## THE YEAR 2002 IN REVIEW

The Illinois Racing Board is a regulatory and enforcement agency of State Government. The Illinois General Assembly established a public policy in the area of horse racing regulation which has been administered by the Board. The Board, which allocates race dates to various racing associations, is also responsible for licensing, rulemaking, and supervising the conduct of race meets. Every individual that participates in Illinois racing is required to be licensed. The licensing process includes fingerprinting as well as the conduct of a background review for criminal histories. For calendar year 2002, the Board issued 11,205 licenses. A staff of administrative, security, and veterinary professionals, in conjunction with Board approved racing officials, supervised the activities at six racetracks conducting pari-mutuel racing in Illinois during 2002.

The Board is a member of the Association of Racing Commissioners International (RCI), the industry's oldest and most prominent regulatory association. Board Commissioners, as well as staff members, are active participants on various RCI committees. The information contained in the RCI database allows the Board to monitor the backgrounds of licensees and to exchange important regulatory and industry information with other jurisdictions.

The 699 race programs conducted during 2002 resulted in a total handle of \$1,131,874,324 representing an increase of 2.3% compared to 2001. Thoroughbred meets accounted for \$726,981,842, an increase of 2.7%, while standardbred meets contributed \$404,892,482, an increase of 1.5%. For calendar year 2002, 34% or \$382,473,610 of the total handle was wagered on Illinois races. An additional \$915 million, an increase of almost 19%, was wagered on Illinois races in other states. This marks only the second time since full-card simulcasting began in 1995 that other states wagered more on Illinois races than Illinois wagered on other states. Pari-mutuel racing in Illinois generated \$11.4 million for local governments from off-track betting parlors in 2002.

Several announcements were made in 2002. Governor George Ryan appointed Dennis S. Bookshester, Chairman of the IRB effective July 1st. He formerly served as President and CEO of Fruit of the Loom, Ltd. Other appointments to the Board included Fredric G. Novy, an attorney from Chicago, and Robert C. Winchester, a former State Representative from Whittington, Illinois. In September, the Board appointed Walter W. Dudycz to serve as Executive Director. Prior to his appointment, Mr. Dudycz represented the 7th District in the Illinois Senate for eighteen years.

In August, the Association of Racing Commissioners International, announced the unanimous election of IRB Commissioner William Jackson to serve as their new Chairman. Jackson, a Chicago businessman, has been a member of the Board for nine years and has served as an RCI officer for the past three years.

On Saturday, October 26th, Arlington Park hosted the 19th Breeders' Cup World Thoroughbred Championships. Wagering on the 11-race program totaled \$115.5 million, setting an all-time record Breeders' Cup handle. A sellout crowd of 46,118 wagered \$13.5 million on-track. Volponi, the longest shot in the Breeders' Cup Classic field, scored a stunning upset in the \$4 million race, the final leg of the Breeders' Cup Pick-6. A totalisator programmer from Delaware manipulated the wagering data and had the only Pick-6 winning ticket. After months of investigation by numerous state and federal agencies, including the Illinois Racing Board, many safeguards have been instituted nationwide to prevent such tampering in the future.

After 70 years of racing, Sportsman's Park conducted its final thoroughbred program on May 4th. On September 24th, National Jockey Club and Hawthorne Race Course announced the merger of their respective racing operations, with future racing to be held at Hawthorne.

Each Illinois racetrack is entitled to receive up to six OTB licenses, except Fairmount Park, which is entitled to seven licenses, bringing

the statewide total to 37 authorized facilities. The Board granted 25 off-track licenses in 2002. Three new OTB's were opened in 2002 but the parlor located at the Empress Riverboat Casino in Joliet closed in March. Fairmount Park opened an OTB facility in Alton, Illinois on October 3rd, National Jockey Club opened an OTB in Mokena on May 17th, but it subsequently closed on December 29th, and Arlington Park opened an OTB in South Elgin on December 7th.

Total purses paid, excluding the \$14.28 million paid out on Breeders' Cup Day, increased in 2002 compared to 2001 by less than 1%. The average total daily purses paid at the Chicagoland thoroughbred tracks decreased by less than 1% (\$261,509) while the standardbred tracks saw an increase of 1% (\$104,422) in average daily purses.

On July 3rd, the Board approved an application, submitted by the Brown County Fair in Mt. Sterling, Illinois, to conduct pari-mutuel wagering during its fair featuring two days of harness racing. Brown County is the first Illinois county fair to conduct pari-mutuel wagering.

The West Nile Virus affected the equine industry but was stymied by the efforts of the Board's veterinarians, racetracks and horse owners. By controlling the mosquito population and vaccinating horses running in Illinois, only 16 equine cases were reported.

In 2002, Arlington Park continued to make improvements to their barn area by upgrading the electrical systems in several barns. Hawthorne Race Course installed bathrooms with showers in 55 dormitory rooms. Fairmount Park completed improvements to their clubhouse, which included the construction of a simulcast center.

In 2002, Balmoral Park continued to refurbish their backside barns and Maywood Park installed marquee signage and completed parameter landscaping.

An out-of-court settlement was reached over payment of the \$1 million bonus offered by National Jockey Club and earned by Illinois Derby and Kentucky Derby winner War Emblem. The sale of War Emblem, shortly after his Illinois Derby victory, triggered a dispute between the previous owner Russell Reineman and the current owner of War Emblem, the Thoroughbred Corporation.

KADABRA was voted the Illinois Harness Horse of the Year for the year 2002. A winner of \$1,215,496, a single season record for an Illinois-bred, this three-year-old trotting son of Primrose Lane/Quillo was bred by Connie Hochstetler of Crete, Illinois, owned by the Abra Kadabra Stable and trained by Jimmy Takter. Among his victories in 2002 were the \$721,035 Canadian Trotting Classic, the \$400,000 Delvin Miller Trot and the \$542,500 Breeders Crown.

MYSTERY GIVER was voted the Illinois Thoroughbred Horse of the Year. This four-year-old gelded son of Dynaformer/Ioya, was bred by David and Patricia Block, owned by Team Block and trained by Richard Scherer and Chris Block. In 2002, he started nine times recording three wins and one second with earnings of \$302,060. Mystery Giver began his four-year-old season by winning the \$147,000 Fair Grounds Breeders' Cup. At Arlington Park he won the Cardinal Stakes and the Sea O'Erin Breeders' Cup. He finished the year by finishing second in the \$250,000 Great States Challenge in Texas.

In 2002, harness driver Tony Morgan achieved a career milestone by winning his 8,000th race.

## LABORATORY

Over the past year the Illinois Racing Board Laboratory has conducted one of the most comprehensive equine drug testing programs in the country. The laboratory accomplished this by employing an extensive array of enzyme linked immunosorbent assays (ELISA) to routinely screen samples for prohibited substances. These tests are highly sensitive and allow the laboratory to screen for a wide range of pharmaceutical substances. In addition the laboratory routinely tests for blood threshold levels of three substances, Furosemide, Phenylbutazone and TCO2 and performs random saliva tests in horses in the paddock to detect cocaine administration or contamination. The laboratory also tested and reported on several special exhibit items such as syringes and drug vials that were collected or seized as contraband at the racetracks.

After a year-long search, the laboratory has also added an additional PhD analytical chemist to its staff. This new member of our staff is concentrating on developing analysis methods for a liquid chromatography/mass spectrometry detector system the laboratory recently acquired. This detector system is relatively new to our industry and will compliment our current gas chromatography/mass spectrometry analysis methods.

The Laboratory continues participation in two external proficiency testing programs: the International Association of Racing Commissioners Quality Assurance Program and the International Proficiency Testing Program conducted by the Association of Official Racing Chemists. The IRB laboratory maintained a perfect score on all blinds and proficiencies in 2002.

In 2002, Thoroughbred Purses include \$14,280,000 that was paid at the Arlington Park Breeder's Cup.

### WHAT IS PURSE RECAPTURE?

Purse recapture is a 1995 provision of the law that allows racetracks to recoup losses on live handle brought on by the authorization of full-card simulcasting of races from other states. Handle on Illinois races as a percentage of total Illinois handle has dropped from 95% in 1994 to 34% in 2002. The recapture amount is 2% of the decrease of Illinois handle on Illinois races from 1994. The recapture monies allocated to the racetracks are deducted from the horsemen's purse accounts. In 1999, legislation was passed that authorized annual appropriations to the Department of Agriculture for reimbursement to purse accounts equal to the recapture amounts. The appropriation is an annual decision, the racetracks will always receive their monies, either from the State or from the originally intended horsemen's purse accounts. Below are the annual amounts of purse recapture since 1995, when full card simulcasting was authorized.
