Stacy Ballweg asked Christina McCutchan if the wording to the Illinois Department of Public Health's Division of Oral Health's Division Dental Director could be changed to reflect the Illinois Department of Public Health's Division of Oral Health's Division representative. Christina McCutchan stated that she would submit it when with the other changes to administration for approval if the committee has no other concerns. The HFS Dental Program is informing the Dental Policy Committee that the following new 2016 CDT codes will be covered: D5221, D5222, D5223, D5224, D9223 and D9243. - e. **Dorm Updates:** Shelly DeFrates informed the committee that the new 2012 American Dental Association Dental Claim Form, Attachment D on page 56 of the DORM, has been updated in the DORM and posted on the HFS website.
  
- f. **Ortho Policy:** Christina McCutchan asked the committee how they handle Non-Covered Services and explained how they bill for broken bracket in orthodontic cases.

Alicia Keefer, with Keefer Practice Management, proposed the use of non-covered service code D8691: repair of an orthodontic appliance to charge the patient a reasonable fee when their repeated behaviors have resulted in broken appliances and interrupted treatment, thus diminishing their standard of care. Alicia also wanted clarification on CDT D8080.

Dr. James Thommes explained that D8080 pays for the entire case including all bands that need to be repaired. The HFS Dental Program or DentaQuest doesn't allow for broken bracket to be paid for separately and CDT codes D8690 orthodontic treatment (alternative billing to a contract fee) services or D8999 cannot be

used to bill for broken brackets.

Dr. James Thommes explained that the definition in the CDT for D8691 repair of orthodontic appliance does not include bracket and standard fixed orthodontic appliances. Dr. Mary Hayes commented that orthodontist that see patients non Medicaid patients may use this code for billing purposes.

Kelly Pulliam from Liberty Dental and Aaron Washburn from DentaQuest stated that the MCO plans follow the same practice as HFS fee for service does for orthodontics.

**g. D1206/D1208:** Christina explained that for 0-2 years olds, D1206 (Topical Fluoride Varnish) and D1208 (Topical Application of Fluoride) should be 3 visits per year. The wording in the DORM will be clarified.

**h. Provider/Informational Notices:** Christina reminded everyone to get signed up for Provider/Information Notices on the HFS website. She also informed them about IMPACT revalidation deadline extensions. Dionne Haney asked if committee can have a chance to review provider notice before they are sent out to provider to help make sure that they make sense to providers. Christina McCutchan stated that we will work the committee when time permits. Dr. Mary Hayes brought up to the committee that it is the mission of the committee to review policy, and procedures.
