HEALTH FACILITIES &
SERVICES REVIEW BOARD

Facility/Project Identification

Facility Name: Crystal Lake Dialysis Center
Street Address: 4900 S. IL Route 31
City and Zip Code: Crystal Lake, IL 60012
County: McHenry Health Service Area 8 Health Planning Area:

Applicant Identification

[Provide for each co-applicant [refer to Part 1130.220].

Exact Legal Name: Total Renal Care, Inc.
Address: 601 Hawaii Street, El Segundo, California 90245
Name of Registered Agent:
Name of Chief Executive Officer: Kent Thiry
CEO Address: 601 Hawaii Street, El Segundo, California 90245
Telephone Number: (310) 536-2500

APPEND DOCUMENTATION AS ATTACHMENT-1 IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Type of Ownership

<input type="checkbox"/> Non-profit Corporation	<input type="checkbox"/> Partnership
<input checked="" type="checkbox"/> For-profit Corporation	<input type="checkbox"/> Governmental
<input type="checkbox"/> Limited Liability Company	<input type="checkbox"/> Sole Proprietorship
	<input type="checkbox"/> Other

- o Corporations and limited liability companies must provide an Illinois certificate of good standing.
- o Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner.

Primary Contact

[Person to receive all correspondence or inquiries during the review period]

Name: Ellie Suhl
Title: Regional Operations Director
Company Name: DaVita, Inc.
Address: 932 N. Rutledge, Springfield, IL 62702
Telephone Number: 217-788-4514
E-mail Address: ellie.suhl@davita.com
Fax Number: 1-866-620-0333

Additional Contact

[Person who is also authorized to discuss the application for permit]

Name: Cheryl Cody
Title: Divisional Vice President
Company Name: DaVita, Inc.
Address: 3021 E. 98th St., Indianapolis, IN 46280
Telephone Number: (317) 317 691 3275
E-mail Address: cheryl.cody@davita.com
Fax Number: (317) 582-0203

Post Permit Contact

[Person to receive all correspondence subsequent to permit issuance]

Name: Ellie Suhl
Title: Regional Operations Director
Company Name: DaVita, Inc.
Address: 932 N. Rutledge, Springfield, IL 62702
Telephone Number: 217-788-4514
E-mail Address: ellie.suhl@davita.com
Fax Number: 1-866-620-0333

Site Ownership

[Provide this information for each applicable site]

Exact Legal Name of Site Owner: Sherman Hospital
Address of Site Owner: 1425 N. Randall Rd., Elgin, IL 60123
Street Address or Legal Description of Site: 4900 S. IL Route 31, Crystal Lake, IL 60012

APPEND DOCUMENTATION AS ATTACHMENT-2, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Operating Identity/Licensee

[Provide this information for each applicable facility, and insert after this page.]

Exact Legal Name: Total Renal Care, Inc.
Address: 601 Hawaii Street, El Segundo, California 90245
<input type="checkbox"/> Non-profit Corporation <input type="checkbox"/> Partnership
<input checked="" type="checkbox"/> For-profit Corporation <input type="checkbox"/> Governmental
<input type="checkbox"/> Limited Liability Company <input type="checkbox"/> Sole Proprietorship <input type="checkbox"/> Other
<ul style="list-style-type: none"> o Corporations and limited liability companies must provide an Illinois certificate of good standing. o Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner.

Organizational Relationships

Provide (for each co-applicant) an organizational chart containing the name and relationship of any person who is related (as defined in Part 1130.140). If the related person is participating in the development or funding of the project, describe the interest and the amount and type of any financial contribution.

APPEND DOCUMENTATION AS ATTACHMENT-3, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Flood Plain Requirements

[Refer to application instructions.]

Provide documentation regarding compliance with the requirements of the Flood Plain requirements of Executive Order #5, 2006. **N/A for this project**

APPEND DOCUMENTATION AS ATTACHMENT-4, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Historic Resources Preservation Act Requirements

[Refer to application instructions.]

Provide documentation regarding compliance with the requirements of the Historic Resources Preservation Act. **N/A for this project.**

APPEND DOCUMENTATION AS ATTACHMENT-5, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

DESCRIPTION OF PROJECT

1. Project Classification

[Check those applicable - refer to Part 1110.40 and Part 1120.20(b)]

<p>Part 1110 Classification:</p> <p><input type="checkbox"/> Substantive</p> <p><input checked="" type="checkbox"/> Non-substantive</p>	<p>Part 1120 Applicability or Classification: [Check one only.]</p> <p><input type="checkbox"/> Part-1120 Not Applicable</p> <p><input type="checkbox"/> Category A Project</p> <p><input checked="" type="checkbox"/> Category B Project</p> <p><input type="checkbox"/> DHS or DVA Project</p>
---	--

2. Project Outline

In the chart below, indicate the proposed action(s) for each clinical service area involved by writing the number of beds, stations or key rooms involved:

Clinical Service Areas	Establish	Expand	Modernize	Discontinue	No. of Beds, Stations or Key Rooms
Medical/Surgical, Obstetric, Pediatric and Intensive Care					
Acute/Chronic Mental Illness					
Neonatal Intensive Care					
Open Heart Surgery					
Cardiac Catheterization					
In-Center Hemodialysis	CHOW				
Non-Hospital Based Ambulatory Surgery					
General Long Term Care					
Specialized Long Term Care					
Selected Organ Transplantation					
Kidney Transplantation					
Subacute Care Hospital Model					
Post Surgical Recovery Care Center					
Children's Community-Based Health Care Center					
Community-Based Residential Rehabilitation Center					
Long Term Acute Care Hospital Bed Projects					
Clinical Service Areas Other Than Categories of Service:					
• Surgery					
• Ambulatory Care Services (organized as a service)					
• Diagnostic & Interventional Radiology/Imaging					
• Therapeutic Radiology					
• Laboratory					
• Pharmacy					
• Occupational Therapy					
• Physical Therapy					
• Major Medical Equipment					
Freestanding Emergency Center Medical Services					
Master Design and Related Projects					
Mergers, Consolidations and Acquisitions					6

APPEND DOCUMENTATION AS ATTACHMENT-6, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

3. Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does **NOT** have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

Total Renal Care, Inc., a wholly owned subsidiary of DaVita, Inc. proposes to acquire substantially all of the assets of Sherman Health System relating to the outpatient ESRD clinic known as Crystal Lake Dialysis Center, located at 4900 S. IL Route 31, Crystal Lake, IL 60012 in H.S.A. 8.

Crystal Lake Dialysis Center is one part of the overall proposed purchase agreement between Sherman Health System and Total Renal Care, Inc for the respective sale and purchase of all of the dialysis assets currently owned by Sherman Health System. The entire transaction includes sale of Sherman's dialysis clinics in Crystal Lake and Elgin. The overall proposed purchase price for all of Sherman's dialysis assets is \$7,200,000. The portion of the total purchase price for the Crystal Lake Dialysis facility is \$500,000, as determined by a discounted cash flow analysis.

Subsequent to the change of ownership, Crystal Lake Dialysis will be re-named Crystal Springs Dialysis.

77 Illinois Administrative Code 1110, Subchapter a, Section 1110.40 indicates change of ownership transactions as "Facility Conversions," under the non- substantive Review Classification.

The project will be completed within 18 months of receipt of Illinois Health Facilities Planning Board approval. The anticipated completion date is 12/07/2011.

Project Costs and Sources of Funds

Complete the following table listing all costs (refer to Part 1120.110) associated with the project. When a project or any component of a project is to be accomplished by lease, donation, gift, or other means, the fair market or dollar value (refer to Part 1130.140) of the component must be included in the estimated project cost. If the project contains non-clinical components that are not related to the provision of health care, complete the second column of the table below. See 20 ILCS 3960 for definition of non-clinical. Note, the use and sources of funds must equal.

Project Costs and Sources of Funds			
USE OF FUNDS	CLINICAL	NON-CLINICAL	TOTAL
Preplanning Costs			
Site Survey and Soil Investigation			
Site Preparation			
Off Site Work			
New Construction Contracts			
Modernization Contracts			
Contingencies	\$ 50,000		
Architectural/Engineering Fees			
Consulting and Other Fees	\$ 52,500		
Movable or Other Equipment (not in construction contracts)			
Bond Issuance Expense (project related)			
Net Interest Expense During Construction (project related)			
Fair Market Value of Leased Space or Equipment	\$ 185,881		
Other Costs To Be Capitalized			
Acquisition of Building or Other Property (excluding land)	\$ 500,000		
TOTAL USES OF FUNDS	\$ 788,381		
SOURCE OF FUNDS	CLINICAL	NON-CLINICAL	TOTAL
Cash and Securities	\$ 602,500		
Pledges			
Gifts and Bequests			
Bond Issues (project related)			
Mortgages			
Leases (fair market value)			
Governmental Appropriations			
Grants			
Other Funds and Sources FMV of the Lease	\$185,881		
TOTAL SOURCES OF FUNDS	\$ 788,381		
NOTE: ITEMIZATION OF EACH LINE ITEM MUST BE PROVIDED AT ATTACHMENT-7, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.			

Related Project Costs

Provide the following information, as applicable, with respect to any land related to the project that will be or has been acquired during the last two calendar years:

Land acquisition is related to project Yes No
 Purchase Price: \$ _____
 Fair Market Value: \$ _____

The project involves the establishment of a new facility or a new category of service
 Yes No

If yes, provide the dollar amount of all non-capitalized operating start-up costs (including operating deficits) through the first full fiscal year when the project achieves or exceeds the target utilization specified in Part 1100.

Estimated start-up costs and operating deficit cost is \$ _____ n/a _____.

Project Status and Completion Schedules

Indicate the stage of the project's architectural drawings:

None or not applicable Preliminary
 Schematics Final Working

Anticipated project completion date (refer to Part 1130.140): 12/07/2011

Indicate the following with respect to project expenditures or to obligation (refer to Part 1130.140):

Purchase orders, leases or contracts pertaining to the project have been executed.
 Project obligation is contingent upon permit issuance. Provide a copy of the contingent "certification of obligation" document, highlighting any language related to CON contingencies.
 Project obligation will occur after permit issuance.

State Agency Submittals

Are the following submittals up to date as applicable:

Cancer Registry
 APORS
 All formal document requests such as IDPH Questionnaires and Annual Bed Reports been submitted
 All reports regarding outstanding permits

Cost Space Requirements

Provide in the following format, the department/area GSF and cost. The sum of the department costs **MUST** equal the total estimated project costs. Indicate if any space is being reallocated for a different purpose. Include outside wall measurements plus the department's or area's portion of the surrounding circulation space. **Explain the use of any vacated space.**

Dept. / Area	Cost	Gross Square Feet		Amount of Proposed Total Gross Square Feet That Is:			
		Existing	Proposed	New Const.	Modernized	As Is	Vacated Space
CLINICAL	n/a						
Medical Surgical							
Intensive Care							
Diagnostic Radiology							
MRI							
Total Clinical							
NON CLINICAL	n/a						
Administrative							
Parking							
Gift Shop							
Total Non-clinical							
TOTAL	n/a						

APPEND DOCUMENTATION AS ATTACHMENT-8, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

CERTIFICATION

The application must be signed by the authorized representative(s) of the applicant entity. The authorized representative(s) are:

- o in the case of a corporation, any two of its officers or members of its Board of Directors;
- o in the case of a limited liability company, any two of its managers or members (or the sole manger or member when two or more managers or members do not exist);
- o in the case of a partnership, two of its general partners (or the sole general partner, when two or more general partners do not exist);
- o in the case of estates and trusts, two of its beneficiaries (or the sole beneficiary when two or more beneficiaries do not exist); and
- o in the case of a sole proprietor, the individual that is the proprietor.

This Application for Permit is filed on the behalf of Total Renal Care, Inc. * in accordance with the requirements and procedures of the Illinois Health Facilities Planning Act. The undersigned certifies that he or she has the authority to execute and file this application for permit on behalf of the applicant entity. The undersigned further certifies that the data and information provided herein, and appended hereto, are complete and correct to the best of his or her knowledge and belief. The undersigned also certifies that the permit application fee required for this application is sent herewith or will be paid upon request.

SECTION III. - PROJECT PURPOSE, BACKGROUND AND ALTERNATIVES - INFORMATION REQUIREMENTS

This Section is applicable to all projects except those that are solely for discontinuation with no project costs.

Criterion 1110.230 - Project Purpose, Background and Alternatives

READ THE REVIEW CRITERION and provide the following required information:

BACKGROUND OF APPLICANT

1. A listing of all health care facilities owned or operated by the applicant, including licensing, certification and accreditation identification numbers, if applicable.
2. A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.
3. Authorization permitting HFPB and DPH access to any documents necessary to verify the information submitted, including, but not limited to: official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations. **Failure to provide such authorization shall constitute an abandonment or withdrawal of the application without any further action by HFPB.**
4. If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest the information has been previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided. The applicant is able to submit amendments to previously submitted information, as needed, to update and/or clarify data.

APPEND DOCUMENTATION AS ATTACHMENT-10, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

PURPOSE OF PROJECT

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.
2. Define the planning area or market area, or other, per the applicant's definition.
3. Identify the existing problems or issues that need to be addressed, as applicable and appropriate for the project. [See 1110.230(b) for examples of documentation.]
4. Cite the sources of the information provided as documentation.
5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.
6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals.

For projects involving modernization, describe the conditions being upgraded. For facility projects, include statements of age and condition and regulatory citations. For equipment being replaced, include repair and maintenance records.

NOTE: The description of the "Purpose of the Project" should not exceed one page in length. Information regarding the "Purpose of the Project" will be included in the State Agency Report. APPEND DOCUMENTATION AS ATTACHMENT-11 IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

ALTERNATIVES

Document ALL of the alternatives to the proposed project:

Examples of alternative options include:

- A) Proposing a project of greater or lesser scope and cost;
 - B) Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;
 - C) Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project; and
- 2) Documentation shall consist of a comparison of the project to alternative options. The comparison shall address issues of cost, patient access, quality and financial benefits in both the short term (within one to three years after project completion) and long term. This may vary by project or situation.
- 3) The applicant shall provide empirical evidence, including quantified outcome data, that verifies improved quality of care, as available.

APPEND DOCUMENTATION AS ATTACHMENT-12 IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION VI. MERGERS, CONSOLIDATIONS AND ACQUISITIONS/CHANGES OF OWNERSHIP

This Section is applicable to projects involving merger, consolidation or acquisition/change of ownership.

A. Criterion 1110.240(b), Impact Statement

Read the criterion and provide an impact statement that contains the following information:

1. Any change in the number of beds or services currently offered.
2. Who the operating entity will be.
3. The reason for the transaction.
4. Any anticipated additions or reductions in employees now and for the two years following completion of the transaction.
5. A cost-benefit analysis for the proposed transaction.

B. Criterion 1110.240(c), Access

Read the criterion and provide the following:

1. The current admission policies for the facilities involved in the proposed transaction.
2. The proposed admission policies for the facilities.
3. A letter from the CEO certifying that the admission policies of the facilities involved will not become more restrictive.

C. Criterion 1110.240(d), Health Care System

Read the criterion and address the following:

1. Explain what the impact of the proposed transaction will be on the other area providers.
2. List all of the facilities within the applicant's health care system and provide the following for each facility.
 - a. the location (town and street address);
 - b. the number of beds;
 - c. a list of services; and
 - d. the utilization figures for each of those services for the last 12 month period.
3. Provide copies of all present and proposed referral agreements for the facilities involved in this transaction.
4. Provide time and distance information for the proposed referrals within the system.
5. Explain the organization policy regarding the use of the care system providers over area providers.
6. Explain how duplication of services within the care system will be resolved.
7. Indicate what services the proposed project will make available to the community that are not now available.

APPEND DOCUMENTATION AS ATTACHMENT-18, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

T. Financial Feasibility

This section is applicable to all projects subject to Part 1120.

REVIEW CRITERIA RELATING TO FINANCIAL FEASIBILITY (FIN)

Does the applicant (or the entity that is responsible for financing the project or is responsible for assuming applicant's debt obligations in case of default) have a bond rating of "A" or better?

Yes No

If yes is indicated, submit proof of the bond rating of "A" or better (that is less than two years old) from Fitch's, Moody's or Standard and Poor's rating agencies and go to Section XXVI. **If no is indicated, submit the most recent three years' audited financial statements including the following:**

1. Balance sheet
2. Income statement
3. Change in fund balance
4. Change in financial position

A. Criterion 1120.210(a), Financial Viability

1. Viability Ratios

If proof of an "A" or better bond rating has not been provided, read the criterion and complete the following table providing the viability ratios for the most recent three years for which audited financial statements are available. Category B projects must also provide the viability ratios for the first full fiscal year after project completion or for the first full fiscal year when the project achieves or exceeds target utilization (per Part 1100), whichever is later.

Provide Data for Projects Classified as:	Category A or Category B (last three years)			Category B (Projected)
	2007	2008	2009	2011
Enter Historical and/or Projected Years:				
Current Ratio	1.82	1.83	2.20	2.20
Net Margin Percentage	7.25%	6.61%	6.92%	7.17%
Percent Debt to Total Capitalization	38.05%	41.81%	37.50%	34.64%
Projected Debt Service Coverage	3.07	2.80	3.00	3.61
Days Cash on Hand	39.20	29.59	36.08	58.58
Cushion Ratio	1.68	1.43	1.95	3.85

Audited financial statements are not prepared at the subsidiary level. Therefore, the information above is reflective of the financial performance of both Total Renal Care and the parent Company, DaVita, Inc.

Provide the methodology and worksheets utilized in determining the ratios detailing the calculation and applicable line item amounts from the financial statements. Complete a separate table for each co-applicant and provide worksheets for each. Insert the worksheets after this page.

2. Variance

Compare the viability ratios provided to the Part 1120 Appendix A review standards. If any of the standards for the applicant or for any co-applicant are not met, provide documentation that a person or organization will assume the legal responsibility to meet the debt obligations should the applicant default. The person or organization must demonstrate compliance with the ratios in Appendix A when proof of a bond rating of "A" or better has not been provided.

Audited financial statements are not prepared at the subsidiary level. Therefore, the information below is reflective of the financial performance of both Total Renal Care and the parent Company, DaVita, Inc.

March 4, 2009

To Whom It May Concern:

DaVita Inc. (the Company or DaVita) overall investment strategy is to maximize shareholder value by maintaining a minimum amount of cash on hand and to use its cash for acquisitions, the construction of new centers, repurchasing shares, as well as to pay down debt. As a result of the Company's investment strategy, in 2005 the Company's debt to capitalization criteria exceeded the maximum requirement of 80% due to the Gambro Healthcare acquisition, as discussed below. In addition, due to the Company's investment strategy, the days cash on hand for 2009 through 2012 is projected to be below the criteria of greater than 45 days at approximately 39 days, the projected debt service coverage in 2011 and 2012 is projected to be below the criteria of greater than 1.75 to 1.0 due to the expected maturity of our senior secured credit facility and the maturity of our senior notes, and the cushion ratio has historically been below the expected requirement of 5.0, and is projected to remain below the expected criteria through the near term. See discussion below.

In 2005, the Company's percentage of debt to total capitalization was approximately 82.8% which exceeds the 80% requirement. The percentage of debt to total capitalization was primarily due to the Company's acquisition of Gambro Healthcare that occurred on October 5, 2005. The Company borrowed approximately \$2.9 billion in new debt and also used approximately \$252 in cash to fund the acquisition. Since then the Company's debt to total capitalization has been decreasing from 75% in 2006 to 68% in 2007 as a result of principal pre-payments. Future projections indicate the same declining trend to approximately 38%.

The Company's day's cash on hand from 2005 through 2008 has ranged from 29 days to 67 days which was within the 45 day minimum requirement in 2005. The Company's cushion ratio has ranged from 1.1 to 2.1 from 2005 through 2008 as a result of the Gambro and constructing and developing new centers. However, the Company is projecting its day's cash on hand to be approximately 39 days and its cushion ratio to remain below the required 5.0 to 1.0, as the Company plans to continue growing through acquisitions, developing new centers, repurchase shares of its common stock and paying down debt in order to maximize shareholder value. In 2008 the Company acquired 20 new centers for approximately \$93 million and spent approximately \$318 million for capital asset expenditures for new center developments, relocations and for maintenance and information technology. The Company has also spent approximately \$233 million to repurchase 4.8 million shares of its common stock during 2008 and has approximately \$154 million remaining authorization for share repurchases which will impact future results.

Our Mission: To Be The Provider, Partner And Employer Of Choice

The Company has been in compliance with the debt service coverage ratio requirement of 1.75 to 1.0 or greater for 2005 through 2008 and is also projected to exceed this requirement in 2009 through 2010. However, in 2011 and in 2012, the Company is currently not projected to be in compliance with this ratio requirement as the Company is currently required to make a \$1.7 billion payment on its term loan B that matures in 2012 and is also currently required to redeem \$900 million of its senior notes that mature in 2013. The Company believes that it will have the ability to refinance or restructure these debt payments to a more acceptable level of debt service payments than is currently required for 2012 and 2013. The Company believes it will have access to the credit markets and should not have any difficulties in obtaining new financing or the ability to restructure these required payments given its overall strong financial position, and the significant amount of annual cash flows that the Company generates.

Except for the Percentage of debt to total capitalization for the end of 2005, the days on hand, the cushion ratio and the projected debt service coverage ratio for 2011 and 2012 as discussed above, the other ratios, in Section XXIX, Review of Criteria Relating to Financial Feasibility, for 2005 through 2008, as well as the projections for the end of 2009 through 2012 are within the acceptable ranges and indicate that the Company has the ability to support the acquisition and development of additional dialysis centers because of its strong continued operating results including reliable and strong operating cash flow. As an example, for the year ended December 31, 2008, the Company generated approximately \$556 million of operating cash flow.

The Company is currently in compliance with all of its financial bank covenants, and has sufficient liquidity and operating cash flows and access to borrowings to fund its scheduled debt service and other obligations for the foreseeable future. The Company has an undrawn revolving line of credit for \$250 million of which \$51 million is allocated for letters of credit available for liquidity purposes at any time.

Yours truly,

Kenneth W. Lamb
Senior Director of Financial Reporting

Attachment-- FINANCIALS-1

P.O. Box 2076

March 22, 2006

DaVita Inc. (the Company or DaVita) provides the internal financing necessary for all acquisitions and construction to its wholly-owned subsidiaries.

The Company's percentage of debt to total capitalization as of December 31, 2005 was in excess of the 80% requirement for long-term care facilities which is a more comparable environment for the free-standing clinic environment, than hospitals. Our percentage of approximately 83% was primarily due to the Company's acquisition of Gambro Healthcare that occurred on October 5, 2005. The Company borrowed approximately \$2.9 billion in new debt and also used approximately \$252 in cash in order to fund the acquisition. Gambro Healthcare was one of the largest dialysis service providers in the United States operating 566 dialysis centers, serving approximately 43,000 patients, and generating annual revenues of approximately \$2 billion. This acquisition significantly impacted our percentages not only in the amount of new debt that the Company incurred but also negatively impacted stockholders' equity as the Company incurred a significant amount of related interest expense.

The Company strategy in the use of its cash balances has always been to maximize stockholder value and not to retain significant levels of cash on hand. This can be accomplished in various ways such as purchasing other businesses, developing and constructing new dialysis centers, repurchasing Company stock, or paying down debt levels. As of December 31, 2006, the Company days cash on hand was approximately 26 days, as compared to the requirement for long-term care facilities of 45 days. In 2006 the Company was aggressively constructing and developing new dialysis centers and spent approximately \$143 million in this area. This was primarily driven by a slow down in the acquisition market especially since we had just completed our major acquisition of Gambro healthcare in 2005. Although we still spent approximately \$87 million for acquisitions in 2006. In addition we were also required to make a one time income tax payment of approximately \$85 million associated with several dialysis centers that we were required to divest by the Federal Trade Commission in order for us to complete the acquisition of Gambro Healthcare. Finally, the Company determined that the best use of its excess cash would be to repay a significant amount of our outstanding debt balances, and in 2006, the Company paid approximately \$400 million of debt payments, with approximately \$340.5 million being principal prepayments. The Company also paid approximately \$272 of interest primarily related to the debt from the Gambro Healthcare acquisition. Considering the amount of principal prepayments and the one time income tax payment made in 2006, the Company's cash on hand balance would have exceeded 60 days.

Attachment-- FINANCIALS-1

REVIEW CRITERIA RELATING TO FINANCIAL FEASIBILITY (FIN)
(continued)

B. Criterion 1120.210(b), Availability of Funds

If proof of an "A" or better bond rating has not been provided, read the criterion and document that sufficient resources are available to fund the project and related costs including operating start-up costs and operating deficits. Indicate the dollar amount to be provided from the following sources:

\$ 602,500 Cash & Securities

Provide statements as to the amount of cash/securities available for the project. Identify any security, its value and availability of such funds. Interest to be earned or depreciation account funds to be earned on any asset from the date of application submission through project completion are also considered cash.

_____ Pledges

For anticipated pledges, provide a letter or report as to the dollar amount feasible showing the discounted value and any conditions or action the applicant would have to take to accomplish goal. The time period, historical fund raising experience and major contributors also must be specified.

_____ Gifts and Bequests

Provide verification of the dollar amount and identify any conditions of the source and timing of its use.

_____ Debt Financing (indicate type(s) _____)

For general obligation bonds, provide amount, terms and conditions, including any anticipated discounting or shrinkage) and proof of passage of the required referendum or evidence of governmental authority to issue such bonds;

For revenue bonds, provide amount, terms and conditions and proof of securing the specified amount;

For mortgages, provide a letter from the prospective lender attesting to the expectation of making the loan in the amount and time indicated;

For leases, provide a copy of the lease including all terms and conditions of the lease including any purchase options.

_____ Governmental Appropriations

Provide a copy of the appropriation act or ordinance accompanied by a statement of funding availability from an official of the governmental unit. If funds are to be made available from subsequent fiscal years, provide a resolution or other action of the governmental unit attesting to such future funding.

_____ Grants

Provide a letter from the granting agency as to the availability of funds in terms of the amount, conditions, and time or receipt.

\$ 185,881 Funds and Sources **FMV of the lease**

Provide verification of the amount, terms and conditions, and type of any other funds that will be used for the project.

\$ 788,381 TOTAL FUNDS AVAILABLE

C. Criterion 1120.210(c), Operating Start-up Costs

If proof of an "A" or better bond rating has not been provided, indicate if the project is classified as a Category B project that involves establishing a new facility or a new category of service? Yes No
If yes is indicated, read the criterion and provide in the space below the amount of operating start-up costs (the same as reported in Section I of this application) and provide a description of the items or components that comprise the costs. Indicate the source and amount of the financial resources available to fund the operating start-up costs (including any initial operating deficit) and reference the documentation that verifies sufficient resources are available.

APPEND DOCUMENTATION AS ATTACHMENT 75, IN NUMERICAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

U. Economic Feasibility

This section is applicable to all projects subject to Part 1120.

SECTION XXVI. REVIEW CRITERIA RELATING TO ECONOMIC FEASIBILITY (ECON)

A. Criterion 1120.310(a), Reasonableness of Financing Arrangements

Is the project classified as a Category B project? Yes No . If no is indicated this criterion is not applicable. If yes is indicated, has proof of a bond rating of "A" or better been provided? Yes No If yes is indicated this criterion is not applicable, go to item B. If no is indicated, read the criterion and address the following:

Are all available cash and equivalents being used for project funding prior to borrowing? Yes No

If no is checked, provide a notarized statement signed by two authorized representatives of the applicant entity (in the case of a corporation, one must be a member of the board of directors) that attests to the following:

1. a portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order that the current ratio does not fall below 2.0 times; or
2. borrowing is less costly than the liquidation of existing investments and the existing investments being retained may be converted to cash or used to retire debt within a 60-day period.

B. Criterion 1120.310(b), Conditions of Debt Financing

Read the criterion and provide a notarized statement signed by two authorized representatives of the applicant entity (in the case of a corporation, one must be a member of the board of directors) that attests to the following as applicable:

1. The selected form of debt financing the project will be at the lowest net cost available or if a more costly form of financing is selected, that form is more advantageous due to such terms as prepayment privileges, no required mortgage, access to additional debt, term (years) financing costs, and other factors;
2. All or part of the project involves the leasing of equipment or facilities and the expenses incurred with such leasing are less costly than constructing a new facility or purchasing new equipment.

B. Criterion 1120.310(c), Reasonableness of Project and Related Costs

Read the criterion and provide the following:

1. Identify each department or area impacted by the proposed project and provide a cost and square footage allocation for new construction and/or modernization using the following format (insert after this page).

COST AND GROSS SQUARE FEET BY DEPARTMENT OR SERVICE									
Department (list below)	A	B	C	D	E	F	G	H	Total Cost (G + H)
	Cost/Square Foot New Mod.		Gross Sq. Ft. New Circ.*		Gross Sq. Ft. Mod. Circ.*		Const. \$ (A x C)	Mod. \$ (B x E)	
	n/a	Acquisition							
Contingency									
TOTALS									

* Include the percentage (%) of space for circulation

2. For each piece of major medical equipment included in the proposed project, the applicant must certify one of the following:

REVIEW CRITERIA RELATING TO ECONOMIC FEASIBILITY (ECON)
(continued)

- a. that the lowest net cost available has been selected; or
 - b. that the choice of higher cost equipment is justified due to such factors as, but not limited to, maintenance agreements, options to purchase, or greater diagnostic or therapeutic capabilities.
3. List the items and costs included in preplanning, site survey, site preparation, off-site work, consulting, and other costs to be capitalized. If any project line item component includes costs attributable to extraordinary or unusual circumstances, explain the circumstances and provide the associated dollar amount. When fair market value has been provided for any component of project costs, submit documentation of the value in accordance with the requirements of Part 1190.40.

D. Criterion 1120.310(d), Projected Operating Costs

Read the criterion and provide in the space below the facility's projected direct annual operating costs (in current dollars per equivalent patient day or unit of service, as applicable) for the first full fiscal year of operation after project completion or for the first full fiscal year when the project achieves or exceeds target utilization pursuant to 77 Ill. Adm. Code 1100, whichever is later. If the project involves a new category of service, also provide the annual operating costs for the service. Direct costs are the fully allocated costs of salaries, benefits, and supplies. Indicate the year for which the projected operating costs are provided.

E. Criterion 1120.310(e), Total Effect of the Project on Capital Costs

Is the project classified as a category B project? Yes No . If no is indicated, go to item F. If yes is indicated, provide in the space below the facility's total projected annual capital costs as defined in Part 1120.130(f) (in current dollars per equivalent patient day) for the first full fiscal year of operation after project completion or for the first full fiscal year when the project achieves or exceeds target utilization pursuant to 77 Ill. Adm. Code 1100, whichever is later. Indicate the year for which the projected capital costs are provided.

The facilities to be acquired are fully-equipped, functioning ESRD clinics. No additional capital costs are anticipated during the first full year of operation after project completion.

F. Criterion 1120.310(f), Non-patient Related Services

Is the project classified as a category B project and involve non-patient related services? Yes No . If no is indicated, this criterion is not applicable. If yes is indicated, read the criterion and document that the project will be self-supporting and not result in increased charges to patients/residents or that increased charges are justified based upon such factors as, but not limited to, a cost benefit or other analysis that demonstrates the project will improve the applicant's financial viability.

Itemization

Project Costs and Sources of Funds		
USE OF FUNDS	CLINICAL	Itemization
Preplanning Costs		
Site Survey and Soil Investigation		
Site Preparation		
Off Site Work		
New Construction Contracts		
Modernization Contracts		
Contingencies	\$ 50,000	The projected cost is part of an overall acquisition which includes 2 dialysis centers. The estimated acquisition cost submitted in the application was determined through a discounted cash flow analysis to approximate the portion of the total acquisition associated with the Crystal Lake facility. In the course of due diligence preceding the close of the transaction, it is possible for the estimated costs to vary slightly from the proposed amount. The contingency is included to provide for this variance. The contingency is also proposed to absorb any legal or transaction fees over and above the amount proposed in the original application
Architectural/Engineering Fees		
Consulting and Other Fees	\$ 52,500	Consulting fees for this project will consist primarily of legal fees.
Movable or Other Equipment (not in construction contracts)		
Bond Issuance Expense (project related)		
Net Interest Expense During Construction (project related)

Sherman Health Systems
934 N. Center Street
Elgin, Illinois 60120
Attention: Eric Krueger, CFO

Dear Mr. Krueger:

This letter of intent will serve to express our mutual understandings with respect to the proposed acquisition by DaVita Inc. or one of its subsidiaries ("DaVita") of substantially all of the assets (the "Assets") of Sherman Health Systems (the "Seller") relating to the renal dialysis center known as the Sherman Dialysis Center located at 934 N. Center Street, Elgin, Illinois 60210 (the "Sherman Center") and the renal dialysis center known as the Crystal Lake Dialysis Center located at 4900 S. IL Route 31, Crystal Lake, Illinois 60012 (the "Crystal Lake Center" and, collectively with the Sherman Center, the "Centers").

The intended transaction (the "Transaction") is as follows:

1. **Purchase Price.** Subject to further due diligence, the purchase price (the "Purchase Price") for the Assets shall be Seven Million Two Hundred Thousand Dollars (\$7,200,000), which shall be payable in cash at the closing (the "Closing") of the Transaction.

2. **Assets.** The Assets to be acquired by DaVita at Closing will include all of the tangible and intangible assets which comprise or are used or are held for use in connection with or are necessary to the operation of the business at the Centers (the "Dialysis Business"), including, without limitation, all real property leasehold rights, improvements, furniture, fixtures, equipment, supplies, inventory, claims and rights under contracts and leases to be assigned to DaVita as set forth below, tradenames, trademarks, and service marks, patient lists, copies of patient files and records, telephone numbers, trade secrets, other proprietary rights or intellectual property, goodwill, Medicare and Medicaid provider numbers and agreements (if DaVita shall elect, in its sole discretion, to accept them and if the Centers are enrolled discretely from Sherman Hospital), and, to the extent permitted by law, all permits, licenses and other rights held by the Seller with respect to the ownership or operation of any or all of the Dialysis Business, and all of the Seller's books and records to the extent relating to the foregoing and except as excluded pursuant to the definitive agreements, in each case, regardless of whether they are on the Seller's or a related party's books. All of the Assets shall be transferred to DaVita free and clear of all liens, claims and encumbrances except as mutually agreed. At or prior to the Closing, the Seller shall acquire all right, title and interest in and to any leased equipment that is used in connection with the Dialysis Business, and such acquired equipment shall constitute part of the Assets. Notwithstanding the foregoing, the Assets will not include cash, accounts receivable, contracts and leases that are not to be assigned to DaVita as set forth below, and inventory and supplies disposed of from the date hereof until Closing in the ordinary course of business consistent with past practice.

3. **Liabilities.** Except for obligations arising on or after the Closing Date under contracts assigned to DaVita, DaVita will not assume any of the Seller's Liabilities (as defined below), including, without limitation, any Liabilities arising out of the operation of the Dialysis

Attachment 8

Business (or any part thereof) or the ownership or use of any of the Assets prior to the Closing Date. "Liability" means any claim, lawsuit, liability, obligation or debt of any kind or nature whatsoever, including without limitation, (a) any malpractice, tort or breach of contract claim asserted by any patient, former patient, employee or any other party that is based on acts or omissions or events occurring before the Closing Date; (b) any amount (including, if applicable, any penalty or interest) due or that may become due to Medicare or Medicaid or Blue Cross/Blue Shield or any other health care reimbursement or payment intermediary or other person or entity on account of any overpayment or duplicate payment or otherwise attributable to any period prior to the Closing Date ("**Reimbursement Liabilities**"); (c) any obligation or liability attributable to any period prior to the Closing Date that arises out of any contract, whether or not such contract is assigned to DaVita; and (d) any account payable of Seller.

4. **Purchase Agreement.** DaVita and the Seller shall execute an asset purchase agreement for the Transaction (the "**Purchase Agreement**"), which shall provide for the purchase and sale of the Assets and assumption of the Liabilities as specified in Paragraphs 2 and 3, above, and contain such representations, warranties and other terms as are customary for a transaction of this nature.

5. **Contracts.**

(a) **Contract Review and Assignment.** Prior to the execution of the Purchase Agreement, the Seller shall provide DaVita with copies of all contracts and leases of the Seller relating to the Centers, including, without limitation, managed care contracts, employment agreements, and vendor agreements. Upon execution of the Purchase Agreement, DaVita shall designate which of the listed contracts and leases it shall assume at the Closing. It is anticipated that DaVita will designate relatively few, if any, of said contracts and leases and it is further understood that some of such agreements may not specifically be assigned based on one or more vendor's provision of items and/or services to Sherman Hospital as a whole and not solely to the Centers. To the extent this is the case, Seller will cooperate to assist DaVita in securing a similar arrangement with each such vendor. Seller shall be responsible for obtaining and delivering any necessary consents for the assignment of those designated contracts and leases to DaVita at the Closing.

(b) **Real Property Leases.** DaVita will enter into a real estate lease with the Seller, as landlord, for each of (i) the Sherman Center (the "**Sherman Lease**") for premises comprised of 5353 square feet of space located at 934 N. Center Street, Elgin, Illinois 60120, and (ii) the Crystal Lake Center (the "**Crystal Lake Lease**" and, collectively with the Sherman Lease, the "**Leases**") for premises comprised of 1,191 square feet of space located at 4900 S. IL Route 31, Crystal Lake, Illinois 60012. Seller shall lease the Centers' facilities to DaVita pursuant to mutually acceptable leases for fair-market-value rent, which rent will be supported by a broker's opinion of value. DaVita and Seller will also agree to cooperate in connection with the relocation of the Centers at DaVita's expense within twelve (12) to twenty four (24) months after the Closing Date, subject to approval by the Illinois Health Facilities and Services Review Board. The parties acknowledge that DaVita has assumed that the rental rate for the Sherman Center will be Twelve Dollars (\$12) per square foot, triple net, and that the rental rate for the Crystal Lake Center will be Fifteen Dollars and Fifty Cents (\$15.50)

per square foot, triple net, but the parties further acknowledge that the rental amount under each Lease must reflect fair market value and will be supported by a broker's opinion of value.

6. **Employees.** On or before the Closing, DaVita shall offer to hire, on such terms and conditions as DaVita generally offers to its employees, substantially all of the Seller's employees (other than physicians) who are employed principally in the Dialysis Business as of the Closing (the "Dialysis Employees"); provided, however, DaVita may elect not to offer employment to Dialysis Employees who do not have the unrestricted ability to provide federally reimbursed services, who do not release their personnel files to DaVita prior to Closing, or who do not pass a pre-employment drug test, background check and physical exam. At Closing, DaVita will assume up to eighty (80) hours of vacation and other payable time off ("PTO") accrued as of the Closing Date by each Dialysis Employee who accepts employment with DaVita, and the Seller shall pay to DaVita an amount equal to such accrued PTO or, alternatively, shall apply a credit to DaVita against the Purchase Price hereunder. The Seller will be responsible for paying any accrued PTO in excess of eighty (80) hours to each Dialysis Employee in the next Seller disbursed payroll at or following the Closing.

7. **Medical Director Agreement.** DaVita shall enter into one or more agreements for medical director services for each Center on terms satisfactory to DaVita.

8. **Acute Services Agreement.** It shall be a condition to Closing that DaVita and the Seller shall enter into an Acute Service Agreement (the "Acute Services Agreement") for dialysis treatments rendered at the Seller, which agreement shall have a term of five (5) years and shall provide for an acute rate as set forth on Exhibit A attached hereto.

9. **Non-Competition and Non-Solicitation Covenant.** Pursuant to the Purchase Agreement, the Seller and its affiliates shall agree not to compete with the business of the Centers, directly or indirectly, or otherwise take any action that may result in owning any interest in, leasing, operating, managing, extending credit to, or otherwise participating (e.g., as a medical director, contractor, consultant, or employee) in a competitor of DaVita or the Centers, anywhere within a radius of twenty (20) miles of each Center, for a period of ten (10) years following the Closing Date (the "Period"). The Seller and its affiliates shall further agree that they will not, during the Period, directly or indirectly, take any action that may induce any patient, customer, employee or vendor of the Centers (either individually or in the aggregate) to discontinue his, her or its affiliation with the Centers; provided that the foregoing is not intended to prohibit any physician employed by the Seller or its affiliates from engaging in the professional practice of nephrology or exercising such person's independent medical judgment, without consideration for any pecuniary interests of said physician, nor to require the referral of any patients for any dialysis service provided by, or to any dialysis center owned by, DaVita or any of DaVita's affiliates. Ten percent (10%) of the Purchase Price will be allocated to the covenant not to compete for federal tax planning purposes only.

10. **Closing.** Subject to the satisfaction of the Closing conditions, the Closing shall take place at 12:01 a.m. on or before July 1, 2010 (the "Closing Date").

11. **Seller's Conditions to Closing.** Seller's obligation to close the Transaction shall be subject to the satisfaction of the following conditions:

(a) **Documentation.** The negotiation, execution, and delivery of the Purchase Agreement, Acute Services Agreement, Leases and related documents, setting forth the terms and conditions of the Transaction and containing such customary provisions, representations, warranties, covenants, and indemnifications, and providing for the receipt by the parties of such ancillary documents, as shall be reasonably acceptable to the parties and their respective counsel.

(b) **Regulatory Matters.** DaVita shall have been issued all necessary licenses, permits and approvals for its operation of the Dialysis Business after the change of control contemplated hereunder, including but not limited to approval from the Illinois Health Facilities and Services Review Board. Furthermore, the sale of the Assets to DaVita shall be in compliance with all applicable federal and state laws.

*CON
Contingency*

(c) **Board and Lender Approvals.** Seller shall have received prior to the Closing all necessary board of director approvals and all required lender approvals.

12. **DaVita's Conditions to Closing.** DaVita's obligation to close the Transaction shall be subject to the satisfaction of the following conditions:

(a) **Due Diligence.** DaVita shall have completed to its satisfaction its due diligence review of the Dialysis Business, including, without limitation, the assets and liabilities relating thereto, and the Seller shall have furnished to DaVita and its representatives such information and access to such books and records and personnel as DaVita may reasonably request for such purpose, including, without limitation, with respect to financial matters, litigation and loss contingencies, employee matters, tax and ERISA matters, vendors and patient information, legal and healthcare regulatory compliance, licenses, insurance, contracts, and other matters as DaVita may reasonably request.

(b) **Documentation.** The negotiation, execution, and delivery of the Purchase Agreement, Medical Director Agreements, Acute Services Agreement, Leases and related documents, setting forth the terms and conditions of the Transaction and containing such customary provisions, representations, warranties, covenants, and indemnifications, and providing for the receipt by the parties of such ancillary documents, as shall be reasonably acceptable to the parties and their respective counsel.

(c) **Regulatory Matters.** DaVita shall have received and reviewed to its satisfaction copies of all licenses, permits, and other regulatory materials and approval requirements pertaining to the Dialysis Business. The Seller shall be in material compliance with all standards of licensure and other applicable legal requirements, including, without limitation, all building, zoning, occupational safety and health, environmental, and health care laws, ordinances, and regulations relating to the Dialysis Business, its assets, its personnel and its operations. In addition, DaVita shall have been issued all necessary licenses, permits and approvals, including without limitation, including but not limited to approval from the Illinois Health Facilities and Services Review Board, for its operation of the Dialysis Business after the change of control contemplated hereunder. Furthermore, the sale of the Assets to DaVita shall be in compliance with all applicable federal and state laws.

(d) **Board and Lender Approvals.** DaVita shall have received prior to the Closing all necessary board of director approvals and all required lender approvals.

(e) **Personnel.** Substantially all of the Dialysis Employees shall have accepted employment with DaVita on the terms and conditions offered by DaVita, and each of such employees shall have all licenses and permits required to carry out his or her obligations and none of them shall be on the OIG List of Excluded Individuals/Entities.

(f) **Inventory.** The Assets shall include that quantity of useable inventories and supplies, including, without limitation, EPO and other drugs and supplies used for dialysis treatments, as shall be sufficient to operate each Center for a period of eighteen (18) days in a manner consistent with prior practice.

(g) **Material Adverse Change.** There shall not have been any material adverse change in the condition (financial or otherwise) of the assets, properties or operations of the Dialysis Business or the Assets.

13. **Indemnification.** The Purchase Agreement will provide that the Seller will indemnify and hold harmless DaVita with respect to all losses arising out of any breach of any representation, warranty or covenant of the Seller made pursuant to the Purchase Agreement, or arising out of any Liabilities, including without limitation, Reimbursement Liabilities. The Purchase Agreement will also provide that DaVita will indemnify and hold harmless the Seller with respect to all losses arising out of any breach of any representation, warranty or covenant of DaVita made pursuant to the Purchase Agreement. Any claim for indemnification for any breach of a representation or warranty must be asserted by written notice within a period of time that the parties will agree upon following DaVita's completion of due diligence, which shall be no more than five (5) years following the Effective Date, except that, with regard to those representations and warranties pertaining to Seller's payment programs, compliance with laws, benefit plans, and taxes, a claim for indemnification may be asserted at any time within the applicable statute of limitations.

14. **Maintenance of Business.** Between the date of this letter and the Closing Date or the termination of the exclusivity period referred to in Paragraph 18 below, whichever occurs first, the Seller (a) shall continue to operate the Dialysis Business and maintain the Assets in the usual and customary manner consistent with past operations, (b) shall use its reasonable efforts to preserve the business operations of the Dialysis Business intact, to keep available the services of its current personnel, and to preserve the good will and relationships of its suppliers, patients and others having business relations with the Dialysis Business, (c) shall notify DaVita in writing of any event involving the Dialysis Business or Assets that has had or may be reasonably expected to have a material adverse effect on the business or financial condition of the Dialysis Business or the Assets, and (d) shall not sell, encumber, or otherwise dispose of any assets, without DaVita's consent, except in the ordinary course of business consistent with past practice.

15. **Transition Period.** From the date hereof, through the Closing Date and thereafter for a reasonable period of time, the parties will work cooperatively with each other to develop specific transition and integration plans to assure continued quality of care and operating effectiveness following the Closing, including but not limited to a plan to ensure that DaVita does not experience an interruption in reimbursement from Medicare after the Closing Date.

16. **Public Announcements.** Subject to requirements of law, any news releases or other announcements prior to Closing by DaVita, the Seller, or any of their respective affiliates or agents pertaining to this letter or the transactions contemplated herein shall be approved in writing by all parties prior to release. DaVita and the Seller agree that, prior to Closing, they shall keep the existence of this letter and its contents confidential, except as may be necessary to comply with applicable law including a disclosure of the terms of this transaction to the Illinois Health Facilities Planning Act in connection with obtaining a CON permit.

17. **Confidentiality.** DaVita and the Seller hereby reaffirm their respective obligations under that certain Confidentiality Agreement, dated as of September 2, 2009, which agreement remains in full force and effect.

18. **Exclusivity.** Until August 1, 2010 (or such earlier date on which one party provides the other party written notice that it has ended its active efforts to consummate the Transaction), neither the Seller nor any of its affiliates or agents or representatives, shall, directly or indirectly, enter into any agreement, commitment or understanding with respect to, or engage in any discussions or negotiations with, or encourage or respond to any solicitations from, any other party with respect to the direct or indirect (including, without limitation by way of stock sale, merger, consolidation or otherwise) sale, lease or management of the Dialysis Business or any material portion of the Assets. The Seller shall promptly advise DaVita of any unsolicited offer or inquiry received by it or any of its affiliates, agents or representatives, including the terms thereof.

19. **Procedure.** As soon as possible after execution and delivery of this letter, the parties will cooperate in the negotiation and preparation of the Purchase Agreement and other necessary documentation and will use all reasonable efforts to satisfy the conditions set forth in Paragraph 11 which are in their respective control.

20. **Expenses.** Each party shall bear its own expenses arising out of this letter and the Transaction, with no liability for such expenses to the other party, whether or not the Transaction or any part thereof shall close.

21. **Non-Binding Effect.** It is understood that this letter merely constitutes a statement of the mutual intentions of the parties with respect to the proposed Transaction, does not contain all matters upon which agreement must be reached in order for the proposed transactions to be consummated and, except in respect of Paragraphs 14, 16, 17, 18 and 19, above, and this Paragraph 21, creates no binding rights in favor of any party. A binding commitment with respect to the Transaction will result only if definitive agreements are executed and delivered, and then, only subject to the terms and conditions contained therein. This letter may be executed in counterparts, each of which shall be deemed to be an original, and all of which, when taken together, shall constitute one and the same letter of intent. Signatures sent by facsimile transmission shall be deemed to be original signatures.

[SIGNATURES ON NEXT PAGE]

This letter will be void and the terms contained herein revoked unless accepted and returned by 5:00 p.m. (Pacific Standard Time) on February 9, 2010. If the foregoing is acceptable to you, please so indicate by signing a copy of this letter and returning it to the undersigned.

Very truly yours,

DAVITA INC.

**Criterion 1110.230—Project Purpose, Background and Alternatives
Background of Applicant****Summary of Adverse Actions**

Please note that DaVita Inc. ("DaVita") (E.I.N. 51-0354549) acquired one-hundred percent (100%) of the outstanding stock of DVA Renal Healthcare, Inc. (f/k/a Gambro Healthcare, Inc.) (E.I.N. 62-1323090) ("DVA" or "Gambro," if prior to October 5, 2005) and several of its subsidiaries on October 5, 2005.

One of the DVA/Gambro subsidiaries is DVA Healthcare Renal Care, Inc. (E.I.N. 95-2977916) ("DVA Renal" or "Gambro Renal" if prior to October 5, 2005), which is a wholly-owned Subsidiary of Dialysis Holdings, Inc. (E.I.N. 94-3096645) ("Dialysis Holdings"). Dialysis Holdings, in turn, is a wholly-owned subsidiary of DVA, which, as explained above is now a wholly-owned subsidiary of DaVita.

Consequently, many of the adverse actions reported below occurred prior to DaVita's acquisition of DVA/Gambro and its various subsidiaries.

**RE: Gambro Healthcare - Charleston
Medicare Provider Number 42-2523**

Previously, Gambro Renal owned and operated **Gambro Healthcare- Charleston** ("Charleston"), a dialysis facility located in the State of South Carolina. On February 14, 2003, the South Carolina Department of Healthcare and Environmental Control (the "Department") notified Charleston that its South Carolina license had been suspended and that it could not admit or re-admit any patients until such time as the Department notified the facility in writing that the suspension was lifted. Effective March 7, 2003, Gambro Renal voluntarily closed the Charleston facility, returned its license, and terminated the Medicare Provider Number. The facility has remained closed.

**RE: Gambro Healthcare -Aiken
Medicare Provider Number 42-2512**

DVA Renal currently owns and operates **Aiken Dialysis** (SC License # ERD034) ("Aiken") a dialysis facility located in the State of South Carolina. On April 4, 2003, the Department notified Aiken that its South Carolina license had been suspended, Aiken needed to pay a civil monetary penalty of \$17,750, and Aiken could not admit or re-admit any patients until such time as the Department notified the facility in writing that the suspension was lifted. By letter dated October 16, 2003, the Department found that Aiken was in substantial compliance and lifted the suspension effective October 14, 2003.

**Attachment 10-2
Pg 1 of 2**

RE: Gambro Settlement Agreement

On November 19, 2002, Gambro entered into a settlement agreement with the United States Department of Justice, resolving all claims brought against Gambro's subsidiary, Dialysis Holdings, Inc. in U.S. ex rel., Kneepkins v. Dialysis Holdings, Inc., et al 97-1400-GAO (D. Mass.). See attached Press Release dated November 19, 2002.

RE: Corporate Integrity Agreement

On December 1, 2004, Gambro entered into a Corporate Integrity Agreement with the U.S. Department of Justice to resolve the investigation commenced in June, 2001. The final agreement confirms the preliminary understanding with the U.S. government announced by Gambro on July 21, 2004.

See attached Press Releases dated July 21, 2004 and December 2, 2004. The Corporate Integrity Agreement is available online at http://oig.hhs.gov/fraud/cia/agreements/Gambro_Healthcare_Inc.pdf.

**RE: Gambro Healthcare - Summit
Medicare Provider Number 31-2528**

DVA currently owns and operates **DVA Healthcare- Summit (formerly Gambro Healthcare-Summit)** (NJ License #22318) ("Summit"), a dialysis facility located in the State of New Jersey. On October 20, 2003, the New Jersey Department of Health and Senior Services (the "Department") notified Summit that its license was suspended and that the facility could not admit any new patients until such time as the Department approved a final plan of correction. Effective January 26, 2004, the Department issued a letter dated January 29, 2004 that rescinded the order and found that Summit was in substantial compliance.

**RE: Memphis University Dialysis Center
Medicare Provider Number 44-2523**

DVA owned and operated **Memphis University Dialysis Center**, a dialysis facility located in the State of Tennessee ("Memphis"). On June 1, 2007, Medicare notified DVA of its decision to terminate Medicare certification for Memphis, effective as of June 19, 2007. On June 4, 2007, the State of Tennessee ordered Memphis to close as of 5:00 PM local time on June 5, 2007. Pursuant to this order, which was received by Memphis during the afternoon of June 5, 2007, DVA closed Memphis has no plans to appeal the decisions of Medicare and the State of Tennessee.

Re: Certificate of Need Application: DaVita
Section IV General Review Criteria: Criteria 11110.230d, Background of Applicant

Dear Mr. Mark:

Please accept this letter as authorization from Total Renal Care, Inc, permitting the State Board and Agency access to information in order to verify any documentation or information submitted in response to the requirements of this subsection or to obtain any documentation or information which the State Board or Agency finds pertinent to this subsection

Please let me know if you require further information. I can be reached at (615) 320-4455, or by email at emily.kohel@davita.com

Sincerely,

A handwritten signature in cursive script that reads "Emily Kohel".

Emily Kohel
Supervisor
Licensure and Certification

Attachment 10-3

Criterion 1110.230 - Project Purpose, Background and Alternatives**PURPOSE OF PROJECT**

1. The acquisition of the Crystal Lake Dialysis by Total Renal Care, Inc. will provide resources for the Sherman Health System to continue to serve the patients of Crystal Lake and the surrounding area. Changes in CMS regulatory and reporting requirements as of October 2009 have added significant requirements for ESRD facilities, making it more difficult for independent entities to cost-effectively comply with the Conditions for Coverage and to collect and report required data and respond to regulatory requirements. The resources available through DaVita will be extended to the acquired facilities, and will allow the dialysis centers to use all of the policies, procedures, quality and data management tools and resources available within the DaVita system, thereby making it easier to comply with the new requirements in a timely and cost-effective manner.
2. The existing facility is located in H.S.A. 8.
3. No problems or issues have been identified associated with this acquisition.
4. Reference: CMS Conditions for Coverage
5. As noted above, changes in CMS regulatory and reporting requirements as of October 2009 have added significant requirements for ESRD facilities, making it more difficult for independent entities to cost-effectively comply with the Conditions for Coverage and to collect and report required data and respond to regulatory requirements. The resources available through DaVita will be extended to the acquired facilities, and will allow the dialysis centers to use all of the policies, procedures, quality and data management tools and resources available within the DaVita system, thereby making it easier to comply with the new requirements in a timely and cost-effective manner.
6. Implementation of the new CMS regulatory and data requirements is ongoing. The acquired facilities will be included in DaVita's action plans at such time as new requirements are put in place by CMS. The acquired facilities will be incorporated in to the normal processes and timelines of DaVita's operations, and therefore all issues will be addressed through the normal scope of DaVita's business.

Criterion 1110.230 – Project Purpose, Background and Alternatives**Alternatives****Alternatives available to DaVita and considered were:****1. Proceed with the acquisition of the Sherman Health System dialysis clinics**

Sherman Health System has decided to divest of their kidney dialysis clinics, and Total Renal Care wishes to purchase the clinics. Therefore the proposed acquisition transaction meets the objectives of both parties. DaVita considered the proposed purchase carefully and determined that the Crystal Lake Dialysis clinics fit well with the mission, values and business plan of both Total Renal Care, Inc. and DaVita. ***Therefore, pursuit of the change of ownership is the selected alternative.***

2. Decline the opportunity to purchase the Sherman Health System dialysis clinics

The clinics owned by Sherman Health System are in adjacent and sometimes overlapping service areas with the DaVita dialysis clinics in Illinois. Acquisition of the Sherman clinics will allow DaVita to extend service throughout the area currently served by Sherman. This will allow for more continuity of care for patients among communities and will allow more facilities to benefit from shared resources. As noted above, the proposed project meets the objectives of both Sherman Health System and DaVita, and therefore *the option to decline the purchase is not an acceptable alternative, and is therefore rejected.*

3. Pursue a Joint Venture with Sherman Health System

DaVita is open to Joint Venture relationships. This option was not desirable to Sherman, as they wish to divest of their dialysis program. *Therefore, this option is rejected.*

3. Pursue opening dialysis centers in the market independent of and competing with Sherman Health System

DaVita wishes to be a collaborative member of the healthcare communities served by Sherman Health System. The option to compete with Sherman Health System's clinics would be counter to this objective, and *therefore, the option is rejected.*

SECTION VI. MERGERS, CONSOLIDATIONS AND ACQUISITIONS/CHANGES OF OWNERSHIP**A. Criterion 1110.240(b), Impact Statement**

1. No change in ESRD stations is anticipated pursuant to the change of ownership. DaVita may opt to add stations under the Health Facilities Planning Act at a later date, should the need arise.
2. The Operating Entity of the acquired dialysis facilities will be Total Renal Care, Inc. a wholly-owned subsidiary of DaVita Inc..
3. Sherman Health System wishes to divest of their dialysis facilities and operations. DaVita, Inc. wishes to expand their scope of dialysis services to include the area currently served by Sherman. The proposed Change of Ownership transaction accomplishes the objectives of both parties. DaVita considered the proposed purchase carefully and determined that the Crystal Lake Dialysis clinics fit well with the mission, values and business plan of both Total Renal Care, Inc. and DaVita.
4. No significant additions or reductions in employees are anticipated as a result of this change of ownership. All current employees of Sherman Health System's dialysis clinic will have the opportunity to continue employment with DaVita, after the change of ownership. Additional employees will be added if it is deemed necessary to accommodate growth, patient care or operations. Sherman's dialysis staffing model appears to be comparable to that used by DaVita. Both organizations staff according to treatment volume. Going forward, labor hours and/or positions will be added or reduced according to patient census and care needs, using DaVita's model. No reductions in employees are anticipated.
5. As the Crystal Lake Dialysis clinics are currently operating entities, there is inherent cost in operating the facilities. DaVita will incur similar operating costs going forward, but the acquired ESRD facilities will likely achieve cost savings due to economies of scale, favorable purchasing contracts, shared resources and benefits of DaVita's infrastructure and processes.
6. Sherman Health System will benefit from an influx of capital as a result of the sale of the dialysis clinics. This will give Sherman the opportunity to support other projects to benefit the health of the Crystal Lake community and surrounding area. In addition, changes in CMS regulatory and reporting requirements as of October 2009 have added significant requirements for ESRD facilities, making it more difficult for independent entities to cost-effectively comply with the Conditions for Coverage and to collect and report required data and respond to regulatory requirements. The resources available through DaVita will be extended to the acquired facilities, and will allow the dialysis centers to use all of the policies, procedures, quality and data management tools and resources available within the DaVita system, thereby making it easier to comply with the new requirements in a timely and cost-effective manner. This will provide a cost benefit to the dialysis clinics and will represent a cost savings to Sherman Health System in not having to add resources to their system to meet the new requirements.

Attachment 18-A

SECTION VI. MERGERS, CONSOLIDATIONS AND ACQUISITIONS/CHANGES OF OWNERSHIP

B. Criterion 1110.240(c), Access

1. Admission policies for Sherman Health System's dialysis facilities are included as Attachment 18-B, 1.
2. The Admission Policies for DaVita dialysis clinics is included as Attachment 18-B, 2
3. A letter from DaVita's CEO regarding admission policies going forward is included as Attachment 18-B-3.

Attachment 18-B

Sherman Health Systems

Policy & Procedure

Title: Admitting Patients to the Out-patient Dialysis Units	
Policy #: DLY-054	Date of Last Review/Revision: 07/09
Approved by: Vice President of Ancillary Services	Originating Department: Dialysis

Purpose: To establish a consistent procedure of accepting patients into the Sherman Hospital/Crystal Lake Family Healthcare Dialysis Units

Scope: Sherman Hospital and Crystal Lake Dialysis Units

Policy Statement: Patients come to the Out Patient Dialysis units as new admissions from Sherman Hospital or other hospitals or as transfers from other out patient programs. It is necessary to establish an equitable and informed process for these admissions to Sherman's programs.

Definitions: ESRD: End Stage Renal Disease is an irreversible condition in which the individual no longer has sufficient renal function to adequately maintain an acceptable clinical state without renal replacement therapy

Standards:

Procedure:

1. The Renal Social Worker will be the contact person for both dialysis units. Referrals may come from the nephrologists, discharge planners here or at other facilities or patients themselves
2. If the patient is newly diagnosed with ESRD and currently an in-patient at Sherman Hospital, they will be admitted to the program, pending the Hepatitis Profile most directly the HBsAg results if there is currently a vacant chair available
3. If the patient is newly diagnosed ESRD and currently at another in-patient facility, they will be admitted to the program pending Hepatitis Profile, most directly the HBsAg result, chart review and chair availability if there is not a Sherman Hospital patient for that chair.
4. The Renal Social Worker will request necessary information (i.e. history and physical, insurance information, etc.). The required information is listed on the criteria/information sheet for accepting new patients. All information is required and any exceptions will be reviewed with dialysis manager, medical director and renal social worker. This information will need to be submitted prior to the first outpatient treatment. The social worker and the dialysis manager will review this information.

Attachment 18-B,1
(2 total pgs)

5. Upon acceptance into the ESRD Program at Sherman Hospital or Crystal Lake Family Healthcare Facility and prior to the first outpatient treatment, the attending nephrologist will be contacted for out-patient orders.
6. Patient is requested to arrive ½ hour early for their first out-patient treatment so they can register with admitting as a Renal Series patient and provide all necessary insurance information.
7. Patient is requested to sign a procedural consent form for Chronic Hemodialysis prior to initiating first out-patient treatment
8. If a chronic dialysis patient is requesting transfer into the Sherman Hospital/Crystal Lake Family Healthcare Dialysis Program, that patient will be placed on a waiting list if there is no currently available chair. Sherman Hospital/ Crystal Lake Family Healthcare patients will be given priority to facilitate continuity of care and patient satisfaction.
9. Patients on the waiting list are admitted to the units only if #2 and #3 above do not exist. Patients from the waiting list are taken based on the length of time on the list (oldest to most recent) and suitability to the chair time vacant.
10. If patient on waiting list is contacted regarding vacant chair and refuses transfer at that time, patient will remain on the list and will be contacted when next chair available.

TITLE: ACCEPTING PATIENTS FOR TREATMENT

PURPOSE: To establish requirements for patient admission to a DaVita dialysis facility and to allow DaVita to obtain necessary information from the patient and to enter the correct information into the appropriate information system prior to providing dialysis treatment to a patient at a DaVita dialysis facility.

DEFINITIONS:

1. **Patient Authorization and Financial Responsibility Form (PAFR)** - Form that informs patients of their financial obligations regarding services provided to them by DaVita. The form must be signed and witnessed prior to the start of the first dialysis treatment and annually thereafter. By signing the PAFR, the patient is assigning the payment for services provided by DaVita, directly to DaVita from insurance companies. The PAFR form must be signed annually at each DaVita facility where the patient treats.
2. **Medicare Secondary Payor Form (MSP)** - Determines if a commercial Employer Group Health Plan (EGHP) (or other insurance carrier) will be primary payor. This form is completed online in Reggie and must be completed for all patients who have Medicare coverage when they start treatment at DaVita.
3. **Beneficiary Selection Form (CMS 382)** - Required by Medicare for home dialysis patients (home hemo or peritoneal). The patient selects whether they will obtain home treatment supplies from a Durable Medical Equipment (DME) provider (Method II) or from the facility that will provide home dialysis support services (Method I). DaVita currently only supports patients selecting Method I.
4. **Medical Evidence Report Form (CMS 2728)** - Required by Medicare to determine if an individual is medically entitled to Medicare under the ESRD provisions of the law and to register patients with the United States Renal Data System. The 2728 form is used as the primary source in determining the COB for patients insurance. Physicians have a 45 day grace period to sign the 2728 form when the patients are new to dialysis. Patients are only required to complete the 2728 form once not for every facility visit or transfer.
5. **Transfer patient** - An existing dialysis patient who is permanently relocating from any dialysis facility to a DaVita dialysis facility. Once the transfer is complete, the patient will become a "permanent" patient.
6. **Guest patient** - A patient who is visiting a facility and plans to return to his/her home facility within 30 days. A guest patient refers to patients visiting from a non-DaVita facility to a DaVita facility as well as visiting from a DaVita facility to another DaVita facility.
7. **Permanent patient** - A patient who has selected a DaVita dialysis facility as his/her home facility.

Policy: 3-01-03

POLICY:

1. DaVita will accept and dialyze patients with renal failure needing a regular course of dialysis without regard to race, color, national origin, gender, sexual orientation, age, religion, or disability if:
 - a) The patient's care can be managed in an outpatient dialysis facility according to individual modality;
 - b) The patient is under the care of a nephrologist who is credentialed in the DaVita facility;
 - c) There is adequate treatment space and staffing available to provide appropriate care to the patient;
 - d) The patient (a) has been verified as Medicare or Medicaid eligible and/or has private insurance coverage which has been verified, and from which an authorization for treatment has been received by DaVita as required, or (b) accepts financial responsibility for care by signing the PAFR form;
 - Patients who are uninsured must be authorized at the facility level with written approval by the facility's Operational Vice President, or their designee, prior to treatment. *(Please refer to the Cash Payment Fee Schedule for Patients with no Insurance Coverage Policy located on the Village Web ROPS home page under the ROPS P&P Link).*
 - Patients who have an out-of-state Medicaid plan that will not pay for treatment must be authorized at the facility level with written approval by the facility's Operational Vice President, or their designee, prior to treatment.
 - Patients who are out of network and have no out of network benefits must be authorized at the facility level with written approval by the facility's Operational Vice President, or their designee, prior to treatment.
2. Guest patients must make payment for non-covered, and out of network (including out of state Medicaid plans that do not pay for treatment) services in the form of cashiers check, money order, travelers check, American Express, Visa or MasterCard prior to treatment.
3. DaVita will bill using the name and number as it appears on the beneficiary Medicare card or other document confirming the patient's health care coverage through a third party, and as the patient's name is confirmed by two (2) additional forms of identification which has the patient's current legal name listed on it as outlined in section 7 of this policy. If any information on the beneficiary Medicare card is incorrect, DaVita will advise the beneficiary to contact their local servicing Social Security Office to obtain a new Medicare card. If information contained on the insurance card is incorrect, DaVita will advise the policyholder to contact their insurance company to obtain a new insurance card. All insurance cards should match the patient's identification. The patient must

- produce evidence that a change was initiated with the appropriate insurance carrier within 90 days of the noted discrepancy.
4. There are three mandatory data elements for any patient to be registered in Reggie. They are first and last name, DOB (date of birth) and anticipated start date at DaVita. These three fields must be completed prior to treatment.
 5. Unless otherwise provided for under this policy, prior to the admission to the facility, all patients, including Transfer, Guest and Permanent Patients will be given the following documents to read and sign:
 - Patient's Rights
 - Patient's Responsibilities
 - Patient's Standards of Conduct
 - Patient Grievance Procedure
 - Authorization for and Verification of Consent to Hemodialysis / Peritoneal Dialysis
 - Reuse Information Consent form
 - Caretaker Authorization form
 - HIPAA Notice Acknowledgement form
 - Affidavit of Patient Identification form (Note: This form is only given if the patient or personal representative on behalf of the patient, is not able to produce the requested two (2) forms of personal identification verifying the patient's legal name and current legal residence upon admission or within seven (7) days of admission).

The patient will agree to follow the Patient's Rights, Patient's Responsibilities, Patient's Standards of Conduct and the Patient Grievance Procedure. *(Please refer to Patient's Standards of Conduct; Patient Grievance Procedure; Patient Rights and Responsibilities.)*

6. Guest Patients are only required to sign the Patient's Rights, Patient's Responsibilities, Patient's Standards of Conduct and the Patient Grievance Procedure one time for each DaVita facility they visit, as long as these forms are visibly posted at the facility, unless there are changes made to any of those forms/policies, or state specifications require otherwise.
7. Listed below are the following documents that are required for hemodialysis patients and home dialysis patients prior to admission to a DaVita Dialysis facility:
 - Two (2) forms of personal identification, in addition to the patient's insurance card, verifying the patient's legal name and current legal residence, one of which is a picture ID. Acceptable forms of personal identification may include:

- (a). Federal or state government issued identification such as:
 - (1). driver's license
 - (2). voter's registration card
 - (3). passport
 - (4). ID card
 - (5). marriage certificate
 - (6). social security card
 - (7). US military photo ID card
- (b). Divorce decree;
- (c). Credit card;
- (d). Utility bill;
- (e). Pension statements;
- (f). Bank account and other financial asset records;
- (g). Property Deed;
- (h). Mortgage;
- (i). Lease Agreement;
- (j). Auto registration;
- (k). Job pay stub;
- (l). Letters from Social Security Office;
- (m). US adoption papers;
- (n). Court order for a legal name change signed by a judge or court clerk;
- (o). Library card;
- (p). Grocery store rewards card; or
- (q). For minors, school records such as school identification card, nursery or daycare records.

- All copies of patient's current insurance cards-front and back;
 - Copy of History and Physical (within the last year – must be legible);
 - For Hepatitis and TB testing requirements, refer to policies: *Hepatitis Surveillance, Vaccination and Infection Control Measures* and *Tuberculosis Infection Control Policy*;
 - If patient is a new ESRD patient, pre dialysis labs including hematocrit or hemoglobin, albumin, BUN, creatinine, and, if available, creatinine clearance and/or urea clearance drawn within 45 days prior to first day of dialysis;
 - Monthly labs within 30 days prior to first treatment date including hematocrit, hemoglobin, URR and electrolytes;
 - Copies of three (3) flowsheets within two (2) weeks of requested treatment(s) for patients who have previously dialyzed;
 - Copy of current hemodialysis orders for treatment;
 - EKG, if available, OR if patient has known heart condition;
 - Patient demographics;
 - Copies of most recent Long Term Program, Patient Care Plan, Nursing, Dietary and Social Work Assessments and most recent progress notes for patients who have previously dialyzed;
 - Current list of medications being administered to patient in-center and at home;
 - Advance Directives, if applicable;
 - Initiation of CMS 2728. Once completed, within the 45-day guideline, it should include the patients and nephrologist's signature and date. This is the official document of the patient's first date of dialysis ever, first dialysis modality, and provides transplant information, if applicable;
 - Patient Authorization & Financial Responsibility Form (PAFR). Must be signed and witnessed prior to the start of the first dialysis treatment. This form allows DaVita to receive payment from insurance companies and informs the patient of the financial responsibilities regarding treatment provided to them. Without a signed PAFR Form, we cannot bill for services provided to the patient;
 - CMS 382 Form. Required only for Medicare primary home dialysis patients (home hemo or peritoneal);
 - Medicare Secondary Payor Form (MSP). Determines if a commercial Employer Group Health Plan (EGHP) will be primary payor. Must be completed for all patients who have Medicare coverage when they start treatment at DaVita;
 - DaVita's Privacy Notice/Privacy Practice Notice. Each patient will be provided with the notice.
8. NOTE: If the patient, or personal representative on behalf of the patient, is not able to produce the requested two (2) forms of personal identification verifying the patient's legal name and current legal residence, the teammate admitting the patient should follow the procedures set forth in the Compliance Policy titled "*Patient Identification and Verification Policy*," and any other relevant policies based on the situation at hand.

9. Any conflict with the criteria established or refusal to sign appropriate consents and authorization to bill would constitute a need for prior written authorization by the facility's Operational Vice President or designee.

EXCEPTIONS

1. A permanent DaVita patient may be treated at a facility other than his /her home facility without respect to the required documentation when:
 - a) The attending nephrologist has privileges at both the facilities in question (the patient's home facility and the anticipated visiting facility), and;
 - b) A visiting record is generated by the home facility at least one hour before the scheduled treatment, and;
 - c) The facility administrator at the visiting facility agrees to treat the patient, and;
 - d) The visiting facility has the space and resources to treat the patient.
2. All other exceptions to this policy are subject to approval by the Operational Vice President for the region/division.

Teammates are expected to report possible violations of this policy and procedure. You may make your report to an appropriate DaVita manager, to the Corporate Compliance Hotline (1-888-458-5848) or to DaVita's Corporate Compliance Department (1-888-200-1041 x156037). You may make your report anonymously and you may request confidentiality. Questions regarding this policy should be directed to the QUESTiOnline@davita.com.

Re: Certificate of Need Applications: Total Renal Care, Inc.
Section IV General Review Criteria: Criteria 11110.240(c.) Access

Dear Mr. Mark:

DaVita's policy for Accepting Patients for Treatment states:

"DaVita will accept and dialyze patients with renal failure needing a regular course of dialysis without regard to race, color, national origin, gender, sexual orientation, age, religion or disability."

This statement is integral to our Mission and Core Values. Please accept this letter as assurance of DaVita's commitment to accept and to continue to care for patients in this manner going forward.

Sincerely,

A handwritten signature in black ink, appearing to read "Kent J. Thiry".

Kent J. Thiry
Chairman and CEO
Total Renal Care, Inc.
DaVita Inc.

SECTION VI. MERGERS, CONSOLIDATIONS AND ACQUISITIONS/CHANGES OF OWNERSHIP**B. Criterion 1110.240(d) Health Care System**

1. It is DaVita's intention to continue to provide dialysis services to the patients of Crystal Lake and surrounding areas, through the purchase of Crystal Lake Dialysis and the one other facilities owned by Sherman Health System. DaVita does not propose any changes in stations or services that will negatively impact the patients or the community. All anticipated changes will be operational, to align the Sherman facilities with the operations and resources available within DaVita and which are customary for all DaVita facilities. (i.e., conversion of information systems.) The change of ownership will have no impact on neighboring ESRD facilities, as the transaction consists of a change of ownership of existing services. Therefore, there will be no impact on other dialysis providers.
1. A list of all DaVita facilities in Illinois is included as Attachment 18-B, 2. The list includes the name, facility location, number of ESRD stations, list of services, and 12 month utilization.
3. There are no current or proposed referral agreements involved in this transaction.
4. N/A, as there are no referrals associated with this acquisition.
5. The change of ownership will have no impact on neighboring ESRD facilities, as the transaction consists of a change of ownership of existing services. The Change of Ownership will not restrict the use of other area care providers. The change of ownership will improve access for dialysis patients who wish to receive dialysis treatments at other DaVita facilities within Illinois and the U.S. DaVita's electronic medical record will be installed in the facilities after the change of ownership, and will provide opportunities for improved continuity of care via readily available medical records, should the patients transfer to any other DaVita clinic. DaVita's medical record is also available to DaVita physicians via the internet, and will improve continuity of care for hospitalizations, as the physicians can access the medical record via the internet from any computer, through their secure DaVita passwords.
6. There will be no duplication of services, as this application is for an acquisition of existing services.
7. DaVita will continue to provide all services currently offered in Sherman's dialysis clinics, which includes hemodialysis, CAPD, CCPD and home hemodialysis. No additional services are planned initially. However, should the need arise, or new treatment options or technology emerge, DaVita is prepared to provide them, as needed. The Change of Ownership will not restrict the use of other area care providers. The change of ownership will improve access for dialysis patients who wish to receive dialysis treatments at other DaVita facilities within Illinois and the U.S. DaVita's electronic medical record will be installed in the facilities after the change of ownership, and will provide opportunities for improved continuity of care via readily available medical records, should the patients transfer to any other DaVita clinic. DaVita's medical record is also available to DaVita physicians via the internet, and will improve continuity of care for hospitalizations, as the physicians can access the medical record via the internet from any computer, through their secure DaVita passwords.

Facility	Medicare #	Address	City	Services	HSA	Number of Stations As of 04-28-2009	06-30-2008	09-30-2008	12-31-2008

B. Criterion 1120.310.(b), Conditions of Debt Financing

1. Total Renal Care, Inc and the parent company, DaVita, Inc. are prepared to finance the project through cash and Securities of the Companies. Regarding debt financing, the extent of debt is limited to the lease. All lease payments will be made from cash, and no financing will be necessary.

2. The change of ownership will include assumption of leases for each of the facilities to be acquired. Total Renal Care/DaVita, Inc. evaluated the benefits of both leasing and purchasing the property for each of the facilities to be acquired. Leasing the existing facilities has been determined to be the least costly alternative for this change of ownership transaction. DaVita will acquire the facility as a fully functional dialysis clinic, without need for significant modification. Therefore, minimal additional expenditures will be required. The option to construct new facilities is not an accepted option, as it would require an additional expenditure of considerable construction capital, and therefore would be a much more costly option.

Due to the growth in the dialysis population, and the need to continually update our facilities and technologies, DaVita has adopted a philosophy to invest valuable capital resources in ways that best meet the needs of our patients. We feel that this goal is best accomplished by directing our dollars toward the purchase of new technologies and patient amenities rather than real estate. Therefore, after careful evaluation, the option to lease property is determined to be the best option for the proposed acquisition of the Sherman businesses.

The total project will be paid for through cash and securities of DaVita, Inc.. No bonds or loans will be taken as a result of this project.

Attachment 76-B

D. Criterion 1120.310(d), Projected Operating Costs

Read the criterion and provide in the space below the facility's projected direct annual operating costs (in current dollars per equivalent patient day or unit of service, as applicable) for the first full fiscal year of operation after project completion or for the first full fiscal year when the project achieves or exceeds target utilization pursuant to 77 Ill. Adm. Code 1100, whichever is later. If the project involves a new category of service, also provide the annual operating costs for the service. Direct costs are the fully allocated costs of salaries, benefits, and supplies. Indicate the year for which the projected operating costs are provided.

RESULTANT OPERATING COSTS FOR THE YEAR 2011

Salaries & Benefits	\$ 380,387
Supplies **	\$ 82,950
TOTAL OF ABOVE	\$ 463,337
Units of Service	3,654
Cost per Unit	\$ 126.80

Criterion 1120.310(e), Total Effect of the Project on Capital Costs

The facilities to be acquired are fully-equipped, functioning ESRD clinics. No additional capital costs are anticipated during the first full year of operation after project completion.

Attachment 76-E

Per IHFSRB staff recommendation, one set of DaVita financial statements have been provided to serve as supporting documentation for the following applications for permit:

Sherman Dialysis Center

Crystal Lake Dialysis Center

Please refer to this set of documents for completion and content review of these applications

Thank You.
