Dear Mike:

If the proper current name is actually University of Chicago - Hyde Park, then please accept this e-mail as the formal request to change the current name to "University of Chicago - Hyde Park." We will rename the facility Total Renal Care d/b/a Lake Park Dialysis upon the change of ownership.

I am really sorry for the mix-up. I hope this clears it up OK.

Warmest regards,  
Delia

Hi all,

I have gone back and looked at IHFRB lists as well as the Renal Network lists and it appears that the names are used interchangeably. We should use whatever is the correct legal name for the change of ownership CON. We would like the name to be Lake Park going forward.

Thank you!

Delia we have this project in our inventory as University

of Chicago Hyde Park not  
Lake Park.

The renal network identifies the facility

by the Hyde Park name. Was there a name  
change we were not aware of?
