Local Festivals and Events Make Canton Special

There's nothing that tastes quite like a carnival corn dog, or brings out a community like a hometown parade. Whether it's leaning over to admire the engine of a restored 1957 Chevy at the Annual Cruise In in June, shopping in Jones Park during the Spoon River Valley Scenic Drive in October, sliding down the inflatable slide at Kid's Fest in July, or the magic of an Old Fashioned Christmas Walk in December, there's nothing more fun than local festivals and events.

If you live here, you get to look forward to sharing the fun with family and friends. If you're visiting—well, we hope you'll leave with some new friends and some great memories, and come back soon.

Supportive Living Program

Participant Choice of Providers

The Department of Healthcare and Family Services verifies participant choice of providers from among setting options, including non-disability-specific settings, by verifying participants have a signed resident contract with the Supportive Living Provider (SLP) provider. One hundred percent (100%) of new waiver participants are reviewed during on-site annual certification reviews at each SLP provider to verify there is a signed contract. Additionally, in response to new requirements for person-centered planning, participant service plans will include documentation that the individual has chosen to receive services from the SLP provider, or that they would like to receive a referral for another setting/provider. This requirement will go into effect with the approval of the Supportive Living Program waiver renewal application. The Department of Healthcare and Family Services will monitor this requirement during on-site annual certification reviews.

An on-site annual certification review was conducted at **Courtyard Estates of Canton** in **January 2016**. **Courtyard Estates of Canton** was found to be compliant with documentation of participant choice of provider.

Resident Satisfaction Survey
Policy and Procedure

This facility will offer all residents the ability to participate in an annual satisfaction survey.

The facility Director or designee shall prepare and distribute the satisfaction survey to all of the residents of this facility with a cover letter detailing the completion deadline for the survey.

Documentation of the results of the completed and returned satisfaction surveys shall be completed by the Director. The overall results of the survey will be reviewed with the Resident Committee and with the facility Quality Improvement Committee at the next regularly scheduled meeting.

The director shall prepare personal responses for those residents signing his/her satisfaction survey. The response will be passed to the appropriate department manager(s) to be completed and reviewed to the Director for filing with the original satisfaction survey.

ANNUAL SATISFACTION SURVEYS

It is the policy of this facility to issue annual satisfaction surveys to all residents and resident representatives annually. The surveys are given to the residents and one is mailed to the resident representative. A letter is attached stating that any resident needing assist may contact a staff member to read the survey to them and the staff member will appropriately mark their answers and comments for them. It also states that if they wish to remain anonymous that this is acceptable and that the facility will not tolerate any retaliation to the resident or representatives for any of their answers or comments. Policy and procedures manuals are located at the front desk at all times for resident, family and visitor reviews.

Data is collected from these surveys and reviewed by the QI team. The results of the survey are then discussed at the next resident council meeting and the residents are updated on the results of the survey and informed of what resolution/actions the facility has come up with for each concern and the residents give their input on which action plan they think would best resolve the issue. The action is decided upon by popular vote of the residents and the information from the resident council meeting is related to the QI team so that plans can be implemented to proceed with the action plan.

Effectiveness of resolutions is discussed at the next QI and resident council meetings to ensure resident satisfactions. Revisions to the action plan are made PRN.
