RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Centegra is already deeply involved in the health & well-being of this community. Huntley needs a health facility whose main focus is on the overall health & care of its community members rather than just its profit margin & market share.

An Illinois system taking care of its own & providing much needed jobs for those of us who live in the area =

Centegra

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to give my full support for a new hospital in Huntley. According to the 2008 Census, Huntley's population grew at an annual rate of 19.1% between 2000 and 2008, while McHenry County as a whole grew at an annual rate of 2.57% and Illinois grew at a mere 0.48%. As Huntley continues to grow, so too does our need for a full-service hospital.

Centegra is an outstanding community partner with a strong commitment to our Village. In 2005, the health system purchased 110 acres of land in Huntley and then brought needed outpatient services and a state-of-the-art Immediate Care Center to our community shortly afterwards. Now Huntley and southern McHenry County need a hospital, and Centegra is just the partner to deliver it. The timing is right, and the proposed location is ideal.

This new hospital would also bring more than healthcare to Huntley. It would bring to the area strong tax revenues, as well as hundreds of jobs, both during construction and once the hospital is operational. This would have a tremendous economic impact on our Village.

As you move forward with your evaluation, know that I strongly support Centegra's mission to bring needed hospital beds to southern McHenry County. I urge approval of Centegra Hospital – Huntley, Project No. 10-090.

Sincerely,

Ron Hahn
