To whom it may concern.

This letter is to let it be known, that the Oak Forest Hospital is one of the hardest working group in all shifts of medical staff. They service a vast amount of people with compassion and with love. So to close Oak Forest Hospital would be a great injustice a great mistake against the community.

Demographics shows a profound fact of the needed service. It would help if you should not even consider or think of closing the hospital. Oak Forest Hospital is a suburban Stroger hospital.

Sincerely

Claude & Fay Watkins
