Ms. Courtney R. Avery, Administrator
Illinois Health Facilities and Services Review Board
525 West Jefferson, 2nd Floor
Springfield, IL 62761

Dear Ms. Avery:

Please accept this letter of support on behalf of Centegra Health Systems' application for a new hospital to be located in Huntley, Illinois. Since 2000 the increase in the southeastern quadrant of McHenry County's population has been 24.8% while the state of Illinois' population has grown at only 0.48%. The need for a full service acute care medical facility is readily evident. Centegra not only provides excellent health care for all of McHenry County but has already established an Outpatient and Immediate Care campus in Huntley. The expansion of services with a new hospital is just the next logical step.

Centegra, as you are well aware, is the preferred choice provider for McHenry County and has consistently provided quality healthcare as the need arises. During the CON hearing for Mercy Health Systems back in 2004, the CON board noted and suggested a better location for any hospital in McHenry County would be further south and west of Crystal Lake, Illinois. Centegra took them at their word. This new hospital would then serve some of the largest communities in McHenry County including Huntley, Lake in the Hills and Algonquin.

And let's not forget, during these extraordinarily challenging fiscal times, the economic benefits this project will bring to the area; benefits like thousands of JOBS, increased tax revenue and direct spending. A project of this magnitude would be a tremendous boon for the area.

Centegra has proven itself to be an excellent community partner that truly cares about the people and families they serve. I have had numerous positive experiences with this health system, both personal and professional, and have absolute confidence in its ability to bring a top-notch hospital to southern McHenry County. I respectfully request the Board give Centegra's application strong consideration.

Regards,

A handwritten signature in black ink that reads "Pamela J. Althoff". The signature is written in a cursive style with a large, sweeping "P" and "A".

Re: **Project#:10-090—Centegra Hospital Huntley**

Dear Ms. Avery:

Centegra Health System has asked that I write in support of their project to bring a full-service hospital to southern McHenry County. I am most happy to do so since I believe the project is not only needed but would be an outstanding addition to an area that is fast-growing but without access to comprehensive healthcare for its residents.

Since the statistical support for this approval is known to you through the application process, I would only like to add that Centegra Health Systems serves residents in my legislative district and has an outstanding reputation. When I recently attended the announcement of Centegra's intent to seek approval for this project, I was extremely impressed with the state of the art fitness center that was filled with area residents who are enthusiastic about services currently available and the possibility of a full service hospital in that location. Such a project would bring jobs and tax revenue for McHenry County as well as comprehensive health care.

My experience with the Centegra system has also shown them to be an outstanding community partner. They and their staff participate in area charitable endeavors including the one very dear to me and my wife, Dee—Hospice and Palliative Care of Northeastern Illinois (HPNI). HPNI has partnered with Centegra in an inpatient hospice program located at Centegra Specialty Hospital-Woodstock. That project could not have come to fruition without the dedication of Centegra to make it a reality. Centegra has also contributed to HPNI in other ways through their contribution to the new Pepper Family Hospice Home and Center for Care in Barrington, Illinois and through sharing two of their top executives with HPNI as members of the Board of Directors. This represents a real commitment to partnership, and Centegra has everyone's utmost respect for their willingness to serve.

I am aware that there must be a limited amount of healthcare resources, and that not every project can become a reality. This project, however, is an important one for McHenry County residents and is one that I fully support. I would be grateful if your board could give Centegra's application every consideration.

Very truly yours,

Mark H. Beaubien

Ms. Courtney R. Avery, Administrator
Illinois Health Facilities and Services Review Board
525 West Jefferson, 2nd Floor
Springfield, IL 62761

Dear Ms. Avery,

I am writing today to express my support for Centegra Health Systems' application for a new hospital to be built on their existing campus in Huntley, IL.

While statewide the population has grown just 1/2 of 1% since 2000, the population in this part of the state has grown by 24.8%. This growth, which includes many homes in the 55+ housing development Sun City of Huntley, has created a significant need for additional hospital beds to accommodate the needs of residents and workers here.

The Centegra campus in Huntley already includes outpatient and urgent care services as well as a state of the art fitness center on its acreage, and a hospital is a logical next step to complete Centegra's vision of full service health care for this site. In addition, the economic advantages would be a tremendous. The project would create much-needed jobs and tax revenue for the area.

I have personal experience with Centegra Health Systems and have found them to be an outstanding community partner. My personal and professional experiences have led me to believe that Centegra is committed to offering a top-notch hospital in an area of McHenry County that is currently underserved with regard to proximity to hospital services.

Centegra Health Systems is a known leader, and its proven record of excellence combined with its campus location in southern McHenry County makes Centegra of Huntley the prime choice for a hospital to serve the growing communities of Huntley, Lake in The Hills and Algonquin. It is with great respect that I ask the Board to give strong consideration to their application.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael W. Tryon".

FAMILY HEALTH
PARTNERSHIP
CLINIC

1 February 2011

Ms. Courtney R. Avery
Administrator
Illinois Health Facilities and Services Review Board
525 West Jefferson Street, 2nd Floor
Springfield, Illinois 62761

Subject: Project #: 10-090 – Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to you in my capacity as Executive Director of the Family Health Partnership Clinic to support the approval of Centegra Health System's Certificate of Need for a new hospital in Huntley.

The Family Health Partnership Clinic, located in Woodstock, Illinois is a key outpatient service provider for McHenry County's uninsured and underinsured. When our clinic was opened in 1996, there were an estimated 15,000 uninsured residents in the county. Recent census data show that there are now well over 40,000 people living in McHenry County with no health insurance. We have partnered many times with Centegra over the years toward our mutual goal of meeting the healthcare needs of this underserved population. For example, in 2009 we opened our first satellite clinic on the campus of Centegra Hospital-McHenry. The plan for a new hospital in Huntley is just the latest demonstration of Centegra's long-standing commitment to the residents of McHenry County.

I urge the Illinois Health Facilities and Services Review Board to approve the Certificate of Need for this project for several reasons. Centegra Hospital Huntley will, most importantly, benefit our clients by improving access to quality healthcare close to home. It will also assist in moving the Family Health Partnership Clinic closer to achieving our Vision of "assuring that the residents of the McHenry County area enjoy the benefit of full access to high quality healthcare."

Sincerely,

Suzanne Hoban

Re: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms Avery:

I would like to introduce myself, my name is Tom McTavish. I am the President of McHenry County Building Trades Council. We would like you to know that we fully support Centegra's bid to build a new hospital in Huntley. Centegra has provided excellent medical services to the community for many years and has also provided many job opportunities for our members over the years working on Centegra's many different building and construction projects. All of the various Trade Unions and the contractors provide excellent medical insurance for our members and their families and appreciate quality medical services. A new hospital in Huntley to serve that area of the county is needed now and for all future development.

If there is anything this organization can do to help further this along, please contact me.

Sincerely,

Thomas D. McTavish

Dear Ms Avery:

My name is Tom McTavish. I am the Business Manager of IBEW Local 117 here in McHenry County. I would like you to know that Local 117 and it's membership is in 100% support of Centegra's proposed new hospital in Huntley Illinois. With all the new development that has occurred in that part of the county and all future development that is still coming, that new hospital and the services it will provide will be needed. Also it will provide an economic engine for that part of the county for years to come.

If there is anything that Local 117 can do to help give support to move this project along, please do not hesitate to contact me.

Sincerely,

Thomas D. McTavish

I am writing to express our support for the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. Hospital services are needed in the Huntley area and Centegra is the health system best suited to provide these services.

Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care and outreach it provides. It's All About Kids is a local 501(C)3 that financially helps local families that have a child with cancer. Over the years Centegra has, not only, helped us financially but they have referred families to us that we have then been able to help.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090.

As a large employer in McHenry County, we have partnered with Centegra for over a decade. The support and service they provide for our business and the well-being of our employees has been outstanding.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides. Centegra has long been committed to our community through outpatient services and other health services such as worksite wellness. In addition to the health care services Centegra would provide with a new facility, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare that this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Project #10-090, Centegra Hospital - Huntley

Dear Ms. Avery:

We are writing to express our full support of the proposed hospital by Centegra Health Systems in Huntley, IL. (Project #10-090). Hospital services are needed in the Huntley community and we feel Centegra is the health system best suited to provide these services. Centegra's commitment to the entire community is unparalleled and is demonstrated in virtually every aspect of the health services which they provide.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site. In addition to the needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community and the entire county.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and the surrounding areas, we urge the board to approve the application by Centegra Health Systems for a new hospital in Huntley, IL.

Sincerely,
Carey Electric Cont., Inc.

525 West Jefferson, 2nd Floor
Springfield, Illinois 62761

Dear Ms. Avery:

As a McHenry County resident and former mayor of the City of McHenry, please let this letter serve as my enthusiastic support for Project #10-090, Centegra Health System's proposal to bring a new hospital to southern McHenry County.

Huntley and the surrounding communities in southwestern McHenry County comprise one of the fastest growing areas in the County and quite possibly, the entire State of Illinois.

The communities are currently underserved by healthcare facilities. Population growth along the I-90 corridor and particularly in McHenry County makes the Huntley location ideal for all residents and employers. Moreover, a hospital in this location can serve as a catalyst for future economic development of the area.

I respectfully request the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley Project #10-090.

Sincerely,

William J. Busse

Springfield IL 62761

Dear Ms Avery:

As a resident of Lake in Hills, Illinois and a small business owner in McHenry County, I write this letter today expressing my support of Project #10-090 and Centegra Health System's proposal to build a new hospital to southern McHenry County. The combination of affordable housing and a large retail shopping base has made both the Randall Road and Route 47 corridors desirable places for many families to call home. Consequently, the communities of Algonquin, Crystal Lake, Huntley, Lake in the Hills, and Lakewood all have seen incredible population growth over the past 20 years. However, this area is lacking in a quality hospital within close proximity that would offer basic health care facilities.

With the closest hospitals in Elgin, Barrington, McHenry, or Woodstock, residents and emergency personnel endure, at a minimum, 30 minute travel times in order to reach a quality hospital. Many times, these routes will either encompass two-lane highways or pass through the heavily congested Jane Addams Tollway / Randall Road interchange. In an emergency situation, every minute can be precious.

Southern McHenry County, specifically the communities mentioned above are underserved by healthcare facilities, and I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital - Huntley, Project #10-090.

Sincerely,

Timothy Graves
