Saving Lives and Building Hope

Thank you for your support! Your gift to the American Cancer Society is even more critical this year as cancer patients seek our help in record numbers. Here's how your donation can make a difference right now:

- \$15** provides a customized help kit for a new patient, filled with information about their form of cancer and special sections to organize their medical records.
- \$40** provides a patient with free rides to and from cancer treatment.
- \$50** provides pain and nausea medication for someone who otherwise would go without.
- \$100** removes treatment barriers for a disadvantaged patient by linking them with a skilled Society social worker.

The American Cancer Society saves lives and creates more birthdays by helping everyone ...

Stay Well.

We help you take steps to prevent cancer – or find it at its earliest, most treatable stages.

Every year, thousands of Illinoisans learn how

to prevent cancer through Society programs held in workplaces, hospitals, schools and communities.

Get Well.

If you have cancer, we're in your corner 24/7. Cancer patients and their families can receive free support services at more than

70 locations statewide, and our cancer specialists are there for everyone day and night at 1.800.227.2345.

Find Cures.

We support research that helps us better understand, prevent and cure cancer.

Fight Back.

We rally communities across Illinois to join in the cancer fight. Events like Relay For Life® and Making Strides Against Breast Cancer® keep our mission moving forward.

We also work in Springfield and Washington, D.C. to make sure the voices of those with cancer are heard by lawmakers.
