Since that time Dr. Rauscher has joined and been active Dr. Yeh's ophthalmologic practice, and one new physician just recently joined the practice. Also, Dr. Watson has certified to referral of 280 procedures a year with one hour preparation and surgical time with clean up. There were ample ophthalmologic procedures to support the 2 ORs when the surgicenter was proposed (see attached from previous application), and now there are even more procedures available to be performed at the surgicenter.
