

Public Notice – Home and Community Based Services Waiver

September 7, 2018

The Illinois Department of Healthcare and Family Services (HFS) provides notice that the May 11, 2018 draft amendment proposing the inclusion of children enrolled in the Medically Fragile Technology Dependent (MFTD) home and community-based waiver will not be submitted to the Centers for Medicare and Medicaid Services (CMS) for approval. This draft amendment was posted for public comment from May 11, 2018 to June 9, 2018.

Public Act 100-0990 prohibited HFS from requiring that “children made eligible for medical assistance through any home and community-based services waiver program for medically fragile and technology dependent children under the Social Security Act” enroll in or transition to the State’s managed care medical assistance program. Therefore, the proposed amendment will not be submitted to CMS for approval.
