RE: Health Facilities Planning Act
Project # 10-040 - Lawrence County Memorial Hospital

Dear Mr. Florkoski:

This is to acknowledge receipt of your application for permit under the Illinois Health Facilities Planning Act. Your application, received on June 18, 2010, was deemed **incomplete** as of June 24, 2010. The State Agency notes the following:

Per 77 IAC 1130.620(D)(1)(i) - Technical Assistance, Letter of Intent, Classification, Completeness Review, and Review Procedures require "upon receipt of an application for permit, IDPH shall determine whether the application is complete or incomplete." An application for any project shall be deemed complete within 10 business days after receipt if all of the requirements for completeness have been met. **The applicant, Lawrence County Memorial Hospital, has an unresolved compliance issue related to the discontinuation of the Acute Mental Illness category of service without a permit.**

Per 77IAC 1130.620(d)(5): If the application is deemed complete, the date of completion shall initiate the review period. If the application is deemed incomplete, the applicant shall be allowed 45 days from the date of receipt of the notification to provide all necessary information to complete the application. Upon receipt of all additional information requested, IDPH shall again review the application for completeness and shall notify the applicant of its decision. If IDPH finds that the application remains incomplete at the end of the allotted response period, the application shall be declared null and void, and all fees paid forfeited.

Should you have any questions regarding your application, please contact our office at (217) 782-3516 or TTY (800) 547-0466 for hearing impaired only.

Sincerely,

Mike Constantino
Supervisor, Project Review Section
