Re: Request for Permit Renewal – Good Samaritan Physicians & Ambulatory Services Bldg
(project 08-050)

Dear Mr. Galassie,

On behalf of Good Samaritan Regional Health Center, I am writing to request a permit renewal for project #08-050 in accordance with Section 1130.740 of the *Illinois Health Facilities and Services Review* administrative rules. This request is filed within 45 days of the permit completion date of December 31, 2012.

We are requesting a permit renewal to allow additional time to close-out the financials, including receipt of final bills, issuance of final payments, followed by the completion of a financial audit of the project.

The Physicians & Ambulatory Services Building reached substantial completion on October 15, 2012. Many hospital outpatient departments are located within this building, therefore IDPH will review it at the same time the hospital is reviewed (project 08-051).

In November, we anticipate that the Physicians & Ambulatory Services Building will open for limited use by the Physician Surgery Center (project 08-070, which is located on the second floor of the building). This limited-use opening will follow the full IDPH inspection, which is expected to be completed in early November. The building will officially open on January 20, 2013, along with the replacement hospital.

We are requesting a 6-month permit renewal with a revised completion date of June 30, 2013. A \$500 check is enclosed with this letter to cover the processing fee.

Thank you for your consideration. If you should have any questions, please call me at (618) 241-2201.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Warren".
