

IEMA Approved Continuing Education Courses

Course #	Course Title	Credits
RNTC2000-02	Introduction to Control Charts	3
Course Description		
A video based course describing the purpose of control charts and the conditions under which duplicate measures must be performed; sequential and simultaneous measurements; Relative Percent Difference.		
Course Provider		Provider Responsible Manager
University Educational Services, Inc.		Paul N. Houle
Provider Address		Contact Phone #
R.D. 5, Box 5464 East Stroudsburg, PA 18301		(570) 421-1775

Course #	Course Title	Credits
RNTC2000-07	Very Fundamental Nuclear Physics	4
Course Description		
A video based introductory course in nuclear physics.		
Course Provider		Provider Responsible Manager
University Educational Services, Inc.		Paul N. Houle
Provider Address		Contact Phone #
R.D. 5, Box 5464 East Stroudsburg, PA 18301		(570) 421-1775

Course #	Course Title	Credits
RNTC2000-11	UIC Radon Course on Mitigation	16
Course Description		
An internet based mitigation qualification course that includes 1-day of field experience with a licensed mitigator. Additionally, the on-line portion of this course may be taken for 8 Category I Continuing Education credits.		
Course Provider		Provider Responsible Manager
UIC, School of Public Health, Great Lakes Center		Joseph Zanoni
Provider Address		Contact Phone #
2121 W. Taylor Street, MC / 922 Chicago, IL 60612-7260		(312) 996-2613

Course #	Course Title	Credits
RNTC2001-09	Radon and Real Estate - Know Your Liability	4
Course Description		
This course is designed to raise licensees' awareness of liabilities to both the licensees and realtors involved with radon testing and mitigation during a real estate transaction.		
Course Provider		Provider Responsible Manager
VSI Environmental Services		Keith Volsted
Provider Address		Contact Phone #
27900 W. Concrete Drive, Unit D Lakemoor, IL 60041		(847) 740-7730

Course #	Course Title	Credits
RNTC2001-11	Standard First Aid	6
Course Description		
Standard First Aid course provides individuals in the workplace the knowledge and skills necessary to recognize and provide basic care for injuries and sudden illnesses until advanced medical personnel arrive and take over.		
Course Provider	Provider Responsible Manager	
American Red Cross		
Provider Address	Contact Phone #	
Contact Your Local Office		
,		
Course #	Course Title	Credits
RNTC2001-12	Adult CPR	3
Course Description		
Adult CPR course provides individuals in the workplace the knowledge and skills necessary to recognize and provide basic care for breathing and cardiac emergencies until advanced medical personnel arrive and take over.		
Course Provider	Provider Responsible Manager	
American Red Cross		
Provider Address	Contact Phone #	
Contact Your Local Office		
,		
Course #	Course Title	Credits
RNTC2001-13	First Aid (No CPR)	3
Course Description		
First Aid course provides individuals in the workplace the knowledge and skills necessary to recognize and provide basic care for injuries and sudden illnesses until advanced medical personnel arrive and take over. (No CPR)		
Course Provider	Provider Responsible Manager	
American Red Cross		
Provider Address	Contact Phone #	
Contact Your Local Office		
,		
Course #	Course Title	Credits
RNTC2001-14	Passive to Active Radon Mitigation Systems	4
Course Description		
A video based course about the need for and installation of passive radon reduction systems in Illinois.		
Course Provider	Provider Responsible Manager	
UIC, School of Public Health, Great Lakes Center	Joseph Zaroni	
Provider Address	Contact Phone #	
2121 W. Taylor Street, MC / 922	(312) 996-2613	
Chicago, IL 60612-7260		

Course #	Course Title	Credits
RNTC2002-03	UIC Radon Course on Measurement (Online)	16
Course Description		
An internet based Measurement Qualification Course. Additionally, the on-line portion of this course may be taken for 8 Category I Continuing Education credits.		
Course Provider	Provider Responsible Manager	
UIC, School of Public Health, Great Lakes Center	Joseph Zanoni	
Provider Address	Contact Phone #	
2121 W. Taylor Street, MC / 922 Chicago, IL 60612-7260	(312) 996-2613	

Course #	Course Title	Credits
RNTC2002-04	Radon: The Discovery	1
Course Description		
A brief, yet entertaining and informative video romp through radon history from radon's discovery to the issuance of USEPA guidance documents.		
Course Provider	Provider Responsible Manager	
VSI Environmental Services	Keith Volsted	
Provider Address	Contact Phone #	
27900 W. Concrete Drive, Unit D Lakemoor, IL 60041	(847) 740-7730	

Course #	Course Title	Credits
RNTC2002-05	Residential Radon Measurement Course	16
Course Description		
A classroom-based measurement qualification course for an Illinois Radon Measurement license.		
Course Provider	Provider Responsible Manager	
Spruce Environmental Technologies, Inc.	Trudy Smith	
Provider Address	Contact Phone #	
430 Marina Drive, P O Box 1173 Lake Sherwood, MO 63357-1173	(636) 398-4912	

Course #	Course Title	Credits
RNTC2002-09	Learning About Radiation & Risk	6
Course Description		
A classroom course in radiation and risk communication based on "Understanding Radiation: A Resource Kit," including two 10-minute videos, provided by the Environmental Health Center and the National Safety Council.		
Course Provider	Provider Responsible Manager	
VSI Environmental Services	Keith Volsted	
Provider Address	Contact Phone #	
27900 W. Concrete Drive, Unit D Lakemoor, IL 60041	(847) 740-7730	

Course #	Course Title	Credits
RNTC2002-14	Radiobiology of Radon	3
Course Description		
A classroom based course about the biological interactions with ionizing radiation; concepts of linear energy transfer; cellular reaction to ionizing radiation; and long-term somatic effects of ionizing radiation.		
Course Provider		Provider Responsible Manager
Illinois State University, College of Applied Science and Technology		Ruth Ann Lipic
Provider Address		Contact Phone #
306D Felmley Hall, Campus Box 5220 Normal, IL 61790-5220		(309) 438-5295

Course #	Course Title	Credits
RNTC2003-01	Current Science on Radon & Human Health Effects	2
Course Description		
An online net podium course that is an in depth overview of current radon science and health effects of radon.		
Course Provider		Provider Responsible Manager
UIC, School of Public Health, Great Lakes Center		Joseph Zaroni
Provider Address		Contact Phone #
2121 W. Taylor Street, MC / 922 Chicago, IL 60612-7260		(312) 996-2613

Course #	Course Title	Credits
RNTC2003-02	Epidemiology of Radon	2
Course Description		
An online net podium course that presents an update of residential radon studies, discusses glass based retrospective radon measurements, and predicts the future of radon measurement and epidemiology.		
Course Provider		Provider Responsible Manager
UIC, School of Public Health, Great Lakes Center		Joseph Zaroni
Provider Address		Contact Phone #
2121 W. Taylor Street, MC / 922 Chicago, IL 60612-7260		(312) 996-2613

Course #	Course Title	Credits
RNTC2003-06	Measurement & Mitigation: Working Together	2
Course Description		
A net podium course that provides some best practices and shares ways for measurement and mitigation practitioners to work together to enhance radon awareness and radon services.		
Course Provider		Provider Responsible Manager
UIC, School of Public Health, Great Lakes Center		Joseph Zaroni
Provider Address		Contact Phone #
2121 W. Taylor Street, MC / 922 Chicago, IL 60612-7260		(312) 996-2613

Course #	Course Title	Credits
RNTC2003-07	Introduction to Nuclear Radiation	3
Course Description		
A 3-hour course that reviews the basic concepts of atomic structure, nuclear decay processes, properties of nuclear radiation, half-life, effects of radiation on biological systems and provides examples of uses of radiation.		
Course Provider	Provider Responsible Manager	
Illinois State University, College of Applied Science and Technology	Ruth Ann Lipic	
Provider Address	Contact Phone #	
306D Felmley Hall, Campus Box 5220 Normal, IL 61790-5220	(309) 438-5295	

Course #	Course Title	Credits
RNTC2003-08	Self-Assessing Your Radon Quality Program	8
Course Description		
A distance learning course providing detailed training on conducting required annual audits of Quality Assurance Programs. Participants will perform a self-assessment of their program which will meet their annual audit commitment.		
Course Provider	Provider Responsible Manager	
	Richard K. Dixon	
Provider Address	Contact Phone #	
4625 Robindale Road Knoxville, TN 37921	(865) 250-2022	

Course #	Course Title	Credits
RNTC2003-09	Radiation and Cancer	3
Course Description		
A course designed to assist radon licensees understand how normal cells are transformed to malignant cells and modern cancer treatment modalities available.		
Course Provider	Provider Responsible Manager	
Illinois State University, College of Applied Science and Technology	Ruth Ann Lipic	
Provider Address	Contact Phone #	
306D Felmley Hall, Campus Box 5220 Normal, IL 61790-5220	(309) 438-5295	

Course #	Course Title	Credits
RNTC2003-10	Radon Resistant New Construction	4
Course Description		
A 4-hour course that covers the installation of radon systems in new (primarily residential) construction.		
Course Provider	Provider Responsible Manager	
Spruce Environmental Technologies, Inc.	Trudy Smith	
Provider Address	Contact Phone #	
430 Marina Drive, P O Box 1173 Lake Sherwood, MO 63357-1173	(636) 398-4912	

Course #	Course Title	Credits
RNTC2003-11	Marketing the Radon Message	4
Course Description		
A 4-hour course that applies current marketing principles to spreading the radon message. The goal is to increase business for the radon professional by increasing the market for services.		
Course Provider	Provider Responsible Manager	
Spruce Environmental Technologies, Inc.	Trudy Smith	
Provider Address	Contact Phone #	
430 Marina Drive, P O Box 1173 Lake Sherwood, MO 63357-1173	(636) 398-4912	

Course #	Course Title	Credits
RNTC2004-02	Reducing Radon In Schools & Commercial Buildings - Field Perspectives	2
Course Description		
A course designed to assist mitigation professionals understand the requirements to obtain a commercial building license and review some of the pitfalls encountered when mitigating large buildings.		
Course Provider	Provider Responsible Manager	
UIC, School of Public Health, Great Lakes Center	Joseph Zanoni	
Provider Address	Contact Phone #	
2121 W. Taylor Street, MC / 922 Chicago, IL 60612-7260	(312) 996-2613	

Course #	Course Title	Credits
RNTC2004-03	Introduction to Mitigating Radon in Commercial Buildings	2
Course Description		
A course to assist mitigation professionals design mitigation systems in schools and commercial buildings.		
Course Provider	Provider Responsible Manager	
UIC, School of Public Health, Great Lakes Center	Joseph Zanoni	
Provider Address	Contact Phone #	
2121 W. Taylor Street, MC / 922 Chicago, IL 60612-7260	(312) 996-2613	

Course #	Course Title	Credits
RNTC2004-07	Building Radon Out	4
Course Description		
This course provides a basic understanding of passive and skeletal mitigation systems in new construction. It includes relevant information showing proper installation techniques.		
Course Provider	Provider Responsible Manager	
VSI Environmental Services	Keith Volsted	
Provider Address	Contact Phone #	
27900 W. Concrete Drive, Unit D Lakemoor, IL 60041	(847) 740-7730	

Course #	Course Title	Credits
RNTC2004-08	HVAC Systems in Schools and Commercial Buildings and Radon	2
Course Description		
A comprehensive review of Commercial HVAC Systems, their operation and how they can affect Radon in Schools and Commercial Buildings.		
Course Provider	Provider Responsible Manager	
UIC, School of Public Health, Great Lakes Center	Joseph Zanoni	
Provider Address	Contact Phone #	
2121 W. Taylor Street, MC / 922 Chicago, IL 60612-7260	(312) 996-2613	

Course #	Course Title	Credits
RNTC2004-09	Schools and Commercial Building Radon Measurements and Testing	2
Course Description		
A comprehensive review of the methodology of radon measurements in Schools and Commercial Buildings.		
Course Provider	Provider Responsible Manager	
UIC, School of Public Health, Great Lakes Center	Joseph Zanoni	
Provider Address	Contact Phone #	
2121 W. Taylor Street, MC / 922 Chicago, IL 60612-7260	(312) 996-2613	

Course #	Course Title	Credits
RNTC2004-10	Theory and Construction of a Diffusion Cloud Chamber	3
Course Description		
Very few radon professionals have actually "seen" an alpha particle. The author presents a dependable method for viewing alpha particles in motion by demonstrating the construction of a simplified diffusion cloud chamber.		
Course Provider	Provider Responsible Manager	
Illinois State University, College of Applied Science and Technology	Ruth Ann Lipic	
Provider Address	Contact Phone #	
306D Felmley Hall, Campus Box 5220 Normal, IL 61790-5220	(309) 438-5295	

Course #	Course Title	Credits
RNTC2004-11	Electret Ion Chambers for Measuring Radon In Air	4
Course Description		
This course describes: (1) Various components of electret ion chamber system; (2) the inferences and the effect of the environmental parameters on their performances; (3) Methods of estimating total error; (4) Applicable procedures for their use.		
Course Provider	Provider Responsible Manager	
Rad Elec, Inc.	Paul Kotrappa	
Provider Address	Contact Phone #	
5714-C Industry Lane Frederick, MD 21704	(301) 694-0011	

Course #	Course Title	Credits
RNTC2004-12	Electret Ion Chambers for Measuring Radon Progeny In Air	2
Course Description		
This course describes the significance of measuring radon progeny in WL units, relationship between radon gas concentration (pCi/L) and progeny concentration (WL), and the significance of attached and unattached progeny concentrations in risk analysis.		
Course Provider	Provider Responsible Manager	
Rad Elec, Inc.	Paul Kotrappa	
Provider Address	Contact Phone #	
5714-C Industry Lane Frederick, MD 21704	(301) 694-0011	

Course #	Course Title	Credits
RNTC2004-15	Radon Fundamentals for Radon Professionals	3
Course Description		
This course is to augment the radiation knowledge of licensees in the radon industry of the three types of radiation encountered in the radon field and ending with some practical experiments using a Geiger counter.		
Course Provider	Provider Responsible Manager	
Illinois State University, College of Applied Science and Technology	Ruth Ann Lipic	
Provider Address	Contact Phone #	
306D Felmley Hall, Campus Box 5220 Normal, IL 61790-5220	(309) 438-5295	

Course #	Course Title	Credits
RNTC2004-16	Collaborative Institutional Review Board Training Initiative (CITI)	7
Course Description		
The purpose of the CITI program is to develop, implement and maintain a high quality web based educational program in the protection of human subjects in research. This course is a required for participation in research activities at universities.		
Course Provider	Provider Responsible Manager	
UIC, School of Public Health, Great Lakes Center	Joseph Zanoni	
Provider Address	Contact Phone #	
2121 W. Taylor Street, MC / 922 Chicago, IL 60612-7260	(312) 996-2613	

Course #	Course Title	Credits
RNTC2005-01	Introduction to Quality Assurance & Quality Control	4
Course Description		
A classroom-based course to assist licensees and applicants prepare and use a Quality Assurance Program for their business. Additionally, this course provides a comprehensive review of Quality Controls required by 32 Ill. Adm. Code 422.		
Course Provider	Provider Responsible Manager	
Spruce Environmental Technologies, Inc.	Trudy Smith	
Provider Address	Contact Phone #	
430 Marina Drive, P O Box 1173 Lake Sherwood, MO 63357-1173	(636) 398-4912	

Course #	Course Title	Credits
RNTC2005-03	Renewing Your Passion for Results in the Radon Business	3
Course Description		
This course will assist licensees to look at things through a different lens to see if we can discover new insights that might help us find the passion necessary to move forward with our business.		
Course Provider	Provider Responsible Manager	
Illinois State University, College of Applied Science and Technology	Ruth Ann Lipic	
Provider Address	Contact Phone #	
306D Felmley Hall, Campus Box 5220 Normal, IL 61790-5220	(309) 438-5295	
Course #	Course Title	Credits
RNTC2005-05	A Critical Thinking Approach to Radon	3
Course Description		
This presentation looks at a critical thinking approach to radon. The objective is to demonstrate gathering, weighing, and synthesizing information objectively.		
Course Provider	Provider Responsible Manager	
UIC, School of Public Health, Great Lakes Center	Joseph Zanoni	
Provider Address	Contact Phone #	
2121 W. Taylor Street, MC / 922 Chicago, IL 60612-7260	(312) 996-2613	
Course #	Course Title	Credits
RNTC2005-07	Safety in the Radon Field	6
Course Description		
This course is designed to raise licensees awareness of safety issues associated with radon. Including but not limited to safety in the field, office, transportation and documentation.		
Course Provider	Provider Responsible Manager	
VSI Environmental Services	Keith Volsted	
Provider Address	Contact Phone #	
27900 W. Concrete Drive, Unit D Lakemoor, IL 60041	(847) 740-7730	
Course #	Course Title	Credits
RNTC2005-08	Nuts & Bolts: Radon Measurement	4
Course Description		
Doing radon testing and doing radon testing as a professional may be two very different things. This course presents what it means to give the radon test its due as a means to saving lives and why the particulars might matter.		
Course Provider	Provider Responsible Manager	
Radon Testers, Inc.	Ronald Bowers	
Provider Address	Contact Phone #	
201 W Jefferson Ave Wheaton, IL 60187	(630) 260-0700	

Course #	Course Title	Credits
RNTC2005-09	Laboratory in Radon Mitigation Safety	2
Course Description		
This lab allows the participants to use some of the devices discussed in the course Safety in the Radon Field. These devices include earplugs, safety glasses, safety harnesses and respirators.		
Course Provider	Provider Responsible Manager	
Three Rivers Environmental	Elean Robson	
Provider Address	Contact Phone #	
P.O. Box 106 Churubusco, IN 46723	(260) 693-9855	

Course #	Course Title	Credits
RNTC2005-10	Operating an E-PERM Laboratory, A Guide to Consistency	6
Course Description		
This course will acquaint the student with the operation of the electret ion chamber system, illustrate techniques to enable the student to extract maximum performance from the system and to equip the student with the tools for assessing the operation.		
Course Provider	Provider Responsible Manager	
LandAmerica Property Inspection Services	Jay Brown	
Provider Address	Contact Phone #	
10024 Office Center Avenue, Suite 200 Saint Louis, MO 63128	(314) 431-0190	

Course #	Course Title	Credits
RNTC2005-15	Managing and Saving Excel Files	6
Course Description		
Hands-on class learning the basics of Microsoft Excel through some advanced formula creation. Includes reviews of Good File Management, General Spreadsheet Knowledge, Working with Cells, Working with Formulas, Working with Functions, Using Charts.		
Course Provider	Provider Responsible Manager	
Illinois State University, College of Applied Science and Technology	Ruth Ann Lipic	
Provider Address	Contact Phone #	
306D Felmley Hall, Campus Box 5220 Normal, IL 61790-5220	(309) 438-5295	

Course #	Course Title	Credits
RNTC2006-01	Cutting Edge Radon	3
Course Description		
This course provides updates on new health studies, new USEPA findings and worldwide radon programs and new information sources.		
Course Provider	Provider Responsible Manager	
Spruce Environmental Technologies, Inc.	Trudy Smith	
Provider Address	Contact Phone #	
P.O. Box 1173 Lake Shorewood, MO 63357-1173	(636) 398-4912	

Course #	Course Title	Credits
RNTC2006-02	Radon Testing Equipment Review	3.0
Course Description		
Course provides significant detail of most every piece of radon testing equipment available. The program covers active, and passive and is of interest to those wishing to develop their own laboratories.		
Course Provider	Provider Responsible Manager	
University Educational Services, Inc.	Paul Houle	
Provider Address	Contact Phone #	
R.D. 5, Box 5464 East Stroudsburg, PA 18303	(570) 421-1775	
Course #	Course Title	Credits
RNTC2006-03	Tampering by the Numbers	3.0
Course Description		
The course covers the article, "Study of the Effect of Tampering and Its Detection During Short Term Tests," written by Bill Brodhead & Syd Porter. The article and course will help a measurement professional better understand and reduce tampering.		
Course Provider	Provider Responsible Manager	
University Educational Services, Inc.	Paul Houle	
Provider Address	Contact Phone #	
R.D. 5, Box 5464 East Stroudsburg, PA 18303	(570) 421-1775	
Course #	Course Title	Credits
RNTC2006-04	Introduction to Quality Assurance Plans	3
Course Description		
Program goes into depth regarding QA plans. The course is to help radon professionals to more easily create a quality assurance plan that is useful to that particular professional and simultaneously satisfy state and agency requirements.		
Course Provider	Provider Responsible Manager	
University Educational Services, Inc.	Paul Houle	
Provider Address	Contact Phone #	
R.D. 5, Box 5464 East Stroudsburg, PA 18303	(570) 421-1775	
Course #	Course Title	Credits
RNTC2006-06	A Comprehensive Review of Recent Residential Studies Radon Case Control Studies from N	2.0
Course Description		
Overview and review of Recent Residential Studies Radon Case Control Studies from North America and Europe.		
Course Provider	Provider Responsible Manager	
Three Rivers Environmental	Elean Robson	
Provider Address	Contact Phone #	
P.O. Box 106 Churubusco, IN 46723	(260) 693-9855	

Course #	Course Title	Credits
RNTC2006-07	Analyzing Radon Risk Using Geographic Information System Software: Radon and GIS	16
Course Description		
This course defines GIS and why it is useful for radon as well as sharing how test results can be mapped and analyzed. The course describes a GIS map, and illustrates how mapping of radon levels can enhance risk communication		
Course Provider	Provider Responsible Manager	
UIC, School of Public Health, Great Lakes Center	Joe Zanoni	
Provider Address	Contact Phone #	
2121 W. Taylor Street, MC 922 Chicago, IL 60612	(312) 413-7369	
Course #	Course Title	Credits
RNTC2007-04	Alpha-track Detectors	3
Course Description		
The course is designed to expand participants' understanding of Alpha-track detectors and their use as effective and efficient radon detection devices.		
Course Provider	Provider Responsible Manager	
RSSI	Roger Marsh	
Provider Address	Contact Phone #	
6312 West Oakton Street Morton Grove, IL 60053-2723	(847) 965-1999	
Course #	Course Title	Credits
RNTC2007-08	Systems for Measuring Radon in Air-A Closer Look	4
Course Description		
Course describes how systems will measure radon in air providing details about how radiation interacts with matter and how radiation detection uses various methods such as grab, continuous, integrating, equilibrating, and radon decay product measurements.		
Course Provider	Provider Responsible Manager	
Bowser Morner, Inc.	Phil Jenkins	
Provider Address	Contact Phone #	
4514 Taylorsville Road Dayton, Ohio 45424	(937) 236-8805	
Course #	Course Title	Credits
RNTC2007-10	Radon Measurement & Technical Course	16
Course Description		
Qualifying Course covering Radon Fundamentals, Radon Entry and Behavior and measurement.		
Course Provider	Provider Responsible Manager	
Environmental Solutions Association	Bernie Katz	
Provider Address	Contact Phone #	
416 Pine Street, Suite 201 Williamsport, PA 17701	(570) 326-3700	

Course #	Course Title	Credits
RNTC2007-11	Radon Measurement Best Practices	2
Course Description		
This online course focuses on the basics of setting a good radon measurement and the nuances and difficulties of doing so for a home involved in a real estate transaction.		
Course Provider	Provider Responsible Manager	
Radon Detection Specialists, Inc	Karl Weber	
Provider Address	Contact Phone #	
8008 S Madison Street Burr Ridge, IL 60527	(630) 325-4443	
Course #	Course Title	Credits
RNTC2007-13	Lung Cancer	3
Course Description		
Dr Pankaj Kumar provides a thorough review of the cancer risks, symptoms, treatment, clinical trials and case studies. Individuals participating in the course will be able to ask specific questions of an oncologist about lung cancer.		
Course Provider	Provider Responsible Manager	
Illinois State University, College of Applied Science and Technology	Ruth Ann Lipic	
Provider Address	Contact Phone #	
306D Felmley Hall, Campus Box 5220 Normal, IL 61790-5220	(309) 438-5295	
Course #	Course Title	Credits
RNTC2007-14	Ergonomic Barriers to Employment	3
Course Description		
This course provides information to identify risk factors on the jobsite and the analysis necessary to optimize human well being and overall performance.		
Course Provider	Provider Responsible Manager	
Illinois State University, College of Applied Science and Technology	Ruth Ann Lipic	
Provider Address	Contact Phone #	
306D Felmley Hall, Campus Box 5220 Normal, IL 61790-5220	(309) 438-5295	
Course #	Course Title	Credits
RNTC2008-01	EPA's Map of Radon Zones	3
Course Description		
The USEPA Map of Radon Zones, this continuing education underlines the purpose of the map, how the map was developed and what its strengths and weaknesses are.		
Course Provider	Provider Responsible Manager	
University Educational Services, Inc.	Paul Houle	
Provider Address	Contact Phone #	
HCR1, Box 28, 28 Rock Ridge Rd. Mt. Pocono, PA 18344	(570) 839-5917	

Course # RNTC2008-02	Course Title The Challenge of Customer Service-Satisfying the Angry Customer	Credits
Course Description The key to solving a problem is to turn around an angry customer. This course provides strategies on handling customers and solving their problems in a proactive approach		
Course Provider Illinois State University, College of Applied Science and Technology	Provider Responsible Manager Ruth Ann Lipic	
Provider Address 306D Felmley Hall, Campus Box 5220 Normal, Illinois 61790-5220	Contact Phone # (309) 438-5295	
Course # RNTC2008-03	Course Title Lung Cancer and Advocacy	Credits 1
Course Description This course provides information about lung cancer including the risk factors, signs and symptoms, diagnoses and treatment options along with the epidemiology of lung cancer in the US & Midwest.		
Course Provider Respiratory Health Association of Metropolitan Chicago	Provider Responsible Manager Eileen Lowery	
Provider Address 1440 W Washington Blvd Chicago, Illinois 60607	Contact Phone # (312) 628-6978	
Course # RNTC2008-05	Course Title Understanding Activated Charcoal Test Kits	Credits 2
Course Description This course provides an introduction to activated charcoal and how it works for radon collection. The course covers the pros and cons with this method, as well as different types of AC devices, lab differences and applications for use.		
Course Provider Air Chek, Inc.	Provider Responsible Manager Shawn Price	
Provider Address 24 Cardinal Ridge Rd. Fletcher, North Carolina 28732	Contact Phone # (800) 247-2435	
Course # RNTC2008-06	Course Title A History of Radon Legislation	Credits 4
Course Description Course examining Federal policies and legislation rrelated to the radon issue. The course reveals the political process and story behind radon legislation		
Course Provider Right on Radon	Provider Responsible Manager Dallas Jones	
Provider Address P.O. Box 81706 Chamblee, GA 30366	Contact Phone # (678) 895-1639	

Course #	Course Title	Credits
RNTC2008-10	Radon Measurement Course - Radon in Air and Water Testing	16
Course Description		
This course prepares students to sit for a state or national exam, conduct professional radon measurements and serve as a prerequisite to a mitigation course.		
Course Provider	Provider Responsible Manager	
Celia Rajkovich	Celia Rajkovich	
Provider Address	Contact Phone #	
171 Hall Road Aliquippa, PA 15001	(724) 774-4535	
Course #	Course Title	Credits
RNTC2008-11	An Environmental Review	3
Course Description		
Radon Mitigation and Measurement Professionals visit homes with many issues. They should be able to have basic understanding and overview of a large variety of environmental concerns. This course is an overview of some of these issues.		
Course Provider	Provider Responsible Manager	
Stuart Zwang	Stuart Zwang	
Provider Address	Contact Phone #
