Subject: Concordia Village & Springfield Nursing and Rehabilitation

Mike:

I represent Regency Nursing Care Residence in Springfield. Pertaining to the Planning Board's consideration of the Certificate of Need applications for Springfield Nursing and Rehabilitation & Concordia Village, please note that Regency recently received approval from the Department of Health and Human Services for certification of 95 Skilled Medicare Beds at their West Washington Street facility. Sandra Justice, with the Illinois Department of Public Health, should be aware of this recent certification.

On behalf of my client, I would appreciate you and the Board's consideration of this certification when deciding the merits of the two certificate of need applications. Within a couple of weeks, depending on the Department's final approval, there will be another 95 skilled medicare beds available for Springfield Area residents.

Thank you.

Kevin N. McDermott, Attorney
