AGENDA ITEM: Director’s Report

Sandy Ryan gave an update on the Chicago Community Trust. The Trust held a Housing Symposium during the winter and are following it up by convening a number of brown bag lunch discussions. The Trust brought together local champions for an Employment Breakfast on April 28, 2014. This breakfast was the first step in focusing awareness on the issue of employment for people with developmental disabilities to a broader audience. The Trust is planning a larger event in the fall.

Janinna Hendricks reported on the Council’s Appropriations hearings. The House Appropriation hearing was held on April 2, 2014 and the Senate Appropriation hearing was held on April 22, 2014. Both of the hearings went well.

The Ligas Collaboration work group continues to move along. The work group meets quarterly to coordinate their efforts.

The National Association of Councils on Developmental Disabilities (NACDD) Annual Conference and Technical Assistance Institute is scheduled for July 7 – July 10, 2014 in Washington, DC. The Council has submitted a request for three staff members to attend. The topics to be discussed at the conference relate to the new Centers for Medicare & Medicaid Services (CMS) rules, health policies and employment. The Technical Assistance Institute will focus on data collection and DD Suites.

At tomorrow’s Council meeting there will be additional presentations on Council projects. The September Council Retreat will be held on September 10 – September 11, 2014 at the Marriott Bloomington-Normal Hotel & Conference Center in Normal, IL.

The Committee discussed potential ideas for the Council’s upcoming September Retreat. The consensus from the discussion was to have Sheryl Matney present on the DD Act, the new CMS rules as well as work on “elevator speeches” that the Council members could utilize in their local networks. Staff will begin developing the September Retreat agenda based upon the consensus from the Committee.

The Chairperson thanked Janinna Hendricks for her efforts in ensuring that the Council received 100% compliance for completing their Economic Interest forms.

The Council’s funds available for May 2014 have not changed since the March 2014 meeting. The Council is continuing to monitoring spending.

Sandy Ryan updated the Committee on the State Plan and work within Committees. The Committees will continue to work on completing their performance targets. At this time there are no specific dollar amounts assigned to performance targets. As Committees develop funding ideas, coordination will be done to ensure funding availability.

At the March Executive Committee meeting there was discussion of a broad concept of building capacity among providers. At that time, Executive Committee members were interested in
further discussion. Staff provided additional information to assist in the discussion. Although no concrete ideas came forward, the consensus from the Executive Committee was that there is a need and there is a role for the Council to play. A number of ideas were discussed and the conversation will continue.

**AGENDA ITEM: Project Updates**

Jennifer Harrison reported on the Rebalancing initiative. One of the measurement criteria for this project is identifying 40 success stories of individuals who have transitioned from State Operated Developmental Centers. After discussion with the grantee, staff recommended that employment success stories be included within the measurement to account for rebalancing efforts within the Employment First initiative. Consensus of the Executive Committee was to include both success stories of transitions and employment for this measurement criteria.

The Rebalancing workgroup recently hosted a Going Home Rally on March 26, 2014. The Rebalancing workgroup is now focused on building a cross disability coalition.
