## OFFICE OF THE GOVERNOR

207 STATE HOUSE  
SPRINGFIELD, ILLINOIS 62706

**BRUCE RAUNER**  
GOVERNOR

Greetings!

Welcome to the 2015 Illinois State Fair!

The Illinois State Fair has been a showcase of Illinois families and rich traditions since 1853. For many Illinoisans the state fair is a rite of passage. It's an opportunity for the future farmers of this great state to compete on one of the biggest agricultural stages. For others, it's a chance to go behind the scenes of the state's number one industry: agriculture.

When you take a closer look at Illinois' agriculture industry, you'll notice there's much more to offer than commodities and crops. The men and women who call Illinois home produce some of the nation's top agricultural products: corn, soybeans, wheat, cattle and pork. Because of their efforts and dedication, Illinois agriculture is a billion dollar industry, and is among the leaders in the nation for agricultural exports and processed food sales.

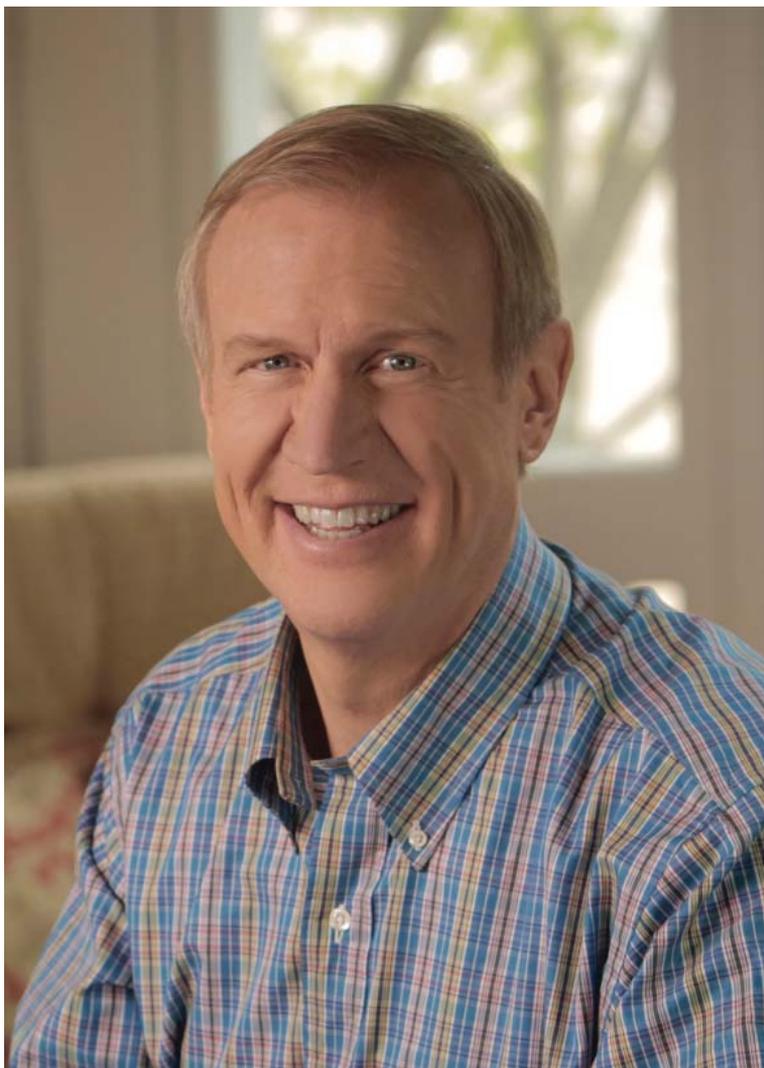

I hope you'll join me at the Governor's Sale of Champions at this year's Illinois State Fair. Young people from across the state spend countless hours each year raising live stock for the auction. It's through our gracious communities and agri-businesses that these animals have sold for record prices in recent years. It's an important night because the proceeds from the sale help 4H and FFA members attend college, purchase breeding animals, and develop future careers in agriculture.

Today the Illinois State Fair is one of the largest agricultural fairs in the country. Over the next ten days I hope you explore the fairgrounds, and experience all of what Illinois has to offer. Enjoy the 2015 Illinois State Fair.

Sincerely,

A handwritten signature in black ink that reads 'Bruce Rauner'.

Welcome!

As we kick off 10 fun-filled days, it's my privilege to welcome you to the 2015 Illinois State Fair. The state fair is a chance for Illinoisans, both rural and urban, to come together to celebrate agriculture, carry out family traditions, and cultivate relationships.

One of my favorite parts of the State Fair is the opportunity to see old friends and make new acquaintances. Standing in a wash rack with friends that I showed livestock with many years ago, now helping our children prepare for shows. It's a privilege to see traditions that are handed down through the generations at the fair—a grandfather teaching his grandson that "winning isn't everything" or a mom cheering on her nervous daughter getting ready to show her horse for the first time in the Coliseum.

If you are taking part in an agricultural event during the fair, take a moment to explain to a fairgoer how you are involved in the industry. Explain what inspired your 4-H project, how your family farm puts food on dinner tables, or your secret to growing the largest pumpkins in the State.

If you are visiting the fair and have limited exposure to agriculture, visit the "Hall of Champions" to see the hard work that our young adults in agriculture put in throughout the year to raise blue ribbon livestock, tour Farmer's Little Helper to learn more about the diverse commodity groups in the State of Illinois, and stop by the Illinois Department of Agriculture tent to learn about the activities the Department is involved in to keep Illinois' #1 industry strong.

The fair is an event that every resident of the State of Illinois should be proud of. While at the fair, I challenge you to make a new acquaintance or reconnect with an old one, learn a new fact about the agriculture industry, or start a new state fair family tradition.

Sincerely,

A handwritten signature in black ink that reads "Philip Nelson". The signature is written in a cursive, flowing style.

## **Land of Lincoln Purebred Livestock Breeder's Award**

**Allen Entwistle**

**Riverton, IL**

Allen Entwistle is the recipient of the Land of Lincoln Purebred Livestock Breeders Hall of Fame Award, and when describing Allen, one word comes to mind, agriculture! From livestock to grain production, agriculture has been his passion from the beginning.

Being raised on the family farm with his three brothers and one sister, Allen knew at an early age that ag was the direction he wanted to go. Once he married Sharon, he spent some time farming with his dad, and then took a job with Farm Supply Services, where he spent the next 35 years. Having an excellent customer base and enjoying his job, he was able to earn many awards in the multiple areas he worked, from agronomy to fertilizer.

After retiring from Farm Supply Services, Allen and his son Jayson formed a partnership, J&W Farms. The farm consists of corn and soybeans, along with a commercial cow/calf operation, keeping that passion for cattle abundant!

Having been raised on a cattle farm, Allen started showing at the Illinois State Fair when he was just ten years old. So as he got older, having his own herd of registered Polled Herefords was a dream that came true, and he took great pride in his operation. He passed on the tradition to his own son, who grew up tagging along with his dad to take care of the cows. The two of them traveled the United States together, showing polled Herefords, in which they had many successes. One of those memorable successes was having the Champion Cow/Calf at Fort Worth, Texas. Now Allen is enjoying traveling with his grandsons, showing pigs at some of the same shows he and Jayson participated in when he was young!

Serving others in the industry is something Allen has always been a part of giving back to the livestock community that has supported him for so long is very important to him. He has served on the 4-H Extension Advisory Board, Illinois Junior Polled Hereford Association, Illinois Beef Association, as well as contributing tremendous support and many hours to bring the Junior National Show to Springfield in 1998, just to name a few.

The Sangamon County Farm Bureau is another way Allen has been able to use his talents to give back to the agriculture community. He has had the privilege to serve as president for three terms, and is currently serving on the Governmental Affairs Committee.

With his roots planted at the Illinois State Fair, serving on the Illinois State Fair Advisory Board is something Allen is truly passionate about. He has given countless hours to assist in the Illinois State Fair Sale of Champions, as well as making sure agriculture is part of everyone's experience when visiting the fair!

In addition to his passion for the agricultural industry, Allen and his wife Sharon enjoy their children and most of all, their grandsons! Allen continues to go above and beyond for the good of agriculture, from continuous support and contribution in organizations like Farm Bureau to the many Livestock Associations he serves - and for that the Land of Lincoln Purebred Association is proud to honor him as the 2015 Hall of Fame Inductee.

1. **ENTRIES AND ENTRY FEES** - All entry fees, except Championship Stakes are due and must be paid before numbers are assigned. Horses or ponies must be declared and entry fees paid for Championship Stakes on or before the day the particular stake is listed in the schedule to show. All horses or ponies shown and judged in any one class of their respective division are eligible to show in the Stakes but SHOULD BE ENTERED IN THE STAKE AT THE TIME OF MAKING ENTRIES.

**ILLINOIS RESIDENT CLASSES, LAND OF LINCOLN CLASSES, FUTURITY CLASSES, UPHA CLASSICS AND AHHS MEDALLION CLASSES WILL QUALIFY AN ENTRY FOR THE STAKES IN THEIR RESPECTIVE DIVISIONS.**

All exhibitors, when in the ring, must wear or have attached to vehicle, proper number corresponding with number of entry in Horse Show Program.

Name of horse or pony must be given in making entry. "ENTRY" will not be accepted. **Substitutions and class changes will be allowed up to one hour before starting time of the session containing said class.**

Entry blanks must be filled out completely showing registered name of the animal to be exhibited. Registration number, age, date of birth, sire and dam of Futurity entries must be given. Every animal shall be entered and exhibited in the name of the bonafide owner or his agent at the time of entry.

Exhibitors should make entries with the distinct understanding that their stock must be brought to the arena for judging and for exhibition purposes or parades at the request of the Management. Exhibitors are requested to be ready with their horses or ponies at least fifteen minutes before the time appointed for showing them as arranged in the official schedule. Exhibitors must submit their animals for examination by the Official Veterinarian when ordered to do so by Show Management.

### **DRUG TESTING REQUIREMENTS**

**Illinois Department of Agriculture personnel are authorized to collect blood, urine, milk, tissue or other samples from any animal being exhibited to test for the presence of any substances, practices or other adulterants which may give the animal a competitive advantage. As a condition of entry, all exhibitors shall sign a statement of ethical conduct.**

Upon entry to the Illinois State Fairgrounds, no person shall administer internally or externally any medication, including prescription and non-prescription, unless prior written authorization is received from the State Veterinarian's Office. Any medication or drug administered without authorization or in an unauthorized dosage constitutes a violation of this requirement.

Notwithstanding the above, as a condition of entry in an Illinois State Fair event, all exhibitors agree to cooperate fully with testing protocols including ultrasound. Department personnel may collect blood, tissue, milk or urine samples from any animal being exhibited and/or raced in any event at the Illinois State Fair at any time, including at the time of slaughter, to test for the presence of any substances, practices or other adulterants. It is a violation of this requirement if the test results indicate 1) the presence of a substance, practice or other adulterant that could give an animal a competitive advantage, and/or 2) the presence of a substance, practice or other adulterant that does not meet allowable slaughter residue levels for market animals as determined by the Department.

Non-market animals are deemed not to have violated this Requirement concerning competitive advantage if the drug was given under a current veterinarian's prescription for the animal and was prescribed for a therapeutic reason. Notwithstanding the previous sentence, animals must still comply with breed specific requirements regarding drug usage. A copy of such prescription must be shown to Department personnel at the time of collection. If not shown at time of collection, such drug use will be deemed a violation of this requirement and proof of a prescription at a later time will not be a defense.

Market animals are deemed to violate allowable slaughter residue levels if the test "positive" (not a quantitative test) for any drug that has not been approved by the Federal Food and Drug Administration for such type of animal. The fact that a drug exceeded its estimated withdrawal time or was prescribed will not be a defense to a violation of this Requirement concerning slaughter eligibility.

Any animal drug tested at the Illinois State Fair is subject to be detained at the expense of the Exhibitor by Fair Officials until the Fair Officials receive final test results. After any preliminary positive test results are confirmed by a gas chromatograph/mass spectrometer tests, the results may be made public.

If a dispute regarding the test results occurs, a portion of the referee sample, upon written request to the Department, may be sent in a manner mutually agreed to by the parties for laboratory testing and analysis at a facility mutually agreed to by the exhibitor and the Department. The referee sample will be split in the presence of the parties or their representative. The test results must be sent to both the exhibitor and the Department by the laboratory. All fees associated with the referee sample are the responsibility of the exhibitor.

If an animal is determined to be in violation of this requirement, then the exhibitor agrees to forfeit all awards, prizes, money, honors and rights to any benefits received at the Illinois State Fair concerning such animal.

If an exhibitor disputes a disqualification of an animal by fair officials, the exhibitor may request a hearing before an administrative law judge of the Illinois Department of Agriculture, pursuant to the administrative law rule. However, any request to have the referee sample tested must be made, the test must be performed and the test results determined all prior to the hearing.

The owner, exhibitor, fitter, trainer and participant bear absolute responsibility for an animal's condition, whether or not he or she was actually instrumental in or had actual knowledge of the administration of drugs or medication or treatment of the animal in contravention of these requirements.

Proper testing may require animals to be detained temporarily and may delay awarding of premium checks.

As soon as possible after the protest is registered, the animal in question will be measured by the Official Veterinarian and the Steward. If said animal exceeds the specified height for the class in which it was shown, all premiums, ribbons and trophies must be returned to the Show Management immediately after notification of the findings and the protest fee will be returned to the person who entered the protest. Entry fee will be adjusted or refunded accordingly.
13. **QUESTIONS AND DISPUTES** - The Illinois State Fair, through its Horse Show Management, reserves the right of itself, to interpret all questions and conditions in regard to, or arising out of, or incident to the show, without claim for damages or resource of any kind.
