**Subject:** Technical assistance -- Project #010-51, Project #010-52, Project #010-53

Mike,

As a follow up to the technical assistance conference you had with Honey Skinner and Jack Axel this morning on the above change of ownership projects, and my subsequent technical assistance call with you this morning, this is to confirm that additional information has been requested from the applicants regarding (1) the status of the litigation commenced by Riveredge Hospital relating to Project No. 09-015, Garfield Park Hospital, and (2) the status of the DCFS intake hold on Riveredge Hospital. I represent the applicant Psychiatric Solutions, Inc., (the parent company of Riveredge Hospital and of the other two facilities to be acquired in the change of ownership projects) and will respond to the requests for additional information. As we discussed this morning, I will provide you with this information by next Tuesday, September 28. Thank you for your assistance on these matters.

Dan
