RE: Project #08-076

Project Completion Report

Advocate BroMenn Medical Center f/k/a BroMenn Regional Medical Center
Three Story Addition with 12 Obstetric Beds, 18 LDRP Rooms, 12 ICU Beds, and 18 M/S Beds

Dear Ms. Avery:

This letter is intended to satisfy a portion of Section 1130.770 by providing you with a notice of the completion of Project #08-076, as of March 15, 2013. While it was first occupied June 25, 2012, there were additional items to be completed by the contractor that were only done by the completion date.

Because this is a project with a cost above the capital expenditure minimum in place at the time of the permit approval, within 90 days of this letter, you will receive a report of the final realized costs and an audited financial report of all project costs and sources of funds.

Please let me know if there is anything further needed to close out this Permit.

Sincerely,

Sonja Reece, FACHE
Director, Health Facilities Planning
