Subject: CON case number 10-049 - The University of Chicago Cancer Center at Silver Cross Hospital, New Lenox

Dear Ms Hills:

I am a practicing medical oncologist in Joliet area for the last 30 years and I understand Silver Cross Hospital has filed an application for CON (Certificate of Need) to set up a cancer center on their new campus in New Lenox in conjunction with University of Chicago Medical Center (Case Number 10-049.)

I have reviewed the application and based on the facts contained therein and also the facts omitted there from I strongly feel that the project needs to be heard publicly.

I am requesting a public hearing on this application, case # 10-049 and am hoping that you will accord the same and will enter this email as a formal request.

I am also requesting you to keep me informed of the date when the actual hearing date is announced by E-MAIL and also by regular mail

Thank you!

Best Regards!
