## Communication Details:

Provide a detailed summary of the points made by each person involved in the communication:  
Invenergy led a discussion on the topic of the RPS fix legislation that is being negotiated by major stakeholders and debated by the General Assembly. In particular, Invenergy sought to describe a few proposals that had been floated with respect to the calculation of the purchase price of "curtailed RECs." Invenergy desired to inform the IPA of the options on the table and how those options might work in practice. Invenergy also shared with the  
IPA COMM FORM V1 120216

IPA how it thought the talks were progressing among the interested stakeholders, and that the desire was to pass the legislation during Veto.

Was a response made? If so, complete the following for each person making the response *(attach an additional sheet that lists the other respondents' names, job titles, which entity they represent, email address and/or telephone number, if applicable)*:

Respondent Name: Anthony Starr and Michael Strong  
Respondent Title: Acting Director and Chief Legal Counsel  
Location: Chicago, IL  
Telephone Number (if telephonic):

Provide a detailed summary of the response:

In response to Invernergy's depiction of the options on the table, the IPA explained its concerns with respect to successful implementation of the options. The IPA indicated that it was concerned that the legislative changes could lead to subsequent review of future agreements. In conclusion, the IPA clearly stated that they understood the concern of the Renewable Suppliers and that the methodology proposed by the Stakeholders was reasonable but that they couldn't endorse it, because doing so would exceed its statutory authority.
