

SAINT ANTHONY MEDICAL CENTER

June 10, 2010

RE: Revere Healthcare Post Acute Care Project: Winnebago County, Illinois

To Whom It May Concern:

We anticipate that that the Revere Healthcare Post Acute Care project will become a crucial discharge destination for OSF Saint Anthony Medical Center, and we look forward to the increased access to high quality post-acute care that will be provided as a result of the proposed project.

OSF Saint Anthony Medical Center will refer twenty four (24) patients annually to Revere Healthcare within a 24 month period after the project is completed.

These projected patient referrals:

- Do not exceed OSF Saint Anthony Medical Center's total discharges to long term care facilities from May 31, 2009 through May 31 2010.
- Have not been used to support another pending or approved CON application.

Sincerely,

David A. Schertz, FACHE
President and CEO

Pj
