management contract or service agreement on competition.

(f) Except for small employer groups as defined in the Small Employer Rating, Renewability and Portability Health Insurance Act and except for medicare supplement policies as defined in Section 363 of the Illinois Insurance Code, a Health Maintenance Organization may by contract agree with a group or other enrollment unit to effect refunds or charge additional premiums under the following terms and conditions:
(i) the amount of, and other terms and conditions with respect to, the refund or additional premium are set forth in the group or enrollment unit contract agreed in advance of the period for which a refund is to be paid or additional premium is to be charged (which period shall not be less than one year); and

(ii) the amount of the refund or additional premium shall not exceed 20% of the Health Maintenance Organization's profitable or unprofitable experience with respect to the group or other enrollment unit for the period (and, for purposes of a refund or additional premium, the profitable or unprofitable experience shall be calculated taking into account a pro rata share of the Health Maintenance Organization's administrative and marketing expenses, but shall not include any refund to be made or additional premium to be paid pursuant to this subsection (f)). The Health Maintenance Organization and the group or enrollment unit may agree that the profitable or unprofitable experience may be calculated taking into account the refund period and the immediately preceding 2 plan years.

The Health Maintenance Organization shall include a statement in the evidence of coverage issued to each enrollee describing the possibility of a refund or additional premium, and upon request of any group or enrollment unit, provide to the group or enrollment unit a description of the method used to calculate (1) the Health Maintenance Organization's profitable experience with respect to the group or enrollment unit and the resulting refund to the group or enrollment unit or (2) the Health Maintenance Organization's unprofitable experience with respect to the group or enrollment unit and the resulting additional premium to be paid by the group or enrollment unit.

In no event shall the Illinois Health Maintenance Organization Guaranty Association be liable to pay any contractual obligation of an insolvent organization to pay any refund authorized under this Section.

(g) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Sec. 5-3. Insurance Code provisions.
(a) Health Maintenance Organizations shall be subject to the provisions of Sections 133, 134, 137, 140, 141.1, 141.2, 141.3, 141.4, 141.5, 141.6, 141.7, 141.8, 154.5, 149, 151, 152, 153, 154, 154.5, 154.6, 154.7, 154.8, 155.04, 356g.5-1, 356m, 356v, 356w, 356x, 356y, 356z.2, 356z.4, 356z.5, 356z.6, 356z.8, 356z.9, 356z.10, 356z.11, 356z.12, 356z.13, 364.01, 367.2, 367.2-5, 367.11, 368a, 368b, 368c, 368d, 368e, 370c, 401, 401.1, 402, 403, 403A, 408, 408.2, 409, 412, 444.1, paragraph (c) of subsection (2) of Section 367, and Articles IIA, VII 1/2, XII, XII 1/2, XX, and XXVI of the Illinois Insurance Code.

(b) For purposes of the Illinois Insurance Code, except for Sections 444 and 444.1 and Articles XIII and XIII 1/2, Health Maintenance Organizations in the following categories are deemed to be "domestic companies":

(1) a corporation organized under the Dental Service Plan Act or the Voluntary Health Services Plans Act;

(2) a corporation organized under the laws of this State;

(3) a corporation organized under the laws of another state, 30% or more of the enrollees of which are residents of the State; or

(4) a corporation organized under the laws of another state, 30% or more of the enrollees of which are residents of the State, subject to substantially the same requirements in its state of organization as is a "domestic company" under Article VIII 1/2 of the Illinois Insurance Code.

(c) In considering the merger, consolidation, or other acquisition of control of a Health Maintenance Organization pursuant to Article VIII 1/2 of the Illinois Insurance Code, the Director shall give primary consideration to the continuation of benefits to enrollees and the financial
conditions of the acquired Health Maintenance Organization after the merger, consolidation, or other acquisition of control takes effect;

(2)(i) the criteria specified in subsection (1)(b) of Section 131.8 of the Illinois Insurance Code shall not apply and (ii) the Director, in making his determination with respect to the merger, consolidation, or other acquisition of control, need not take into account the effect on competition of the merger, consolidation, or other acquisition of control;

(3) the Director shall have the power to require the following information:

(A) certification by an independent actuary of the adequacy of the reserves of the Health Maintenance Organization sought to be acquired;

(B) pro forma financial statements reflecting the combined balance sheets of the acquiring company and the Health Maintenance Organization sought to be acquired as of the end of the preceding year and as of a date 90 days prior to the acquisition, as well as pro forma financial statements reflecting projected combined operation for a period of 2 years;

(C) a pro forma business plan detailing an acquiring party's plans with respect to the operation of the Health Maintenance Organization sought to be acquired for a period of not less than 3 years; and

(D) such other information as the Director shall require.

(d) The provisions of Article VIII 1/2 of the Illinois Insurance Code and this Section 5-3 shall apply to the sale by any health maintenance organization of greater than 10% of its enrollee population (including without limitation the health maintenance organization's right, title, and interest in and to its health care certificates).

(e) In considering any management contract or service agreement subject to Section 141.1 of the Illinois Insurance Code, the Director (i) shall, in addition to the criteria specified in Section 141.2 of the Illinois Insurance Code, take into account the effect of the management contract or service agreement on the continuation of benefits to enrollees and the financial condition of the health maintenance organization to be managed or serviced, and (ii) need not take into account the effect of the management contract or service agreement on competition.

(f) Except for small employer groups as defined in the Small Employer Rating, Renewability and Portability Health Insurance Act and for medicare supplement policies as defined in Section 363 of the Illinois Insurance Code, a Health Maintenance Organization may by contract agree with a group or other enrollment unit to effect refunds or charge additional premiums under the following terms and conditions:

(1) the amount of, and other terms and conditions with respect to, the refund or additional premium are set forth in the group or enrollment unit contract agreed in advance of the period for which a refund is to be paid or additional premium is to be charged (which period shall not be less than one year); and

(2) the amount of the refund or additional premium shall not exceed 20% of the Health Maintenance Organization's profitable or unprofitable experience with respect to the group or other enrollment unit for the period (and, for purposes of a refund or additional premium, the profitable or unprofitable experience shall be calculated taking into account a pro rata share of the Health Maintenance Organization's administrative and marketing expenses, but shall not include any refund to be made or additional premium to be paid pursuant to this subsection (f)). The Health Maintenance Organization and the group or enrollment unit may agree that the profitable or unprofitable experience may be calculated taking into account the refund period and the immediately preceding 2 plan years.

The Health Maintenance Organization shall include a statement in the evidence of coverage issued to each enrollee describing the possibility of a refund or additional premium, and upon request of any group or enrollment unit, provide to the group or enrollment unit a description of the method used to calculate (1) the Health Maintenance Organization's profitable experience with respect to the group or enrollment unit and the resulting refund to the group or enrollment unit
or (2) the Health Maintenance Organization's unprofitable experience with respect to the group or enrollment unit and the resulting additional premium to be paid by the group or enrollment unit.

In no event shall the Illinois Health Maintenance Organization Guaranty Association be liable to pay any contractual obligation of an insolvent organization to pay any refund authorized under this Section.

(g) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Article 15. Reducing Financial Barriers To Mammography

Section 15-5. The Illinois Insurance Code is amended by changing Section 356g as follows:

(215 ILCS 5/356g) (from Ch. 73, par. 968g)
Sec. 356g. Mammograms; mastectomies.
(a) Every insurer shall provide in each group or individual policy, contract, or certificate of insurance issued or renewed for persons who are residents of this State, coverage for screening by low-dose mammography for all women 35 years of age or older for the presence of occult breast cancer within the
provisions of the policy, contract, or certificate. The coverage shall be as follows:

1. A baseline mammogram for women 35 to 39 years of age.
2. An annual mammogram for women 40 years of age or older.
3. A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.
4. A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneously dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

These benefits shall be at least as favorable as for other radiological examinations and subject to the same dollar limits, deductibles, and co-insurance factors. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with radiation exposure delivery of less than 1 rad per breast for 2 views of an average size breast. The term also includes digital mammography.

(a-5) Coverage as described by subsection (a) shall be provided at no cost to the insured and shall not be applied to an annual or lifetime maximum benefit.

(a-10) When health care services are available through contracted providers and a person does not comply with plan provisions specific to the use of contracted providers, the requirements of subsection (a-5) are not applicable. When a person does not comply with plan provisions specific to the use of contracted providers, plan provisions specific to the use of non-contracted providers must be applied without distinction for coverage required by this Section and shall be at least as favorable as for other radiological examinations covered by the policy or contract.

(b) No policy of accident or health insurance that provides for the surgical procedure known as a mastectomy shall be issued, amended, delivered, or renewed in this State unless that coverage also provides for prosthetic devices or reconstructive surgery incident to the mastectomy. Coverage for breast reconstruction in connection with a mastectomy shall include:

1. reconstruction of the breast upon which the mastectomy has been performed;
2. surgery and reconstruction of the other breast to produce a symmetrical appearance; and
3. prostheses and treatment for physical complications at all stages of mastectomy, including lymphedemas. Care shall be determined in consultation with the attending physician and the patient. The offered coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applied to the mastectomy, and all other terms and conditions applicable to other benefits. When a mastectomy is performed and there is no evidence of malignancy then the offered coverage may be limited to the provision of prosthetic devices and reconstructive surgery to within 2 years after the date of the mastectomy. As used in this Section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician.

Written notice of the availability of coverage under this Section shall be delivered to the insured upon enrollment and annually thereafter. An insurer may not deny to an insured eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the plan solely for the purpose of avoiding the requirements of this Section. An insurer may not penalize or reduce or limit the reimbursement of an attending provider (monetary or otherwise) to an attending provider to induce the provider to provide care to an insured in a manner inconsistent with this Section.

(c) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any
purported rule not so adopted, for whatever reason, is unauthorized.

Section 15-10. The State Employees Group Insurance Act of 1971 is amended by changing Section 6.11 as follows:

(5 ILCS 375/6.11)
(Text of Section before amendment by P.A. 95-958)
Sec. 6.11. Required health benefits; Illinois Insurance Code requirements. The program of health benefits shall provide the post-mastectomy care benefits required to be covered by a policy of accident and health insurance under Section 356t of the Illinois Insurance Code. The program of health benefits shall provide the coverage required under Sections 356g, 356g.5, 356u, 356w, 356x, 356z.2, 356z.4, 356z.6, 356z.9, 356z.10, and 356z.11 of the Illinois Insurance Code. The program of health benefits must comply with Section 155.37 of the Illinois Insurance Code.

Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.
(Source: P.A. 95-189, eff. 8-16-07; 95-422, eff. 8-24-07; 95-520, eff. 8-28-07; 95-876, eff. 8-21-08; 95-978, eff. 1-1-09; revised 10-15-08.)

(Text of Section after amendment by P.A. 95-958)
Sec. 6.11. Required health benefits; Illinois Insurance Code requirements. The program of health benefits shall provide the post-mastectomy care benefits required to be covered by a policy of accident and health insurance under Section 356t of the Illinois Insurance Code. The program of health benefits shall provide the coverage required under Sections 356g, 356g.5, 356u, 356w, 356x, 356z.2, 356z.4, 356z.6, 356z.9, 356z.10, 356z.11, and 356z.12, and 356z.13 of the Illinois Insurance Code. The program of health benefits must comply with Section 155.37 of the Illinois Insurance Code.

Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Section 15-15. The Counties Code is amended by changing Sections 5-1069 and 5-1069.3 as follows:

(55 ILCS 5/5-1069) (from Ch. 34, par. 5-1069)
Sec. 5-1069. Group life, health, accident, hospital, and medical insurance.
(a) The county board of any county may arrange to provide, for the benefit of employees of the county, group life, health, accident, hospital, and medical insurance, or any one or any combination of those types of insurance, or the county board may self-insure, for the benefit of its employees, all or a portion of the employees' group life, health, accident, hospital, and medical insurance, or any one or any combination of those types of insurance, including a combination of self-insurance and other types of insurance authorized by this Section, provided that the county board complies with all other requirements of this Section. The insurance may include provision for employees who rely on treatment by prayer or spiritual means alone for healing in accordance with the tenets and practice of a well recognized religious denomination. The county board may provide for payment by the county of a portion or all of the premium or charge for the insurance with the employee paying the balance of the premium or charge, if any. If the county board undertakes a plan under which the county pays only a portion of the premium or charge, the county board shall provide for withholding and deducting from the compensation of those employees who consent to join the plan the balance of the premium or charge for the insurance.
(b) If the county board does not provide for self-insurance or for a plan under which the county pays a portion or all of
the premium or charge for a group insurance plan, the county board may provide for withholding and deducting from the compensation of those employees who consent thereto the total premium or charge for any group life, health, accident, hospital, and medical insurance.

(c) The county board may exercise the powers granted in this Section only if it provides for self-insurance or, where it makes arrangements to provide group insurance through an insurance carrier, if the kinds of group insurance are obtained from an insurance company authorized to do business in the State of Illinois. The county board may enact an ordinance prescribing the method of operation of the insurance program.

(d) If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include screening by low-dose mammography for all women 35 years of age or older for the presence of occult breast cancer unless the county elects to provide mammograms itself under Section 5-1069.1. The coverage shall be as follows:

(1) A baseline mammogram for women 35 to 39 years of age.

(2) An annual mammogram for women 40 years of age or older.

(3) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer or a personal history of breast cancer, positive genetic testing, or other risk factors.

(4) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

Those benefits shall be at least as favorable as for other radiological examinations and subject to the same dollar limits, deductibles, and coinsurance factors. For purposes of this subsection, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, screen, and image receptor receptors, with an average radiation exposure delivery of less than one rad per breast for mid-breast, with 2 views of an average size for each breast. The term also includes digital mammography.

(d-5) Coverage as described by subsection (d) shall be provided at no cost to the insured and shall not be applied to an annual or lifetime maximum benefit. The requirements of subsection (d-5) are not applicable. When a person does not comply with plan provisions specific to the use of contracted providers, the requirements of subsection (d-5) are not applicable. When a person does not comply with plan provisions specific to the use of non-contracted providers, plan provisions specific to the use of non-contracted providers must be applied without distinction for coverage required by this Section and shall be at least as favorable as for other radiological examinations covered by the policy or contract.

(d-10) When health care services are available through contracted providers and a person does not comply with plan provisions specific to the use of contracted providers, the requirements of subsection (d-5) are not applicable. When a person does not comply with plan provisions specific to the use of contracted providers, the requirements of subsection (d-5) are not applicable. When a person does not comply with plan provisions specific to the use of non-contracted providers, plan provisions specific to the use of non-contracted providers must be applied without distinction for coverage required by this Section and shall be at least as favorable as for other radiological examinations covered by the policy or contract.

(d-15) If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include mastectomy coverage, which includes coverage for prosthetic devices or reconstructive surgery incident to the mastectomy. Coverage for breast reconstruction in connection with a mastectomy shall include:

(1) reconstruction of the breast upon which the mastectomy has been performed;

(2) surgery and reconstruction of the other breast to produce a symmetrical appearance; and

(3) prostheses and treatment for physical complications at all stages of mastectomy, including lymphedemas.

Care shall be determined in consultation with the attending physician and the patient. The offered coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applied to the mastectomy, and all other terms and conditions applicable to other benefits. When a mastectomy is performed and there is no evidence of malignancy then the offered coverage may be limited to the provision of prosthetic devices and reconstructive surgery to within 2 years after the date of the mastectomy. As
used in this Section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician.

A county, including a home rule county, that is a self-insurer for purposes of providing health insurance coverage for its employees, may not penalize or reduce or limit the reimbursement of or provide incentives (monetary or otherwise) to an attending provider to induce the provider to provide care to an insured in a manner inconsistent with this Section.

(d-20) The requirement that mammograms be included in health insurance coverage as provided in subsections this subsection (d) through (d-15) is an exclusive power and function of the State and is a denial and limitation under Article VII, section (h) of the Illinois Constitution of home rule county powers. A home rule county to which subsections (d) through (d-15) apply this subsection must comply with every provision of those subsections this subsection.

(e) The term "employees" as used in this Section includes elected or appointed officials but does not include temporary employees.

(f) The county board may, by ordinance, arrange to provide group life, health, accident, hospital, and medical insurance, or any one or a combination of those types of insurance, under this Section to retired former employees and retired former elected or appointed officials of the county.

(g) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Sec. 5-1069.3. Required health benefits. If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the coverage shall include coverage for the post-mastectomy care benefits required to be covered by a policy of accident and health insurance under Section 356t and the coverage required under Sections 356g, 356g.5, 356u, 356w, 356x, 356z.6, 356z.9, 356z.10, and 356z.11 of the Illinois Insurance Code. The requirement that health benefits be covered as provided in this Section is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution. A home rule county to which this Section applies must comply with every provision of this Section.

Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Sec. 5-1069.3. Required health benefits. If a county, including a home rule county, is a self-insurer for purposes of providing health insurance coverage for its employees, the coverage shall include coverage for the post-mastectomy care benefits required to be covered by a policy of accident and health insurance under Section 356t and the coverage required under Sections 356g, 356g.5, 356u, 356w, 356x, 356z.6, 356z.9, 356z.10, 356z.11, and 356z.12 of the Illinois Insurance Code. The requirement that health benefits be covered as provided in this Section is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution. A home rule county to which this Section applies must comply with every provision of this Section.

Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois
Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Section 15-20. The Illinois Municipal Code is amended by changing Sections 10-4-2 and 10-4-2.3 as follows:

(65 ILCS 5/10-4-2) (from Ch. 24, par. 10-4-2)
Sec. 10-4-2. Group insurance.
(a) The corporate authorities of any municipality may arrange to provide, for the benefit of employees of the municipality, group life, health, accident, hospital, and medical insurance, or any one or any combination of those types of insurance, and may arrange to provide that insurance for the benefit of the spouses or dependents of those employees. The insurance may include provision for employees or other insured persons who rely on treatment by prayer or spiritual means alone for healing in accordance with the tenets and practice of a well recognized religious denomination. The corporate authorities may provide for payment by the municipality of a portion of the premium or charge for the insurance with the employee paying the balance of the premium or charge. If the corporate authorities undertake a plan under which the municipality pays a portion of the premium or charge, the corporate authorities shall provide for withholding and deducting from the compensation of those municipal employees who consent to join the plan the balance of the premium or charge for the insurance.
(b) If the corporate authorities do not provide for a plan under which the municipality pays a portion of the premium or charge for a group insurance plan, the corporate authorities may provide for withholding and deducting from the compensation of those employees who consent thereto the premium or charge for any group life, health, accident, hospital, and medical insurance.
(c) The corporate authorities may exercise the powers granted in this Section only if the kinds of group insurance are obtained from an insurance company authorized to do business in the State of Illinois, or are obtained through an intergovernmental joint self-insurance pool as authorized under the Intergovernmental Cooperation Act. The corporate authorities may enact an ordinance prescribing the method of operation of the insurance program.
(d) A municipality, including a home rule municipality, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include screening by low-dose mammography for all women 35 years of age or older for the presence of occult breast cancer unless the municipality elects to provide mammograms itself under Section 10-4-2.1. The coverage shall be as follows:
(1) A baseline mammogram for women 35 to 39 years of age.
(2) An annual mammogram for women 40 years of age or older.
(3) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.
(4) A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.
The benefits shall be at least as favorable as for other radiological examinations and subject to the same dollar limits, deductibles, and co-insurance factors.
For purposes of this subsection, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, ceramex, and image receptor receptors, with an average radiation exposure delivery of less than one rad per breast for mid-breast, with 2 views of an average size for each breast. The term also includes digital mammography.
(d-5) Coverage as described by subsection (d) shall be provided at no cost to the insured and shall not be applied to
an annual or lifetime maximum benefit.

(d-10) When health care services are available through contracted providers and a person does not comply with plan provisions specific to the use of contracted providers, the requirements of subsection (d-5) are not applicable. When a person does not comply with plan provisions specific to the use of contracted providers, plan provisions specific to the use of non-contracted providers must be applied without distinction for coverage required by this Section and shall be at least as favorable as for other radiological examinations covered by the policy or contract.

(d-15) If a municipality, including a home rule municipality, is a self-insurer for purposes of providing health insurance coverage for its employees, the insurance coverage shall include mastectomy coverage, which includes coverage for prosthetic devices or reconstructive surgery incident to the mastectomy. Coverage for breast reconstruction in connection with a mastectomy shall include:

1. reconstruction of the breast upon which the mastectomy has been performed;
2. surgery and reconstruction of the other breast to produce a symmetrical appearance; and
3. prostheses and treatment for physical complications at all stages of mastectomy, including lymphedemas.

Care shall be determined in consultation with the attending physician and patient. The offered coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applied to the mastectomy, and all other terms and conditions applicable to other benefits. When a mastectomy is performed and there is no evidence of malignancy then the offered coverage may be limited to the provision of prosthetic devices and reconstructive surgery to within 2 years after the date of the mastectomy. As used in this Section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician.

A municipality, including a home rule municipality, that is a self-insurer for purposes of providing health insurance coverage for its employees, may not penalize or reduce or limit the reimbursement to an attending provider or provide incentives (monetary or otherwise) to an attending provider to induce the provider to provide care to an insured in a manner inconsistent with this Section.

(d-20) The requirement that mammograms be included in health insurance coverage as provided in subsections (d) through (d-15) is an exclusive power and function of the State and is a denial and limitation under Article VII, Section 6, subsection (h) of the Illinois Constitution of home rule municipality powers. A home rule municipality to which subsections (d) through (d-15) apply this subsection applies must comply with every provision of this Section.

(e) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

Section 15-30. The Health Maintenance Organization Act is
amended by changing Section 4-6.1 as follows:

(215 ILCS 125/4-6.1)  (from Ch. 111 1/2, par. 1408.7)
Sec. 4-6.1. Mammograms; mastectomies.
(a) Every contract or evidence of coverage issued by a
Health Maintenance Organization for persons who are residents
of this State shall contain coverage for screening by low-dose mammography for all women 35 years of age or older for the presence of occult breast cancer. The coverage shall be as follows:

1. A baseline mammogram for women 35 to 39 years of age.
2. An annual mammogram for women 40 years of age or older.
3. A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.
4. A comprehensive ultrasound screening of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue, when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

These benefits shall be at least as favorable as for other radiological examinations and subject to the same dollar limits, deductibles, and co-insurance factors. For purposes of this Section, "low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with radiation exposure delivery of less than 1 rad per breast for 2 views of an average size breast. The term also includes digital mammography.

(a-5) Coverage as described in subsection (a) shall be provided at no cost to the enrollee and shall not be applied to an annual or lifetime maximum benefit.

(b) No contract or evidence of coverage issued by a health maintenance organization that provides for the surgical procedure known as a mastectomy shall be issued, amended, delivered or renewed in this State on or after the effective date of this amendatory Act of the 92nd General Assembly unless that coverage also provides for prosthetic devices or reconstructive surgery incident to the mastectomy, providing that the mastectomy is performed after the effective date of this amendatory Act. Coverage for breast reconstruction in connection with a mastectomy shall include:

1. Reconstruction of the breast upon which the mastectomy has been performed;
2. Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
3. Prostheses and treatment for physical complications at all stages of mastectomy, including lymphedemas.

Care shall be determined in consultation with the attending physician and the patient. The offered coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applied to the mastectomy and all other terms and conditions applicable to other benefits. If a mastectomy is performed and there is no evidence of malignancy, then the offered coverage may be limited to the provision of prosthetic devices and reconstructive surgery to within 2 years after the date of the mastectomy. As used in this Section, "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a licensed physician.

Written notice of the availability of coverage under this Section shall be delivered to the enrollee upon enrollment and annually thereafter. A health maintenance organization may not deny to an enrollee eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the plan solely for the purpose of avoiding the requirements of this Section. A health maintenance organization may not penalize or reduce or limit the reimbursement of an attending provider or provide incentives (monetary or otherwise) to an attending provider to induce the provider to provide care to an insured in a manner inconsistent with this Section.

(c) Rulemaking authority to implement this amendatory Act of the 95th General Assembly, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.
