Subject: RE: Forecast
Attachments: Forecast Appendix C-3 Revised.pdf

Arlene,

We discovered some errors in Appendix C-3. We corrected them and have attached a revised Appendix C-3.

From: Russell, Thomas J.:(BSC)

Subject: Forecast

Arlene,

Attached is a copy of ComEd's Forecast for the period June 1, 2013 through May 31, 2018, submitted to you in compliance with section 16-111.5(d)(1) of the Illinois Public Utilities Act ("PUA"). Please note that we have labeled Appendix E to the Forecast as Confidential as it contains information obtained from the July 13, 2011 Confidential Report that NERA submitted to the ICC regarding the results of the long-term renewables procurement in late 2010. We were uncertain whether the IPA still considered that information to be confidential. If not, the confidential language can simply be removed from the Appendix. If the information remains confidential, the appendix can simply be redacted from the public version of the Forecast that the IPA typically attaches to its procurement plan and a complete version can be filed confidentially with the ICC and made available to parties that sign non-disclosure agreements. Please also note that while Appendices C-1, C-2 and C-3 are separate documents they are intended to be attachments to and a part of the Forecast.

We are also providing some additional information. Section 16-111.5B(a)(3) requires ComEd to provide to the IPA the results of the energy efficiency solicitation process. Those results are contained in the attached document entitled "ComEd Third Party Efficiency Program Summary of Vendor Scoring Process June 22, 2012." Since that document is not required by the PUA to be a part of the IPA's procurement plan, we have not attached it to the Forecast, but are providing it as a separate, stand-alone document instead.

Lastly, we are also attaching a document entitled Load Forecast and Procurement Amounts depicting the steps in moving from the forecasted amounts shown in Table II-14 and Appendix B-1 in the Forecast to the necessary procurement amounts, assuming the IPA decides to use the same 35/35/30 laddered approach that it has in the last few procurements.

I will also be forwarding you a separate e-mail containing all of the supporting documents due to their large size.

If you have any questions about any of the material, please let us know.
