Juana Herrera
Acerca de: Las aplicaciones para adquirir El Centro Medico West Suburban de Vanguard Health Systems
(10-014)

Me llamo Juana Herrera. He sido trabajadora de limpieza en el Centro Medico de West Suburban por 4 años.

My name is Juana Herrera. I have worked as a housekeeper at West Suburban Medical Center for 4 years.

Es muy importante que esta Cámara asegure que el Centro Medico West Suburban se mantenga abierto por lo mínimo 10 años. Vanguard debería comprometerse a eso antes de comprar a West Suburban.

It is very important that this Board makes sure that West Suburban Medical Center stays open for at least 10 more years. Vanguard should make that commitment before it buys West Suburban.

El mantener abierto a West Suburban en el futuro es importante a ambos los empleados y pacientes. Los empleados estamos preocupados de perder nuestros trabajos. Muchos de nosotros hemos trabajado en West Suburban a través de los buenos tiempos y los malos y merecemos un compromiso razonable para el futuro de nuestros empleos.

Keeping West Suburban open in the future is important to employees and to patients. . As employees we are concerned about job security. Many of us have worked at West Suburban through good times and bad and we deserve a reasonable commitment of future employment.

También sabemos cuanto dependen de West Suburban la gente que vive en las comunidades alrededor de West Suburban de los servicios del hospital. Cada año miles de personas acuden a West Suburban para cuidado. La gente depende del hospital y es conveniente para muchos pacientes. En caso de una emergencia, el tener un hospital cercano puede ser un asunto de vida o muerte.

We also know how much people who live in the communities around West Suburban depend on the hospital's services. Every year thousands of people come to West Suburban for care. People rely on the hospital and it is convenient for many patients. In the case of an emergency, having a hospital nearby can be a matter of life and death.

Eso es la razón que tanta gente firmo la petición que le pidió a la Procuradora General de Illinois que asegure que Vanguard mantenga el hospital abierto y que sea justo con sus empleados y pacientes. Yo fui con un grupo a la oficina de la Procuradora General para entregarle la petición que firmada por más de 10,000 personas de las comunidades alrededor de los hospitales West Suburban y Westlake. Estuvieron muy sorprendidos de la cantidad de personas que habían firmado.

That is why so many people signed the petition asking the Illinois Attorney General to make sure Vanguard kept the hospital open and was fair to employees and patients. I went with a group to the Attorney General's office to deliver the petition that was signed by more than 10,000 people from the neighborhoods around West Suburban and Westlake hospitals. They were impressed at how many people signed.

Así que tenemos la esperanza que la Cámara vaya a proteger a los pacientes y empleados del Centro Medico West Suburban y que requiera que Vanguard mantenga abierto al hospital por lo mínimo 10 años.

So we hope the Board will protect the patients and employees of West Suburban Medical Center and require Vanguard to keep the hospital open for 10 years.

Juana Rocío Herrera

RE: Illinois Health Facilities and Services Review Board – Project 10-013 & 10-014

Dear Mr. Lemon:

Please convey my support to the Illinois Facilities and Services Review Board for a Certificate of Need to transfer ownership of West Suburban Hospital and Westlake Hospital from Resurrection Health Care to Vanguard Health Systems, Inc.

The Cook County Health and Hospitals System believes that the continued viability of these two hospitals will help assure continued access of westside and west suburban residents to needed healthcare services.

Sincerely,

William T. Foley,
Chief Executive Officer
Cook County Health & Hospitals System

Chicago, Illinois 60640

Dear Mr. Molinaro:

Please convey my support to the Illinois Facilities and Services Review Board for a Certificate of Need to transfer ownership of West Suburban Hospital and Westlake Hospital from Resurrection Health Care to Vanguard Health Systems, Inc.

Vanguard Health Systems owns two hospitals in Chicago area, MacNeal Hospital, which joined Vanguard in 2000 and Louis A. Weiss Memorial Hospital in 2002. These hospitals have long standing reputations of serving Berwyn and Chicago's north side communities. Under Vanguard's ownership, MacNeal and Weiss have improved their reputations of providing high-quality health care services and both hospitals provide Medicaid and Medicare services on par with not-for-profit hospitals in their respective markets.

It is imperative to the communities served by West Suburban Medical Center and Westlake Hospital that the acquisitions of these hospitals move forward without delay. I would like to see the Health Facilities and Services Review Board, consistent with its rules and capabilities, expedite the review and approval of the change of ownership applications and in doing so facilitate the associated transactions completion.

I request that Illinois Health Facilities and Services Review Board approve the application for a Certificate of Need.

Sincerely,

Sara Feigenholtz

Dear Sir/Madam:

Re: Illinois Health Facilities and Services Review Board - Project 10-013 & 10-014

Weiss Memorial Hospital is a longtime member of the Uptown community and of my district in the City of Chicago. I value our close relationship with Weiss hospital over the years and our ability to work together to continue to bring better health care services to my constituents.

Weiss has continued to be one of our largest employers and through the support of the Vanguard Corporation has continued to make key investments in the hospital that has expanded the need for staff.

Since Vanguard's purchase of Weiss Hospital I have had the opportunity to attend many ribbon cutting ceremonies that signify growth and response to the needs of the community. Weiss is always there at Uptown events to promote health education and preventative screening. The Arvey clinic has always been there to help the uninsured in our community and continues to be supported by Weiss under Vanguard.

Our experience with Weiss's transition to Vanguad Health Systems has been positive and enriching to our community. I believe any community would benefit from such a relationship.

Sincerely,

Alderman Helen Shiller

RE: Project Nos. 10-013 and 10-014 Changes of Ownership of Westlake Hospital and West Suburban Medical Center

Dear Chairman and Members of the Illinois Health Facilities and Services Review Board:

This letter is submitted pursuant to is to 77 Ill. Admin. Code § 1130.950. It is intended to provide a summary of the public hearings in connection with the change of ownership of Westlake Hospital ("Westlake") and West Suburban Medical Center ("West Suburban"), Project Nos. 10-013 and 10-014, respectively. In addition, this letter also provides a brief summary of the process by which Resurrection Health Care Corporation ("Resurrection") identified Vanguard Health Systems, Inc. ("Vanguard") as a purchaser of Westlake and West Suburban.

Overview of the Public Hearings

Resurrection and Vanguard requested public hearings in connection with Project Nos. 10-013 and 10-014 in order to provide a forum for public input for the proposed change of ownership of Westlake and West Suburban and related assets. These hearings were conducted on April 26, 2010. The overwhelming support that we received at the hearing is testament to the importance of these two hospitals in their communities and the role that we have been privileged to play in Melrose Park and Oak Park.

Resurrection was truly honored by the outpouring of support for the proposed sale of Westlake and West Suburban that was received from members of the Resurrection family, Federal and State legislators, and community leaders. Specifically, Sister Patricia Ann Koschalke, Member, Religious Congregation of the Sisters of the Holy Family of Nazareth, Chairperson, Resurrection Sponsorship Board, explained that Resurrection "will be unable to continue operation of [Westlake and West Suburban] as they exist today . . . ." Illinois Department of Public Health ("IDPH"), Health Facilities and Services Review Board, Transcript of In Re: Public Comments Regarding

Resurrection Health Care®

7435 West Talcott Avenue
Chicago, Illinois 60631

www.reshealth.org

Westlake Hospital Transfer of Ownership to Vanguard Health Management, Inc., Project No. 10-013, at 8:21-23 (Apr. 26, 2010) ("Westlake Public Hearing Transcript"); IDPH, Health Facilities and Services Review Board, Transcript of In Re: Public Comments Regarding Application to Transfer Ownership of a 234-bed Acute Care Hospital, West Suburban Medical Center, Project No. 10-014, at 8:24-25, 9:1 (Apr. 26, 2010) ("West Suburban Public Hearing Transcript"). After experiencing years of significant and ultimately unsustainable losses at these hospitals, subsidized by the Resurrection system and – since Resurrection considered closure of one or both hospitals undesirable, particularly in light of the massive loss of jobs that would result – Resurrection determined that "the only viable option remaining was divestiture of the facilities" to "a suitable buyer to take over the hospitals [that] would have sufficient resources to invest and assure their continued operation into the future." Westlake Public Hearing Transcript, at 11:14-19; West Suburban Public Hearing Transcript, at 11:16-22. As Sister Koschalke detailed in her testimony, Resurrection believes that the transfer of ownership to Vanguard is the best option for the continued operation of both Westlake and West Suburban. *See* Westlake Public Hearing Transcript, at 11:19-23; West Suburban Public Hearing Transcript, at 11:23-24, 12:1-2.

In addition to Sister Koschalke's testimony, Pat Shehorn, Executive Vice President and Chief Executive Officer, Westlake and West Suburban, provided testimony of Westlake's and West Suburban's critical importance to the communities they serve. Specifically, Ms. Shehorn detailed the programs that Westlake and West Suburban have offered, such as providing free mammograms to uninsured women in Proviso Township, developing nutrition and health programs to local schools to combat childhood obesity, and providing assistance to nearly 1,000 individuals to identify primary care providers through the Reach Out! Program. *See* Westlake Public Hearing Transcript, at 27:6-15; *see also* West Suburban Public Hearing Transcript, at 30:2-5. She also explained that, despite the significant contributions these facilities have made to their communities, the Resurrection system's financial losses outweigh its ability to continue to operate these facilities. She urged the Board to expeditiously review and approve the Certificate of Need applications for change of ownership of Westlake and West Suburban. *See* Westlake Public Hearing Transcript, at 27: 16-24, 29:1-8; *see also* West Suburban Public Hearing Transcript, at 30:20-22, 31:21-24, 32:1-5.

Finally, Jeannie Carmedelle Frey, Senior Vice President of Legal Affairs, Resurrection, noted the careful and thoughtful process that Resurrection engaged in over a period of many years to attempt to maintain these hospitals as health care providers, meeting their communities' needs,

Resurrection Health Care®

7435 West Talcott Avenue
Chicago, Illinois 60631
773.774.8000
www.reshealth.org

including capital investment of over $86 million and subsidizing operating losses of over $165 million in the past five years. After concluding that it did not have the resources to assure these institutions' financial viability, Resurrection asked other area non-profit hospitals and health systems to consider taking over responsibility for Westlake and West Suburban, but "no one was willing to even make an offer, citing their own financial constraints or that [the] hospital[s] did not fit their strategic plan." Westlake Public Hearing Transcript, at 113: 2-11; West Suburban Public Hearing Transcript, at 123:15-24, 124:1-3. She also detailed Resurrection's rationale in choosing Vanguard to purchase these hospitals, citing Vanguard's impressive track record in Illinois at MacNeal Hospital and Louis A. Weiss Memorial Hospital, its generous charity care policy, and community partnerships that it has forged. *See* Westlake Public Hearing Transcript, at 113: 12-24, 114: 1-7; *see also* West Suburban Public Hearing Transcript, at 124:7-22.

Brief Summary of Resurrection's Decision to Sell Westlake and West Suburban

As the testimonies at the April 26th public hearings indicate, Resurrection's decision to sell Westlake and West Suburban did not come lightly; it resulted from a careful and thorough evaluation by its Board of Directors, management, and religious sponsors to ensure the viability of these hospitals. After Resurrection determined that it could no longer support the staggering losses at Westlake and West Suburban without serious risk to its entire health care system and its charitable mission, Resurrection repeatedly sought out several not-for-profit buyers, both Catholic and non-Catholic, without success. Resurrection's efforts to maintain these facilities as not-for-profit community health care providers spanned several years and included the following proposals: merging one or both facilities with Catholic or non-profit, non-Catholic hospitals; establishing one of the hospitals as a specialty hospital or health care center, alone or as part of a joint venture with other health care providers; consolidating both hospitals' operations; and asking eight Chicago and Illinois not-for-profit health care providers to consider acquiring the hospitals on any terms. These and many other attempts over the years to develop viable plans to assure that Westlake and West Suburban could continue as not-for-profit entities contributing to their communities' health and well-being, were unsuccessful.

Unable to find a non-profit buyer for the hospitals or to continue to bear the crushing financial losses generated by the hospitals, Resurrection identified Vanguard as a potential purchaser. Vanguard was recognized as a viable prospective owner of the two hospitals, given its

Resurrection Health Care®

7435 West Talcott Avenue
Chicago, Illinois 60631
773.774.8000
www.reshealth.org

excellent track record in Illinois and throughout the country as a capable and responsible health care provider and the nearby location of its two other Illinois hospitals. Although the hospitals and related assets will no longer be not-for-profit, Resurrection is confident that the level of commitment demonstrated by Vanguard will ensure that these facilities will remain valuable community resources, consistent with Vanguard's history in operating and developing its other 15 hospitals.

Resurrection believes that the proposed sale of Westlake and West Suburban and related assets is necessary to ensure the viability of the remaining components of the Resurrection system, including its six other hospitals, skilled nursing facilities, retirement homes, ambulatory care centers, home health services, and physician offices. Moreover, Resurrection believes that the sale of these hospitals and related assets to Vanguard represents the best interests of the communities served by these hospitals and the only viable option to the continued operation of these facilities.

* * *

Again, we are sincerely appreciative of the several hundred individuals who attended the April 26th public hearings in support of the proposed sale of Westlake and West Suburban from Resurrection to Vanguard. We are so grateful to have provided health care services to the communities served by Westlake and West Suburban, and we hope that these facilities will be able to provide excellent clinical services to these communities for many years to come.

Sincerely,

Sandra Bruce

RE: Projects 10-013 and 10-014 Changes of Ownership of Westlake Hospital and West Suburban Medical Center

Dear Chairman and Members of the Illinois Health Facilities and Services Review Board:

This letter is submitted pursuant to is to 77 Ill. Admin. Code § 1130.950. It is intended to provide a summary of the public hearings in connection with the change of ownership of Westlake Hospital ("Westlake") and West Suburban Medical Center ("West Suburban"), Project Nos. 10-013 and 10-014, respectively. In addition, this letter is intended to facilitate reference to the Illinois Health Facilities and Services Review Board's (the "Board") record in the event of questions regarding certain aspects of the proposed change of ownership of the two hospitals.

Vanguard Health Systems, Inc. ("Vanguard") and Resurrection Health Care Corporation ("Resurrection") requested public hearings in connection with Project Nos. 10-013 and 10-014 in order to provide a forum for public input for the proposed change of ownership of Westlake and West Suburban. These hearings were conducted on April 26, 2010. As the hearing transcript evidences, 40 individuals testified in favor of the change of ownership of Westlake, and 43 testified in favor of the change of ownership of West Suburban. By contrast, those applications were opposed by 7 and 12 individuals, respectively. Literally, hundreds more attended to record their support for these applications.

Vanguard was honored and humbled by the testimony provided by the many residents and community leaders who have come to know our work since our purchase of MacNeal Hospital ("MacNeal") in Berwyn in 2000 and Louis A. Weiss Memorial ("Weiss") in Chicago in 2002. The individuals' written and oral testimony reflected the diverse support we have received to date; their supportive testimony corroborated Vanguard's real commitment to the communities it serves and detailed the investments that we have made at both MacNeal and Weiss. They spoke to our good faith as partners in providing for the current and prospective health care needs of Illinois families. While only a small sample of the more than 3,600 MacNeal and Weiss employees were represented at the hearings, these employees' testimonies spoke volumes about our record as an Illinois employer and health care services provider. Witnesses spoke to Vanguard's full participation in the diverse urban communities where we are making our home and reconfirmed Vanguard's pledge to enforce a charity care policy that is at a level consistent with or greater than other area hospitals.

Below, we provide a summary of Vanguard's positions regarding certain aspects of its change of ownership applications raised at the April 26 public hearings.

1. Clarification Relating to Incentives Provided by the State of Michigan, Wayne County, and the City of Detroit in connection with Vanguard's Proposed Purchased of the Detroit Medical Center ("DMC").

As the Board may be aware, Vanguard intends to imminently close a transaction to purchase seven hospitals that are owned by the DMC, which has been profitable for the last several years. In connection with this transaction, the State of Michigan, Wayne County, and the City of Detroit have joined together and agreed to provide Vanguard with a 12-year tax abatement for all property and business taxes, with 3 additional years of graduated tax abatements. This package of financial incentives is expected to total millions of dollars, and, in turn, will be reinvested through capital improvements at the DMC hospitals. Because of the recent history of operating profits and the financial support by the State, county, and city, Vanguard has chosen to commit to operate the DMC for ten years.

By contrast, both Westlake and West Suburban have suffered staggering operational losses, and Vanguard has not received any public funding support as part of this sale. Indeed, over the past five years, these two hospitals have lost more than $166 million. Nevertheless, Vanguard is optimistic and eager to take on the challenges presented by owning and operating Westlake and West Suburban – and the risks that come with them – because we believe that these facilities, with our expertise, can not only survive, but thrive.

2. Clarification of Vanguard's Voluntary 60-Day Commitment to Retain Existing Hospital Employees.

Neither Illinois law nor regulations promulgated by the Illinois Department of Public Health require Vanguard to make any prospective commitment to retain hospital employees after acquiring a health care facility. Nevertheless, Vanguard has committed to retain all hospital employees for no less than 60 days following the acquisition of Westlake and West Suburban from Resurrection. Vanguard has chosen to make this commitment in order to help stabilize the hospitals during this transition.

3. Clarification of Vanguard's Commitment to Continue Services that Respond to the Communities' Needs.

The public hearing transcript is replete with testimony from individuals and organizations who have worked closely with Vanguard in Illinois since it purchased Weiss and MacNeal in 2000 and 2002, respectively. These individuals affirm Vanguard's impressive track record in providing and developing services that meet the health care needs of the communities that it is privileged to serve. In fact, in the combined 18 years that Vanguard has owned and operated Weiss and MacNeal, Vanguard has invested a combined $175 million in capital and service improvements in the two hospitals. (Specific detail regarding these capital improvements was set forth in various testimonies provided on April 26.) In fact, only one category of service has been discontinued during this time period: Weiss' obstetric ("OB") unit. Despite a five-year effort to grow the OB service, Weiss applied for and received unanimous approval from the Board to close its OB service after documenting that the utilization had dramatically dropped to less than three patients per day, that four other proximate OB providers were able to treat

patients, and that the area had a significant excess of OB beds. No party objected to the closure of that service. In sum, Vanguard's ownership of Weiss and MacNeal has been marked by significant investment and growth in facilities and services, not reductions or elimination of services.

4. Documentation Relating to Vanguard's Proven Commitment to Medicaid-Eligible and Uninsured Residents of Illinois.

Vanguard's change of ownership applications detail its commitment to providing robust services to Medicaid-eligible beneficiaries and uninsured patients. *See* Project Nos. 10-013 and 10-014, Certificate of Need applications, Attachment 18B. Unlike other providers, Vanguard has focused on the health care needs of these populations and believes that it brings both excellence and efficiency to an institution located in an urban environment with substantial Medicaid and uninsured utilization. As we affirmed at the April 26 public hearings, Vanguard has committed to operate Westlake and West Suburban with the charity care policies currently in use at MacNeal and Weiss. Those policies provide for a "sliding scale" approach that allows patients with household incomes of equal to or less than 500% of the federal poverty level to receive a percentage of assistance from Vanguard for their health care services, with full assistance provided to individuals having a household income at or below 200% of the federal poverty level. As a result, the proposed policies provide discounts that are higher than those currently in place at those hospitals. Vanguard's commitment to maintain this level of charity care going forward is not limited to these transactions; it has made the same or similar commitments in Michigan and Arizona.

5. Clarification of Vanguard's Commitment to Invest in the Hospitals' Infrastructure and Equipment.

Vanguard anticipates that it will invest significant capital spending in both hospitals immediately upon the close of the transaction. Currently, Vanguard expects that it will invest capital in new information technology systems, enhanced newborn security software, renovating business office space, a new Picture Archiving and Communication Systems, and some initial renovations to the physical plant subsequent to the transaction closing. Vanguard estimates that its initial capital spending at Westlake and West Suburban will be more than $10 million. This figure excludes routine capital expenditures, which are items necessary to maintain the facilities and their current clinical services, and new-initiative capital related to long-term strategic plans that will be developed post-closing, such as facility expansions, new clinical service lines, or acquisition of new clinical technologies. Thus, we anticipate that capital spending in the first year to a year and a half, including both routine and initiative capital expenditures, will be significantly higher than $10 million.

We appreciate the opportunity to address these issues, and will be happy to expand our responses when we appear before the Board in June.

Sincerely,

Please note that the enclosed original letters of support were delivered by fax on 5/17/2010. These are for your files.

RE: Illinois Health Facilities and Services Review Board – Project 10-013 & 10-014

Dear Mr. Lemon:

Please convey my support to the Illinois Facilities and Services Review Board for a Certificate of Need to transfer ownership of West Suburban Hospital and Westlake Hospital from Resurrection Health Care to Vanguard Health Systems, Inc.

Vanguard Health Systems owns two hospitals in Chicago area, MacNeal Hospital, which joined Vanguard in 2000 and Louis A. Weiss Memorial Hospital in 2002. These hospitals have long standing reputations of serving Berwyn and Chicago's north side communities. Under Vanguard's ownership, MacNeal and Weiss have improved their reputations of providing high-quality health care services and both hospitals provide Medicaid and Medicare services on par with not-for-profit hospitals in their respective markets.

It is imperative to the communities served by West Suburban Medical Center and Westlake Hospital that the acquisitions of these hospitals move forward without delay. I would like to see the Health Facilities and Services Review Board, consistent with its rules and capabilities, expedite the review and approval of the change of ownership applications and in doing so facilitate the associated transactions completion.

I request that Illinois Health Facilities and Services Review Board approve the application for a Certificate of Need.

Sincerely,

Michael J. Madigan

Dear Mr. Chairman,

On behalf of the communities served by Westlake Hospital and West Suburban Medical Center, we have submitted 11,000 petition signatures the Illinois Health Facilities and Services Review Board in support of the Certificate of Need to transfer the ownership of these two hospitals from Resurrection Health Care to Vanguard Health Systems, Inc. Copies of those petitions are attached to this letter.

The future of these institutions is important to the health and well being of our communities. New ownership will ensure the continuation of much needed medical services for our constituents, employment for hundreds if not thousands of people living in our communities. Medicare, Medicaid, charity care and vital emergency services will continue and the hospitals will pay additional taxes to help improve the quality of life for our constituency.

We urge the Board to support the transaction for the health of our families.

Dale Galassie
Chairman
Illinois Health Facilities and Services Review Board
525 W. Jefferson Street, 2nd Floor
Springfield IL 62761

Dear Mr. Chairman,

As an elected representative of the communities served by Westlake Hospital and West Suburban Medical Center, I fully support, without condition, the transition of ownership from Resurrection Health Care to Vanguard Health Systems, Inc. of these two medical facilities.

A community coalition in favor of this transaction has also submitted more than 11,000 petitions in favor of continuing health care to these communities by Vanguard, which have been attached to the public record.

Individually, each facility has served for nearly 100 years. With new ownership, I am confident both hospitals will thrive and continue providing much needed care for the families of these communities.

On behalf of my colleagues at all levels of government, including our Mayors, City Councilmen, State Representatives, State Senators and Federal Representatives, I submit the enclosed letters of support.

This coalition of elected representatives, 22 members strong, urges you to swiftly approve the Certificate of Need for the sale of these two hospitals. Any delay will be detrimental to the health of the people living and working in our communities.

Sincerely,

Mayor Ronald Serpico
Village of Melrose Park

Re: West Suburban Medical Center and Westlake Hospital Transfer of Ownership to Vanguard Health Systems, Inc.

Dear Mrs. Shehorn:

I would like to offer my support for your request seeking a Certificate of Need from the Illinois Health Facilities and Services Review Board to transfer ownership of West Suburban Medical Center and Westlake Hospital from Resurrection Health Care to Vanguard Health Systems, Inc.

My family and I have a close personal relationship with West Suburban Medical Center. I have been a neighbor of the facility for a number of years and the hospital has served my community for almost a century. In addition, I have had long and positive experiences with Westlake Hospital.

These hospitals offer a number of community programs and educational classes along with its top quality healthcare. On top of all these positive attributes, the hospital provides millions of dollars of free care to those with the greatest need. Vanguard will continue the hospitals' dedication to the community.

It is imperative to the communities served by West Suburban Medical Center that the acquisition of this hospital move forward without delay. I would like to see the Health Facilities and Services Review Board, consistent with its rules and capabilities, expedite the review and approval of the change of ownership applications, and in doing so facilitate the associated transaction's completion.

It is vitally important that West Suburban Medical Center continues serving the community I represent.

Sincerely,

Mr. Dale Galassie
Chairman - Health Facilities and Services Review Board
Illinois Department of Public Health
525 W. Jefferson St., 2nd floor
Springfield, IL 62761

Re: West Suburban Medical Center Transfer of Ownership to Vanguard Health Systems, Inc.

Dear Mr. Galassie:

West Suburban Medical Center (WSMC) is a foundational institution here in Oak Park and for the entire region, and we rely heavily upon the full range of medical services provided there. Many residents, particularly in the adjacent economically challenged Austin neighborhood of Chicago, have few if any other immediately accessible options to address their critical medical and emergent care needs.

West Suburban is an exceptionally important and high quality provider of critically needed medical care services. It is also the largest private employer in Oak Park, one of the larger cities in Illinois (population 53,187). In turn, the continued viability and success of West Suburban is central to our public health as well as to our economic well-being and the stability of our region as a whole.

In its relatively short tenure as owner of WSMC, Resurrection Health Care has made a significant commitment to our community and to the residents of its entire service area. With the construction of a brand new, state of the art, $24 Million emergency room facility, Resurrection has provided our region with a critical health care asset that can serve all residents of this area for generations to come. At the same time, Resurrection now is experiencing tremendous financial challenges. They have clearly communicated their inability to continue to sustain the debt and operating losses associated with WSMC (and their entire system). And yet, for our community and our region, the closure of West Suburban Medical Center would be unthinkable, and a profoundly unacceptable response.

In turn, we understand Resurrection's effort to address its financial challenges by seeking to sell WSMC to another healthcare provider. Such a transfer would not be objectionable, provided that (1) West Suburban Medical Center remains an ongoing concern and (2) WSMC continues to offer the critically needed high quality medical and emergent care services upon which residents of this entire area rely, including providing needed levels of charity care to continue to serve our most vulnerable residents.

The proposed transfer of WSMC to Vanguard Health Systems, now under consideration by the Health Facilities and Services Review Board, should offer a number of benefits for our community and for the region. Resurrection has highlighted Vanguard's far greater capacity to make the additional investments necessary to preserve and further enhance West Suburban's level of care. Vanguard's track record of investment and commitment to continued provision of quality care is also welcome. Nearly as important as the quality of care, is their reputation as a national leader in terms of employee satisfaction. Satisfied employees contribute to a work environment that ensures both high quality care and enhanced commitment to the community. That Vanguard has also committed to retain all

employees during this transition period is a positive consideration. Finally, their commitment to continue to provide significant levels of charity care is a critically important condition in the evaluation of this request for a Certificate of Need to facilitate a transfer of ownership.

In summary, West Suburban Medical Center is a critically important regional institution. Given that Resurrection's financial circumstances make either a transfer or closure of WSMC inevitable, such a transfer of ownership is the only acceptable answer. To the extent that Vanguard commits to continue to provide needed services as outlined above, we will welcome them as a critical new partner in our effort to advance the collective public health of the residents of Oak Park and of all those throughout our entire region.

Thank you very much for your continuing service to all the people of our state.

Sincerely,

David Pope

Re: West Suburban Medical Center Transfer of Ownership to Vanguard Health Systems, Inc.

Dear Mrs. Shehorn:

I write to express my support for the ownership transfer of West Suburban Medical Center from Resurrection Health Care to Vanguard Health Systems, Inc.

Over the years, West Suburban Medical Center has continued to work to establish itself as more than just a hospital providing health care services, but as an example of how a hospital can partner with the community to improve the quality of life of those it services. The hospital gives millions in free care to those in need, offers free and reduced medical screenings, and provides educational resources promoting active, healthy lifestyles.

In addition, West Suburban Medical Center provides jobs that help to stimulate our local economy. It is one of the largest employers in the area.

It is imperative to the communities served by West Suburban Medical Center that the acquisition of this hospital move forward without delay. I would like to see the Health Facilities and Services Review Board, consistent with its rules and capabilities, expedite the review and approval of the change of ownership applications, and in doing so facilitate the associated transaction's completion.

I feel it is vitally important that West Suburban Medical Center remain serving its mission in our communities.

Sincerely,

La Shawn K. Ford

Re: West Suburban Medical Center Transfer of Ownership to Vanguard Health Systems, Inc.

Dear Ms. Shehorn:

Please convey my support to the Illinois Health Facilities and Services Review Board for a Certificate of Need to transfer ownership of West Suburban Medical Center from Resurrection Health Care to Vanguard Health Systems, Inc.

The continued mission of this 100 year old institution is important to the quality of health care in my community. Its loss would be a detriment to the future health of my constituents and those living and working on the West Side of Chicago.

West Suburban has a huge economic impact on the area, providing employment to thousands and millions of dollars in much needed tax revenue. Once under the ownership of Vanguard, the hospital will be able to provide even more in tax revenue.

It is imperative to the communities served by West Suburban Medical Center that the acquisition of this hospital move forward without delay. I would like to see the Health Facilities and Services Review Board, consistent with its rules and capabilities, expedite the review and approval of the change of ownership applications, and in doing so facilitate the associated transaction's completion.

I will request that the Illinois Health Facilities and Services Review Board approve your application for a Certificate of Need.

Re: West Suburban Medical Center Transfer of Ownership to Vanguard Health Systems, Inc.

Dear Mrs. Shehorn:

I am writing to support the Certificate of Need necessary to approve the sale of West Suburban Medical Center to Vanguard Health Systems, Inc. The continued mission of this 100 year old institution is important to the quality of healthcare in my community.

Along with a state-of-the-art emergency room at West Suburban Medical Center, Resurrection Health Care owns and operates outpatient centers in River Forest. These centers are an integral part of primary health care delivery to my constituents.

As a representative of the Village of River Forest, if required, I am prepared to offer testimony in full support of the hospital sale to the Illinois Health Facilities and Services Review Board.

Sincerely,

John P. Rigas
President

Re: Westlake Hospital Transfer of Ownership to Vanguard Health Systems, Inc.

Dear Mrs. Shehorn:

Please convey to the Illinois Health Facilities and Services Review Board my support for transfer of ownership of Westlake Hospital from Resurrection Health Care to Vanguard Health Systems, Inc.

Westlake Hospital is an important institution for our community. For more than 85 years, the Hospital has cared for our residents. Westlake not only provides critical medical services and jobs, but also free programs, screenings and outreach to the uninsured and others in need.

It is essential that Westlake Hospital continues to operate. I support Vanguard's commitment to this institution and our community.

Respectfully,

Henderson Yarbrough Sr.

Re: Westlake Hospital and West Suburban Medical Center Transfer of Ownership to Vanguard Health Systems, Inc.

Dear Ms. Shehorn:

Please convey my support of the of the ownership transfer of Westlake Hospital and West Suburban Medical Center from Resurrection Health Care to Vanguard Health Systems, Inc. to the Illinois Health Facilities and Services Review Board.

It is important that these institutions remain in our community. Not only are the hospitals significant health care providers, but also resources providing jobs for the community and free programs, screenings and outreach to the uninsured. I support this transfer and am pleased that Vanguard Health Systems, Inc. has made a commitment to my community.

It is imperative to the communities served by Westlake Hospital and West Suburban Medical Center that the acquisition of these hospitals move forward without delay. I would like to see the Health Facilities and Services Review Board, consistent with its rules and capabilities, expedite the review and approval of the change of ownership applications, and in doing so facilitate the associated transaction's completion.

Sincerely,

Berwyn, Illinois 60402

Dear Mr. Lemon:

Please convey my support to the Illinois Facilities and Services Review Board for a Certificate of Need to transfer ownership of West Suburban Hospital and Westlake Hospital from Resurrection Health Care to Vanguard Health Systems, Inc.

Vanguard Health Systems owns two hospitals in Chicago area, MacNeal Hospital, which joined Vanguard in 2000 and Louis A. Weiss Memorial Hospital in 2002. These hospitals have long standing reputations of serving Berwyn and Chicago's north side communities. Under Vanguard's ownership, MacNeal and Weiss have improved their reputations of providing high-quality health care services and both hospitals provide Medicaid and Medicare services on par with not-for-profit hospitals in their respective markets.

It is imperative to the communities served by West Suburban Medical Center and Westlake Hospital that the acquisitions of these hospitals move forward without delay. I would like to see the Health Facilities and Services Review Board, consistent with its rules and capabilities, expedite the review and approval of the change of ownership applications and in doing so facilitate the associated transactions completion.

I request that Illinois Health Facilities and Services Review Board approve the application for a Certificate of Need.

Sincerely,

Edward Acevedo

RE: West Suburban Medical Center Transfer of Ownership to Vanguard Health Systems, Inc.

Dear Ms. Shehorn:

West Suburban Medical Center is important to the community I serve. That is why I offer my support for your request seeking a Certificate of Need from the Illinois Health Facilities and Services Review Board to transfer the ownership of West Suburban Medical Center from resurrection Health Care to Vanguard Health Systems, Inc.

Losing the Hospital would be a detriment to health care delivery in our commun8ity. West Suburban Medical Center offers a number of community programs and educational classes along with its top quality healthcare. The hospital provides millions of dollars in free care to an under insured population in great need. In addition, the hospital has a broad impact on the local economy, providing employment for many living in the community I serve.

It is imperative to the communities served by West Suburban Medical Center that the acquisition of this hospital moves forward without delay. I would like to see the Health Facilities and Services Review Board, consistent with its rules and capabilities, expedite the review and approval of the change of ownership applications, and in doing so facilitate the associated transaction's completion.

Vanguard has made a commitment to supporting the work that West Suburban has done for nearly a century. West Suburban's continued mission is important to health care and the local economy. It is vitally important that it remains in service.

Sincerely,

Ed H Smith

Dear Sir/Madam:

Re: Illinois Health Facilities and Services Review Board - Project 10-013 & 10-014

Weiss Memorial Hospital is a longtime member of the Uptown community and of my district in the City of Chicago. I value our close relationship with Weiss hospital over the years and our ability to work together to continue to bring better health care services to my constituents.

Weiss has continued to be one of our largest employers and through the support of the Vanguard Corporation has continued to make key investments in the hospital that has expanded the need for staff.

Since Vanguard's purchase of Weiss Hospital I have had the opportunity to attend many ribbon cutting ceremonies that signify growth and response to the needs of the community. Weiss is always there at Uptown events to promote health education and preventative screening. The Arvey clinic has always been there to help the uninsured in our community and continues to be supported by Weiss under Vanguard.

Our experience with Weiss's transition to Vanguad Health Systems has been positive and enriching to our community. I believe any community would benefit from such a relationship.

Sincerely,

Helen Shiller

Support Our Hospitals Petition Gathering Instructions:

Purpose: Resurrection Health Care is selling West Suburban Medical Center (Oak Park) and West Lake Hospital (Melrose Park) to Vanguard Health Systems. These two Hospital systems would like to show broad community support in the following ways:

1. Letters of support have been signed by elected representatives and community leaders in each hospital's community.
2. Resolutions are being signed and passed in a number of different business and medical organizations.
3. Petitions are being circulated throughout the community to show broad support.

Request to Signors: Will you sign a petition in support of West Suburban and West Lake Hospitals? We would like to ensure they are able to continue their service to our communities.

*Signors do not have to be registered voters.

DO NOT COPY OR REPRODUCE ANYMORE PETITION SHEETS.

If you have any questions please call Patrick at (630) 890-3515.

SUPPORT OUR HOSPITALS

We the undersigned support the acquisition of **Westlake Hospital** and **West Suburban Medical Center** by Vanguard Health Systems, Inc.:

:ontinue to provide quality health care for our

will be maintained;

charity care and emergency care services will continue hospitals,

additional taxes to help keep our community strong.
