

**Vaccination Billing Instructions
Encounter Rate Clinics Only**

*In the September 19, 2016 Webinar slide titled, *Encounter Clinic Billing (cont'd)*, HFS presented information stating clinics must bill private stock vaccines on a separate claim with a *GB* modifier. Clinics may still bill private stock vaccines with a *GB* modifier on a claim separately from the encounter claim. However, system modifications will also allow clinics the option of billing private stock vaccines with a *GB* modifier as a detail code with a billable encounter rate procedure code, T1015 or S5190.

Children 0 through 18 years of age (Title XIX [19] Only)
